

NAB WIRETAPPING SWINDLE SUSPECT

Hughes Apologizes to Britain, Claim

G. O. P. RAP CITED BY BOURBON

Democratic National Committee Chairman Issues Statement

COMMENDS SECRETARY FOR 'EXPLANATION'

Lauds Official For 'Realizing Complications Likely to Result'

(By United Press Leased Wire)

WASHINGTON, May 25.—Secretary of State Hughes has apologized to Great Britain and France for the bitter criticism of those nations by the Republican national committee in a recent statement on the allies' attitude toward the American claim for payment of the Rhine army, Cordell Hull, chairman of the Democratic national committee, declared today in a statement.

The Republican national committee statement, which accused the allied powers of being "crooked" and trying to "bilk" the United States out of money due for the American army of occupation on the Rhine, was withdrawn at the demand of Secretary Hughes yesterday.

"The seriousness of this political meddling with foreign affairs and diplomatic negotiations by the liti cal committee is shown by the reports that extracts from the Republican national committee publicly were cabled abroad and further that Secretary Hughes was thereby impelled to instruct our ambassador to send explanations to the foreign governments," Hull declared.

"Secretary Hughes is to be commended for realizing the complications likely to result from this policy as applied to the present administration and for making proper representations amounting to an apology to the foreign governments."

Hughes promptly denied Hull's statement. He said he had made no apologies to anybody.

Wild West Adventures End for Truant Youths

SAN DIEGO, Calif., May 25.—The wild west adventures of Forester Rydgen, 10, and Fred Powell, 13, who said they ran away from Miramar Military academy at Venice and hiked to Tia Juana, were at an end today, at Oceanside, 45 miles north of here. They walked all but about 50 miles, they claim. They met 16-year-old Neven Moberley, who was with them by the inland route. A house was robbed at San Marcos, and officers took the boys to Oceanside, where the two youngsters are said to blame the crime on Moberley, who is to have a hearing in justice court there today.

Mystery Wound Fatal To Rich Seattle Man

BAKERSFIELD, Calif., May 25.—MacGruder Beall, wealthy Seattle citizen, died at Bakersfield last night from wounds received in a shooting "scrape" last Sunday. W. E. Raymond, of Los Angeles, a mining engineer who was with Beall at the time, is being held in connection with the case, which is surrounded by considerable mystery. Both men have refused to talk.

American Troops Not To Oppose Bandit Gang

WASHINGTON, May 25.—The war department will not at this time send American troops from Manila to China for use against the Shantung bandits, acting Secretary of War Davis said today.

Tot Shipped On Liner from France To San Diego

(United Press Leased Wire) NEW YORK, May 25.—A day out from Cherbourg, Reine Inizen, 6 years old, was found sitting under a lifeboat on the Muretania crying. He had a label tied to him which read: "Mrs. Jeanne Gilderberg, San Diego, Calif."

HART SILENT AS GIRL IN CONFESSION

'Good Bad Man' of Screen Has Nothing to Tell Reporters Until Attorney Returns.

LOS ANGELES, May 25.—William S. Hart, "good bad man" of the films, refused to comment today on the reported confession of Miss Elizabeth McCauley, of Boston, that the baby of which she claimed she was the mother and he the father was in reality a child she had borrowed. Hart sent word to interviewers that his attorney was not in the city today, but that he would issue a statement as soon as he returned, probably tomorrow.

Hart denied parentage of the child, as records of a conference between the woman, District Attorney Woolwine and himself in 1917 show. When the charges were made public some weeks ago he again vehemently denied them.

CRACK COLLEGE ATHLETES IN TITLE MEET

(By United Press Leased Wire) FRANKLIN FIELD, PHILADELPHIA, May 25.—Under a sun that beamed down with the intensity of mid-July, the star athletes of 31 major universities set out this afternoon for inter-collegiate track and field championships.

The afternoon program was hardly under way when the record for the javelin throw was broken twice with the first two tosses in the event.

As the "opener" of the meet, Neufeld, California, jogged to the line and hurled the javelin 187 feet. Before the crowd had recovered from its amazement, Storrs, the Yale star, went better with a hurl of 193 feet four inches. These records were announced unofficially from the field and they will stand as marks for the final. The former record, made last year at Harvard by George Brondor of Pennsylvania, was 185 feet 8 5/8 inches.

Auto Crashes Through House as Family Dines

PORTLAND, Ore., May 25.—Members of the C. F. Miller family were repairing the living room of their residence here today and trusting that future callers won't drive their machines right into the house.

While the family was enjoying a quiet evening at home last night, an unattended automobile crashed through the wall and entered the room which Miller, his wife, two children and the children's dog was occupying.

WOMAN, MAN WAR IN LAND CASE

L. A. SHERIFF AIDE GIVEN DISMISSAL

Deputy Manning Ousted By Service Board After Hearing

(By United Press Leased Wire) LOS ANGELES, May 25.—Deputy Sheriff A. L. Manning, formerly head of the bureau of criminal investigation, was dismissed from office today by the civil service commission following a hearing of the attempted bribery charges preferred against him by Sheriff Traeger.

Manning was charged with offering Jailer Mark Bailey \$500 to destroy the finger prints of Herbert Wilson, convicted murderer, and with accepting money from Wilson, and other irregularities during his term of office. Traeger presented his case yesterday.

The first witness for the defense called today was Superior Judge W. C. Doran, summoned by the defense as a character witness. His testimony proved something of a boomerang.

Judge Doran said Manning "had two reputations, one good and the other bad." He refused to state his personal opinion of Manning's honesty.

He also brought out hitherto unknown features regarding the Joe Furay bunco case. Former Deputy Sheriffs Lips and Anderson, now serving San Quentin terms, were charged with receiving \$10,000 from Furay to allow him to escape.

Manning detailed the two men to the case, Judge Doran said. He also said that the money, according to the evidence, was to have been split three ways, the two deputies getting a third each, the remaining third to go to "an unknown person."

Judge Doran said, however, that this was nothing against Manning, which to base criminal prosecution.

Final Formalities On Premiership Up

LONDON, May 25.—King George returned from Aldershot today and immediately convened a privy council, dealing with final formalities in connection with appointment of the cabinet of Premier Stanley Baldwin.

Names of the new cabinet members were expected to be made public before night. Sir Robert Horne was reported to be still undecided whether to accept the portfolio of chancellor of the exchequer.

Lord Robert Cecil, who became known to thousands of Americans during his recent speaking tour of the United States, is a member of the cabinet, having accepted the appointment as chancellor of the Duchy of Lancaster.

The other posts are filled by the same men who held them in the ministry of Bonar Law.

Fights Mate's Claim He Has No Children

LOS ANGELES, May 25.—In a divorce suit on file here today, Irving J. Johnson asserts that he has no children. His wife, Mrs. Alta Blanche Johnson, thinks differently and offers a little girl and a birth certificate showing that she was born to her at Venice, Calif., March 9, 1920, as evidence to the contrary.

Unearth Evidence That Llama Once Cal. Animal

(By United Press Leased Wire) BERKELEY, Calif., May 25.—First evidences that the South American llama once lived in California have been unearthed in the vicinity of Bakersfield by Professor Chester Stock of the department of Paleontology, University of California.

Professor Stock has in his possession a number of shank bones and skulls which he claims once did the heavy walking and thinking for the animal now popular in South American transportation circles.

The departure of the llama from California is comparatively recent, only 25,000 or 50,000 years, in fact, Professor Stock said.

CHILD PLAYS WITH MATCH, STARTS FIRE

Blaze at Garfield Street House Results in Damage to Clothes Estimated at \$500.

A child playing with matches caused a fire today in the home of Eloy Lucero, 212 Garfield street, which resulted in damage estimated at \$500, according to Fire Chief John Luxembourg.

The child was in the clothes closet of the home and struck a match which ignited garments hanging in the closet.

Members of the Santa Ana fire department responded to the alarm turned in at 11 a. m. The blaze was confined to the clothes closet, and other than the clothes destroyed and damage to adjoining woodwork the house was unscathed, the fire chief said.

"30" BULLETIN

LONDON, May 25.—Stanley Baldwin, new British premier, will fill the post of chancellor of the exchequer as well. Official announcement to this effect was issued this evening. Lord Robert Cecil was appointed chancellor of the privy seal.

CHICAGO, May 25.—Ross Nichols and Charlie Blackmore, star Huntington Beach (Cal.) high school track athletes, this afternoon romped through their heats in the 12 yard hurdles for easy victories at the preliminaries for the National Intercollegiate meet tomorrow. Pollack, Nebraska, was second in his heat in the 100 yard dash.

PARIS, May 25.—Shouting "I came to assassinate the editor," Georges Taupin, prominent anarchist, emptied his revolver into the ceiling of the editorial room of the Action Francaise today. Taupin was immediately arrested. Charles Maurras, editor of the Action Francaise, had been forewarned and had refused to admit the anarchist to his private office.

LOS ANGELES, May 25.—Richard Walton Tully, playwright who was charged with driving an automobile while drunk, was exonerated today when the complaint against him was dismissed on motion of the district attorneys office.

CHICAGO, May 25.—Robert M. LaFollette, United States senator from Wisconsin, was elected permanent chairman of the "Progressive bloc" railroad valuation conference here today.

Cross-Country Pilots Off On Return Flight

SAN DIEGO, Calif., May 25.—The T-2 soared away over San Diego at 8:48 a. m. today for El Paso, on the first leg of its flight to Washington, D. C.

Lieutenants Oakley Kelly and John A. MacReady, pilots who have smashed nearly every known air record in the big monoplane, were in the cabin and waved farewell to a group of friends that included the bride and parents of the latter flyer.

TAPPING OF RESERVOIR CHARGED

Wife of Postal Inspector, Armed With Gun, Keeps Watch Over Pipe

The story of a lone woman, fighting for the possession of land and what she claims are her associate rights thereon—a battle which was in progress in the depths of unfrequented Santiago canyon near Modjeska's home—was being unraveled here today.

Involved in it, according to reports which reached the sheriff's office, were Virginia Lee Cookson, wife of Walter M. Cookson, chief postal inspector at Los Angeles, and Charles S. Mann, owner of the Modjeska property.

According to Mann, Mrs. Cookson, who owns property below Modjeska's home, began the trouble when she tapped a reservoir on his property, and ran a two inch pipe through his property to her own.

This pipe, running along the benches and ravines, is upheld by barbed wire, according to a deputy from the sheriff's office, who was called by Mann.

Mann has tried to remove the pipe, he claims, but he found stubborn resistance.

Yesterday Mann asked Jernigan to send a man to eject her. The deputy found her, sitting on a board placed on a length of the suspended pipe. Her feet were not touching the ground.

"Elect me if you dare," she was said to have taunted Mann. "I'm on my own property—not on yours, and I'll stay here until the oranges turn to snowballs. Put that in your pipe and smoke it."

And, smiling provokingly, the deputy said, she refused to move from her place of vantage. Beside her was a shotgun.

She admitted, it was said, that she slept alone on the property, and had been there for several weeks.

The deputy refused to act without a warrant, and Mann promised to secure that document late today. He said that he would prosecute Mrs. Cookson for trespass.

Incidentally, Mrs. Cookson and her husband were defendants in a \$10,000 damage suit filed in superior court today.

The complainant was Wallace C. Miller, a former employee of the Cooksons on their Modjeska property.

According to the complaint, about two years ago, Mrs. Cookson was installing a radio outfit in her home in the canyon.

A wave plug was necessary, and Mrs. Cookson despatched Miller to a shed to get it, he claimed.

He secured a plug similar in appearance to the wave plug desired, but it proved to be too large.

When he attempted to grind away a portion of it on an emery wheel, it exploded, and it was later discovered that what he had mistaken for a radio plug had been a nitro-glycerine cap.

BULLETINS OF LIONS

Dr. Elliott H. Rowland, past president of the Santa Ana club, was complimented by Southern California Lions today when he was elected chairman of the Presidents and Secretaries' association of Group two, of the fourth district. The group is formed of clubs south of Tulare county. Bert Leslie, Whittier, was chosen vice chairman, and Jack Riley, of Los Angeles, secretary. The group meeting was held at the American Legion home, immediately after adjournment of the convention for noon.

A box luncheon at Birch park at noon was highly enjoyed. The luncheon was served by the Ebell club women. Club singing, community singing and various stunts were presented. The Berkeley Lions orchestra, which was on the program last night, played. Community singing was led by B. F. Babcock, Sacramento. Jack Heffernan Berkeley, sang "The Sheik."

Long Beach brought an organ grinder and monkey into play to boost Walter Warmbold of that city for district governor. The stunt was cleverly put on by two men from Long Beach.

The clubs of Brea and San Diego were to the front with club songs and activity. Yells also added to the fun of the noon hour.

A meeting of delegates from the south was scheduled for late this afternoon for a conference on candidates for district governor. One of the delegates suggested that the conference be held for a straw vote on the candidates, so that in case it developed that one of the men running for the office had a strong following, the south may get solidly behind the man and avoid a contest on the floor of the convention.

A group picture of delegates and visitors was taken at the park just before the park program was completed.

The dens at Santa Ana, Orange, Garden Grove and Pomona were given a big hand when it was revealed that these were the only clubs in the number represented who had eight 100 per cent attendance meetings during the international attendance contest. District Governor Riley, Dr. Elliott H. Rowland, the latter of this city, and others declared.

ed the contest rules laid down by the international, were not correct in their basis for judging attendance.

The delegation from Sparks, Nev., was credited with having come the longest distance to attend the convention. Incidentally, one of the delegates asked for credit for the fact that the party arrived here after passing through Tia Juana.

Roy Henderson, Berkeley, chairman of the committee on stunts for the international convention at Atlantic City, N. J., urged each club to suggest something for a stunt, and to forward to the committee literature, oranges or anything that would be of value in boosting the individual city or the states of California and Nevada. An assessment of \$10 per club to defray the expenses of the committee in preparation of the stunt was voted at the meeting of the Officers' association last night, he announced.

With a member of the Sacramento club revealing that the club had developed a chart for entertainment programs at weekly meetings of the club, the convention chairman was authorized to appoint a committee of Sacramento men to prepare a chart that could be used by other clubs, with each club to be charged with its proportion of the expenses of preparation and forwarding.

A San Diego delegation of approximately seventy-five, including a band, took the convention by storm when it marched into the convention room just before adjournment for the noon recess. The marching Lions entered the hall singing a song local to San Diego and at its conclusion took up one written for Santa Ana. The words are as follows:

In Santa Ana—The Lions surely roar,
In Santa Ana—They know just how to score;
In Santa Ana—You will be treated fine;
In Santa Ana—You'll have a DARN GOOD TIME;
In Santa Ana—They make you feel while here,
In Santa Ana—The Lions have nothing to fear.
So Hail! Hail! Now that the gang is here,
In good old Santa Ana Town.

Two Sisters Fight Brother in Will Row

Accusing their brother, Harry D. Bladen, of unduly influencing his mother against them, Goldie MacGregor and Wilma Bladen Young today brought suit to contest the will of the late Vada Bladen.

The will, which was filed for probate last \$10 each to the daughters, \$500 to be divided among brothers and sisters of the deceased, and the remainder, amounting to several thousand dollars, to the son.

RAILROAD MEN ASK WAR TIME WAGES

(By United Press Leased Wire) CHICAGO, May 25.—Fifteen thousand members of the Brotherhood of Railway Signal Men have asked seventy-five cents to restore the former's wartime wages, D. W. Holt, president of the union, announced today.

The increase of 12 to 13 cents an hour asked would cost the roads \$4,500,000. The plea is based on "increased cost of living," and is made direct to rail executives.

CHICAGO, May 25.—American railroads are prepared to demand a valuation increase that would add \$1,500,000,000 annually to the cost of living, leaders in Senator Robert M. LaFollette's national "progressive bloc" conference for lower valuation declared today.

Arrival of LaFollette, Mayor John F. Hyland, New York, and others whose names have been linked with a proposed insurgent political movement, was a signal for reports that "medicine will be mixed" at the two-day session, which began today, for a coalition of LaFollette and William Randolph Hearst followers, and some labor leaders into a third party for 1924.

WASHINGTON, May 25.—Both Republican and Democratic parties have "observers" keeping a sharp eye on the LaFollette progressive railroad conference which opened in Chicago today.

Forewarned that the conference was likely to be the genesis of a third party movement, the two old parties sent competent scouts to report:

1—Who went to the conference.
2—Who stayed away from it.
Early arrival of Mayor Hyland of New York and the prospect of a Hearst-LaFollette coalition in 1924 in an insurgent movement, directed at both the Republican and Democratic organizations, confirmed political observers here in the belief they have held all along, that LaFollette's conference is primarily a third party preliminary.

BUNKOMEN IN \$3000 CLEANUP

Quick Thinking by Chief of Telegraph Office Traps Accused

PRISONER ONE OF BIG GANG, SAYS MARSHAL

Expert Operators 'Work' Clever Scheme by 'Listening In,' Claim

Believed by Santa Ana police to be the ringleader of a gang of expert wiretappers, which, during the past two months, has successfully "worked" more than a dozen telegraph offices in Southern California and by clever duplicity stolen more than \$3000, a man who said his name was Frank W. Webe today was held in the Orange county jail while Long Beach, Glendale and Los Angeles persons were en route here to attempt to identify him.

Webe was arrested by City Marshal Claude Rogers at the local office of the Western Union, 404 North Sycamore street, where Webe was attempting to collect \$150 which, he told Manager F. E. Warner, had been sent him by his sister from Scranton, Pa. Webe said the money was to have been sent to Glendale but on his order it was rerouted to Santa Ana.

Manager Suspicious Warner, suspicious of the man's inability to answer certain questions which are customarily asked recipients of money by wire, and "tipped off" by the Glendale Western Union office that a Fred V. Webb, a well known resident of that city, who was expecting money from his sister at Scranton, had not ordered the cash sent to Santa Ana, called Rogers and had the man jailed on suspicion.

Similar operations have been worked on many telegraph offices in the South, according to Rogers, by the gang, composed of expert telegraph operators, who intercepted messages concerning money and then, when calling at the office, would claim to be the party to whom the money was addressed. By having "listened in" on the messages they were able to answer questions at the telegraph offices intelligently, Rogers said.

"The Glendale office became suspicious," Warner said, "when a man called them by telephone, said he was Webe, and instructed the office to forward his sum of money from Scranton, Pa., to Santa Ana. The real Webe is employed by a Glendale electrical concern and the manager knew him personally. He got in touch with him, found the telephone message was false and then warned me to be on the watch."

Warner said Webe telephoned the office here while he was getting this warning over the wire from Glendale. He first gave his name as Frank Webe, then as Webb. The Glendale man's name is Fred Webb.

While Webe's description does not fit that of a man who "worked" the Anaheim Western Union office for \$150 a few weeks ago by a similar scheme, it is said to tally with a description of the person who victimized the Long Beach and other offices.

Watches Assailant Dig Grave for Him

LOS ANGELES, May 25.—Shot three times and lying on a pile of brush watching the digging of a grave in which he was to be placed still alive, Alex McCoskey, laborer at a Ridge Route camp, summoned strength enough to crawl a quarter of a mile and summon aid from his comrades, averting the ghastly fate planned for him.

McCoskey charged Edward Converse, salesman, with shooting him and planning his burial following a dispute over a team of horses. Converse was arrested when found hiding in a clump of bushes in Soledad canyon by officers who rushed to the scene.

Employees to Benefit from Lett's Estate

LOS ANGELES, May 25.—One-tenth of the estate of Arthur Lett, deceased department store owner, will be devoted to employ benefits and to general charitable purposes, executors announced today. The estate is valued at upward of \$15,000,000.

A new disease, called "cigarette rash," has broken out in Havana.

Falling out of trains in England causes an average of about 30 accidents a year.

Coalinga Man Named Head of Cal. Eagles

BAKERSFIELD, Calif., May 25.—At the final session of the annual convention of the state aeris of the Fraternal Order of Eagles here, H. Clyde Williams of Coalinga was elected president. John A. Kelley of San Francisco, vice president, and Gustav Postman of San Francisco, secretary.

Cypress tree in Louisiana is said to be 2500 years old.

It took 13 years to construct the Suez canal.

DESERTIONS IN NAVY LAID TO OFFICERS

WASHINGTON, May 25.—Responsibility for the alarming desertion rate in the navy was laid at the door of the naval officers by Captain R. H. Leigh, U. S. N., in an official statement issued today by the navy department.

After presenting statistics to show that since 1916, 93,717 men had deserted or were discharged without honor, Captain Leigh made a sharp attack upon training method at the naval academy.

"In my opinion," Captain Leigh declared, "lack of training for midshipmen in handling men is responsible for a large part of avoidable defections."

In "Class Below"

"The midshipmen go into the service with the idea that an enlisted man is in a class below the 'plebe' and generally treat them accordingly."

He advocated a thorough course in personal management for all naval cadets and a keener appreciation of the human element in training schedules.

Captain Leigh reviewed the cause of desertions as a result of a questionnaire sent to officers, declared, "It is significant and of deep concern to note that 54 per cent of the officers place the blame upon officers and chief petty officers."

Prepare Course.

"The bureau of navigation," he continued, "is engaged in preparation of a course of study which will present the modern theories of this subject."

During the last eight years out of a total of 442,615 discharges, 35,049 enlisted men deserted, 19,155 were discharged, 15,826 got dishonorable discharges and 23,687 were discharged as undesirable, Captain Leigh said.

First passenger elevator was put into use in 1873.

Mrs. Leeds Ready to 'Fight Like Tiger'

(Copyright 1923, by United Press)

NEW YORK, May 25.—Florence Leeds, who is in seclusion in a city other than New York, declared today that she had communicated directly with Mrs. Anne Stillman for the first time since the latter's banker-husband sued for divorce, and, replying to Mrs. Stillman's offer of aid, has written:

"I think your offer is wonderful, but I can take care of my little Jay myself. You know how a mother feels."

Upon being informed that Mrs. Stillman, in an interview at Grand Central, had advised her to "fight like a tiger" in her contemplated action against Stillman, she said:

"That is just what I am going to do. I am going to fight for my boy until I have won."

SAHARA SANDS LITTLE PART OF DESERT

WASHINGTON, D. C., May 24.—Passage recently of a fleet of specially constructed automobiles across the Sahara desert from the Mediterranean to the once mysterious city of Timbuktu, in less than a month—one-third the time required by camel caravans—serves to emphasize how little is known of this vast region, whose name is familiar to every school child. In a bulletin from its Washington, D. C., headquarters, the National Geographic society points out some of the "Sahara fallacies."

"The trouble with popular knowledge about the Sahara," says the bulletin, "is, to paraphrase, that we know so much that isn't so."

Not a 'Sea of Sand'

"Everyone 'knows' that it is a 'sea of sand,' for example, when as a matter of fact it is predominantly a land of rocky plateaus and mountains, with sand plentiful enough, but playing a minor role."

We know that it is tremendously hot; but we often forget that it is also tremendously cold after the sun goes down.

"We know that the whole region is 'bone dry,' when in reality the mountains of the interior receive considerable rain and are even said by some travelers to be capped with snow during a part of the year; and area after area is being shown to have water available from artesian reservoirs in the earth below. When the soil is given water it yields most satisfactorily as the oases with their springs, which are natural artesian wells, have proved for ages."

"There are good enough reasons for the prevalent misconceptions and the general lack of knowledge about the Sahara. It was known first from its northeastern corner, where it stretches westward from the Nile; and there it is in truth a 'sea of sand.' The vast billowy, shifting dunes of the Libyan Desert, then, inspired a striking word picture, which came to be applied by the world to the whole Sahara. The fact that a band of sand dunes also extends pretty much along the entire northern edge of the great desert for a hundred or more miles inland from the Mediterranean coast, furnished further circumstantial evidence to convict the Sahara of being a 'sea of sand.'"

Fanatics Discouraged Exploration

"The desolate sand dunes were enough in themselves to discourage most would-be travelers who might have found the truth to the south. Add to this the people who came out of the sands were fierce, fanatical warriors who early established reputations for massacring strangers first and wondering about their errands afterwards, and it is small wonder that the European world went on century after century without knowing anything about the Sahara."

"Behind the bulwarks of sand that stretch in a semi-circle from the Nile south of the Mediterranean, below the Atlas mountains and to the Atlantic, lies the real, and until recently unknown Sahara. Recent estimates are that loose sands make up between only one-tenth and one-ninth the area of the Sahara. South of Algeria the northern sands give way to rising, rocky ground, which leads to an extensive plateau of massive rock, pebbles and boulders, and finally 900 miles from the coast are crags of the Hoggar mountains, 8000 to 9000 feet high."

10,000 Foot Mountains

"This roof-peak of the Sahara is almost exactly midway between the Mediterranean and the Gulf of Guinea, and not far from the halfway point between the Nile and the Atlantic. From it plateaus slope in every direction; but to the southeast the descent is only temporary, for farther in that direction lie other ranges, culminating in the Tibestis with a peak of 10,600 feet high. It is the highland portions of the Sahara, regions strikingly different from the sand dune sections, that are the homes of the fierce, veiled Tuaregs, believed to be descendants of the pre-Arab peoples. They have constantly preyed on the camel caravans that Arabs and Jews have sent periodically across the desert."

"The French, since their political entry into northern Africa at Algiers in 1830, have extended their control farther and farther."

Money of No Value

"Life had no pleasures for me. Although I had plenty of money it was of no value, as my stomach almost constantly distressed me. I lost faith in all doctors and medicine. Talking with my druggist about my case he advised me to try Mayr's Wonderful Remedy. I am now enjoying life again." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists.—Adv.

PLANS LABOR CONFERENCE IN 1924

GENEVA, May 24.—The annual International Labor conference, provided for under the treaty of Versailles, and which is participated in by all the leading countries of the world, will hereafter be held in Geneva in May, instead of October.

This change was decided on because the labor conference, following so closely the annual assembly of the League of Nations, loses much of its importance.

However, as the Versailles treaty provided specifically that the conference must meet once a year, the board of governors decided to hold on October 22 a brief perfunctory conference with only one item on the agenda, and then to start off the big annual conference in May of 1924.

The conference this year will merely consider the one question of general principles of labor inspection.

With the big 1924 conference in May, however, it is expected that a new era will open in the history of the International Labor conference and the American Federation of Labor and the Chamber of Commerce of the United States, representing the American employers.

This much has already been promised as a result of Albert Thomas' recent trip to the United States. In the meantime active efforts are being made to secure at least the unofficial participation of the United States government as well.

As Germany and the other ex-enemy countries are already members of the International Labor conference, this full participation of the American government, the American Federation of Labor and the American Chambers of Commerce would make the Labor bureau and conference the most nearly complete international organization in the world. Russia would be the only large country not participating.

The Chamber of Commerce of the United States feels that every step taken to improve the condition of the foreign workman and to increase his standard of living serves to reduce for America the question of cheap foreign labor competition. In this point of view, the American Federation of Labor is in accord with the American employers.

FULL LIBERTY FOR MOVIES URGED

CHICAGO, Ill., May 24.—The view of the moving picture theater as the open forum of the American community was presented to the theater owners today in a rather elaborate address by M. J. O'Toole, director of the public service department of the organization.

Mr. O'Toole pictured the motion picture as the rival of the press in the molding of public opinion and the dissemination of propaganda. Because of this fact he pointed out that the theater must remain as free from legislation that would curtail its usefulness, as the press is.

Owner Like Editor

"That paragraph in the declaration of independence," he said, "which declared that a free press was the greatest bulwark of liberty should now include the motion picture theater as well."

"Censorship by any set of people other than the general opinion of the people as a whole," he continued, "should be decidedly limited if not entirely eliminated because of this fact."

"Certain producing and distributing elements are now endeavoring to control the industry and to eliminate the independent theater owners. They know that when the public appreciates the real importance of the motion picture theater as a community center, and that as a theater owner as a leader like the editor of a home newspaper, that no centralized control of the business will be permitted."

Music Advocates

America as the clearing house for the music of the world was prophesied by Dr. Rush Rhees, president of the University of Rochester, who, together with George Eastman of the same city, addressed the delegates on the subject of the silver screen had on music. Dr. Rhees pointed out that Europe has exhausted its musical genius and that its failure was America's opportunity.

He recommended that America subsidize its young talent and thus become the cradle of future musical movements.

Other speakers of the day were Bruce Dobson of Kansas City and Hon. Homer P. Snyder of Utica, N. Y., United States congressman.

L. A. Doctor Victim of Drowning, Hint

CHICAGO, May 25.—The body of an unidentified man was taken from Lake Michigan here today.

A card bearing the name of Dr. T. E. Sells of Los Angeles was found in the man's pocket. The body has been in the lake about five months, police believe.

into the desert, establishing posts in the principal oases. They have never satisfactorily gotten the central plateau region in hand, however. The recent successful automobile expedition across sand, rocks and mountains is looked upon as an important step in opening up this key region to the great desert and to the control of its important north-south caravan routes.

Mule Team Drags Man Half Mile Over Field

LOS ANGELES, May 25.—After a team of mules dragged him more than a half mile over barbed wire fences and across ditches at a dairy farm near here, Andrew Rizzo, 22, dairy man, was in a local hospital today recovering from dozens of lacerations on his body.

FIND NEW USES FOR CALIF. PEAR CULLS

BERKELEY, May 25.—New pear products of possible value in solving the problem of the disposal of cull pears are described in circular No. 259, entitled "Pear By-Products," just issued by the University of California agricultural experiment station. These products are pear spread, pear vinegar, pear candy and pear syrup.

One hundred and forty thousand tons of pears are now produced annually in California, of which 15,000 tons are culls.

The fruit products laboratory of the University of California is working on the problem of finding new methods of disposing of pear culls. Circular No. 259, by J. H. Irish of this laboratory, describes some of the results attained to date.

An especially promising product is the "pear spread" which is so-called in preference to "pear butter" because of its superior quality over the old-fashioned fruit butters. Careful directions are included in the circular for making pear spread, as well as for making pear vinegar, syrup and candy.

Average person's lungs contains 76,000,000 air cells.

BACK EAST ROUND TRIP EXCURSIONS

VIA SOUTHERN PACIFIC

Daily from May 15th until September 15th. Final return limit October 31st. Stop overs in both directions.

O.M. ROBBINS & SON INSURANCE

we have suits!

—we like to show them
—we like to sell them

It's so easy to sell our suits. We don't have to lay awake nights thinking up high powered arguments to coax your dollars into our till. We did our hard thinking when we BOUGHT them, choosing each model separately with an eye to the impression it would make on you.

So, when we bought Whipcord Suits with little stripes in the fabric, in belted and plain models, we knew we were going to enjoy showing them and selling them so moderately:

\$40, \$42.50 and \$45

New English Broadcloth Shirts at \$4.50

Whatever kind of shirts you already own, you will enjoy owning and wearing one of these exclusive English Broadcloth shirts in blue, gray and tan, collar to match.

Performance

When it comes to performance, Packards are high-powered oxfords. High-powered in the sense that they give a little more than just ordinary satisfaction. They make friends and boosters out of you; men buy them year in and year out and bring their friends with them. There's a reason.

WHITE PACKARDS \$7.50 and \$8.50

The "Savoy" is a wonder. It comes in fine white renskin cloth at \$7.50—or in white buck with white ivory soles and rubber heels at \$8.50.

THE "ESSEX" AT \$9.50

Made of finest brown calfskin, plain toe, sole and heel of pure gum rubber (non-skid). See the picture in the upper left-hand corner of this ad.

BOY, 6, HERO IN FEET OPERATION

CHICAGO, May 24.—Jimmy Ma-
lin, 6, of Tiptonville, Tenn., lay in
a hospital cot today and pluckily
prayed for the Lord to "come on
down here" and aid science in giv-
ing him feet like other boys. Call-
ing Jimmy volunteered to undergo
an operation by a surgeon who in
a series of experiments on ani-
mals, perfected a method of
straightening "club feet." He hob-
bled off the train here with a tag
around his neck addressed to St.
Luke's hospital.

The operation was declared a
success. Jimmy's feet will be
straight and he will walk, play ball
and grow into a physically normal
man.

"Lord come on down here and
help these doctors make me well,"
Jimmy murmured as he went un-
der the ether.

"Come down here and make me
well," he prayed today as nurses,
doctors and visitors heaped caresses
and playthings upon him.

"I ain't aimin' to ask you for
anything else."

Jimmy is the hero of St. Luke's
surgeons. Besides getting a
pair of feet himself, he has opened
the way for a thousand other chil-
dren to obtain straight feet.

ARDENT CHEESE IS FINALLY UNLOADED

SAN FRANCISCO, May 22.—
Daring apophysisation from high-
powered fumes, a gang of stevedores,
yesterday removed from the hold
of the freighter Dix, a cargo of
Limburger, Roquefort Gorgonzola
and Edam cheese. Some of the
cheese came ashore under its own
power.

As the boat entered the Golden
Gate, goats that have lived on
Telegraph Hill for years, fled to-
ward Twin Peaks.

The problem of getting steve-
dors to take off the cargo devel-
oped at the dock. Several World
War veterans volunteered on con-
dition that they be supplied with
gas masks. When the hatches
were taken off a wave of cheese
harmonics shot forth with a vigor
that swayed pine trees in the
Rocky mountains.

The Limburger and Roquefort
were in steel containers like am-
munition carriers. One Edam
cheese grew violent off shore and
had to be chained to a winch.
Eight cases of Gorgonzola were
discovered unconscious, lying over
a package of Limburger.

The cheese fought extradition
every inch of the way, according
to the crew, and smelled so loudly
at night that no one aboard slept
a wink.

Occupation of Constantinople
between April, 1919, and March,
1923, cost England \$100,000,000.
Single pair of rabbits can have
a million descendants in four
years.

daily at The Register's con-
certs furnished by Carl G.
Strook. The excellent piano
and an Edison phonograph were
also furnished by Mr. Strook.

NEWS BRIEFS

One of the carpenters who so
kindly assisted last Saturday, in
putting up the frame of the
widow's house, 1135 South Garnsey
street, left his square on the job.
He will find it at Mr. H. G. Mc-
Millen's place, 1033 South Flower
street. The widow wants to thank
those men, both union and non-
union, who gave their time so glad-
ly, who helped one who needed it.

The City Federation of Parent-
Teacher associations will hold the
last meeting of the year in the
Church of the Messiah at Bush and
Seventh streets, Thursday, May 31,
at 7:45 p. m. Miss Isabel Ander-
son, of the high school and junior
college faculties, will speak on the
subject, "Mirrored Citizenship." Im-
portant business of the federation
will be transacted. Parents and
teachers are urged to attend.

Nominations for Girls' League of-
ficers for next semester were made
in the nominating convention in the
high school auditorium yesterday af-
ternoon, as follows: President,
Virginia Thatcher; vice president,
Wilma Silver and Jane Griffiths;
secretary, Lizetta Phillips; treas-
urer, Josephine Crookshank; rep-
resentative, Virginia Stewart; Alice Richards
and Annie Tarver; Generator re-
porter, Lorene Porter; parliament-
arian, Ethel Smallwood; Elizabeth
Miller and Gertrude Scheffer. Final
elections will be held next week.

A. E. Stevens, well known local
automobile mechanic, returned to-
day to the mining property of the
Silver Dome Mining company, in
which a large number of local
persons are interested. Stevens
has been with the company for the
past two months, in charge
of the installation of the power
plant. Stevens says the com-
pany probably will be shipping ore
within the next two months.
The ore averages \$64 in silver,
gold and copper, according to
Stevens.

Mrs. Sophie Urquhart today was
enroute for her residence at Reno,
Nev. after having spent a two
weeks vacation here with her
cousin, Mrs. M. Nisson, 2500
North Main street.

Wild Adamson, Walter Thomp-
son, Eugene Griset, and T. P. Mc-
Keel, community secretary, will be
representatives of the Santa Ana
Y. M. C. A. at the Boy's work
leaders and secretaries confer-
ence of Southern California asso-
ciations at Santa Monica tomor-
row and Sunday. It was announced
today. National leaders and
notable men in "Y" activities
will be among the speakers.

Election of a board of control
for credited breeders and hatch-
ers of the Seven Southern Coun-
ties Poultry association will be
the business before poultrymen meet-
ing at the farm bureau office here
today. Edwin F. Whedon, secre-
tary manager of the Orange coun-
ty farm bureau, said: "Accredited
breeders and hatchers is a great
means to poultrymen. It is great
means that standards will be set
as in other industries with conse-
quent benefit to producer and con-
sumer."

The tens of thousands of former
Missourians of the Southland and
all visitors from the Hawthorn
state, are called to meet for their
fourth annual May picnic and re-
union at Bixby park, Long Beach,
tomorrow. The reunions of former
years held at Bixby park have
proven occasions of the most enjoy-
able kind, and the coming gather-
ing promises to exceed them all in
that respect, it was stated. In ad-
dition to the usual county registra-
tion, free coffee to badge wearers,
souvenir badges and picnic din-
ners, splendid program with mus-
ical features, calling the roll of the
counties, etc., there will be other
social features.

FINDS LOST DAUGHTER.

OMAHA, Neb., May 25.—After a
seemingly fruitless search of more
than fourteen years for his daugh-
ter, Pearl, Charles Vance, of Sioux
City, Iowa, contractor, was aware
when he found the girl living
with her mother and stepfather,
Mr. and Mrs. L. Buchanan of Grand
Island. The missing girl was found
at a school picnic.

Vance was divorced from his
former wife when the child was
two years of age and shortly after-
ward placed her in care of an in-
stitution from which she was
adopted by a family who took her
to Salt Lake City. Utah. They
were, however, persuaded by the
girl's mother, then remarried, to
leave the girl with her at Grand
Island. The Sioux City contractor
conducted his search throughout
the middle-west.

Vance will file suit in an attempt
to regain custody of the girl.

MAY GET INDUSTRIES

FREDERICKTON, N. B., May 25.
Representatives of European
capitalists were in conference with
Premier P. J. Venet recently with
the idea of finding locations for
the establishing of pulp and
paper industries, as a result of re-
cent announcements of the possi-
ble early development of the Grand
Falls on the St. John river by the
province of New Brunswick.

REDS FLOCK TO SCENE OF BIG RUHR RIOT

BERLIN, May 25.—Hordes of
Communists from the interior of
Germany are slipping through the
French lines and entering Gelsen-
kirchen in large numbers, accord-
ing to dispatches from that city
today.

The Communists still control
parts of the town. They hold the
police station, partly burned, and
their armed guards are to be seen
in other strategic positions, ready
and eager for more fighting. The
municipal authorities, last night,
advised, and are engaged in a
parley with the "reds" to deter-
mine whether a joint police force,
representing all factions, may be
formed.

Gorman and Russian commu-
nists are reported to have met at
Bochum in the Ruhr valley sev-
eral days ago and to have planned
adopted unanimously at the annual
meeting of the American Iron and
Steel Institute here today.

The report, submitted by Judge
Elbert H. Gary, as chairman of a
special investigating committee,
suggested by President Harding,
declared a 15 per cent increase in
prices would follow adoption of a
shorter day.

The increased cost must be hand-
led down to the consumers, Judge
Gary pointed out, if the eight hour
day is followed.

Judge Gary in his address said
that the world's general economic
and political outlook is good, since
constructive forces are everywhere
at work.

From a recent two months tour
of the Mediterranean countries he
returned with two definite con-
victions: That the masses of people
of Europe are desperately tired of
dissemination, strife and warfare; and
that they are working hard and
living frugally to restore every-
thing to its normal state.

His optimism with regard to
business in this country, Gary
based on a general survey of farm-
ing, transportation and manufac-
tures.

High prices charged by labor,
which he gave as one of the most
serious checks on progress, he be-
lieves will be reduced by public
opinion.

Porterville Man Due To Head Cal. Bankers

LONG BEACH, Calif., May 25.—
H. C. Carr, vice-president of the
First National bank of Porterville,
was to be elected president of the
California Bankers' association at
its twenty-ninth annual conven-
tion in session here today. Carr
automatically succeeds H. S. Mc-
Keel, vice-president of the Mer-
chants' National bank of Los An-
geles, in the position.

Howard Whipple, president of
the First National bank of Tur-
lock, was elected California vice
president of the American Bank-
ers' association.

Today's business sessions were
well attended by the 700 state
bankers present at the conven-
tion. The usual committee re-
ports were read and work of the
various divisions was disposed of.
Nearby golf links drew scores of
visiting financiers in the after-
noon.

Johnston Reaches Net Finals at St. Cloud

ST. CLOUD, France, May 25.—
William M. Johnston of California
went into the finals of the inter-
national hard court tennis cham-
pionship here this afternoon, de-
feating the Frenchman, La Coste,
6-4, 8-10, 6-4, 6-3.

Miss Eleanor Goss, American,
and Aeschlimann, France, reached
the semi-finals in the hard court
championships defeating Corelli
and Solommo of Italy, 4-6, 7-6, 6-3.
Miss Suzanne Lenglen and Gold-
ing eliminated Misses Bancroft
and Goss, 6-3, 6-1.

British Fleet Chief Off for Dardanelles

LONDON, May 25.—Admiral
Brook, commanding the British
Mediterranean fleet, leaves the
Malta naval base today on his flag-
ship en route to the Dardanelles.
A flotilla of destroyers will follow
tomorrow. This is the latest de-
velopment in the Greek-Turk crisis.

Mustapha Kemal, Turkish com-
mander-in-chief, has arrived at
Tchataldja, where about 50,000
Moslem troops are concentrated
behind the famous fortifications
ready to fight if the Greeks cross
the Martiza river and attempt to
march through Thrace.

Two Burned to Death As Plane In Crash

WASHINGTON, May 25.—An
army officer and a civilian were
burned to death in the crash of
an airplane at Bolling Field here
today.

Major Thomas Duncan, attached
to the office of the chief of the air
service, and Irving H. Kroop, a
civilian, were the victims.

The plane caught fire when it
struck the ground and the two oc-
cupants were dead before rescuers
could extricate them.

Tunnel Bares Escape Plan Used by Four

SAN DIEGO, May 25.—A tunnel
extending forty feet outside the
wall of the court at Tia Juana
was found today, explaining the
escape from Mexican authorities
of four prisoners for whom the
American border officers have
been asked to watch. Tools with
which the men dug out have not
been found, and the guards at the
jail are being quizzed by the su-
periors in a probe of the case.

Peek at Wife's Bank Book Divorce Ground

LOS ANGELES, May 25.—If a
man peeks at his wife's bank book
to see how much she has "salted
away" under her own name, it's
grounds for divorce.

That was the ruling made by Su-
perior Judge Hardy, who granted
a divorce to Mrs. Phyllis Platt
from her husband, Leonard E.
Platt.

She alleged that he attempted to
peek at her bank book and when
she objected attempted to jerk it
away from her. The judge ruled
that this was cruelty.

FAVOR 12 HOUR DAY IN STEEL INDUSTRY

(By United Press Leased Wire)

NEW YORK, May 25.—Retention
of the 12 hour day in the steel in-
dustry was favored in a report
adopted unanimously at the annual
meeting of the American Iron and
Steel Institute here today.

The report, submitted by Judge
Elbert H. Gary, as chairman of a
special investigating committee,
suggested by President Harding,
declared a 15 per cent increase in
prices would follow adoption of a
shorter day.

The increased cost must be hand-
led down to the consumers, Judge
Gary pointed out, if the eight hour
day is followed.

Judge Gary in his address said
that the world's general economic
and political outlook is good, since

AWAY TO VACATION Dressed For PLEASURE

IT'S wonderful to think of scurrying off to some lovely spot you've never
seen, or to return to a familiar haunt that's filled with memories of past
vacations. And that the realization of these vacation dreams may be as de-
lightful as you anticipate it's wise to make plans—wardrobe plans particularly
so you'll have appropriate costumes without having to hurry around at the
last minute.

Two-Piece Suits in Corduroy, Tweeds and Khaki

A Corduroy suit of tailored lines,
long coat, with large patch pockets,
knickers. \$15.

A Tweed suit in the same model
as the above, at \$22.50.

Khaki suits with either breeches
or knickers, at \$8.50.

Khaki Shirts of soisette at \$2.75;
in drilling cloth at \$2.50.

Khaki Skirts at \$5.00.

Pongee Shirts, silk, at \$6.75—
cotton pongee shirts at \$3.00.

Flannel Shirts at \$3.00.

Middies for children or women,
in drilling cloth, khaki color, \$2.50.
Middy Coat, rather short; fine to
wear with knickers; at \$3.75.

Separate Knickers, children's
sizes at \$2.75; for women, \$3.00.

Tweed Knickers for women at
\$4.75—finer and heavier knickers
at \$8.00.

We also have the three-piece out-
ing suits, tweed and khaki hats, and
all the other pieces found in a com-
plete stock.

The Call of the Waves Echoes a Call For a New Bathing Suit of the Mode

With Summer's first beckoning to the beach every woman is thinking of
a new Bathing Suit. For instance, an Egyptian model with horizontal King
Tut stripes, at \$8.50. A new and startling RUBBER BATHING SUIT, to be
worn over tights, \$3.00. And a great choice of JANTZEN SWIMMING SUITS
at \$5.25 to \$8.50—BRADLEY suits at \$5.25 to \$10.

Today

—boiling meat at three cents per
pound headlines the news in a market
advertisement today.

—a local store comes out with the
news of fresh stocks of new silk skirt-
ings just arrived.

—castle soap for the baby at 10c the
cake is the news addressed to moth-
ers by a local department store.

—fresh hams at 13c per pound con-
stitute a special for tomorrow at one
of the markets.

—a local shoe store offers ladies' high
and low shoes at \$2. This is a two-
day special.

vertisements of welcome to visiting
Lions by local merchants in today's
Register.

—vanity bags will be on sale tomor-
row at a local store at \$2.95, \$5 and
\$7.50.

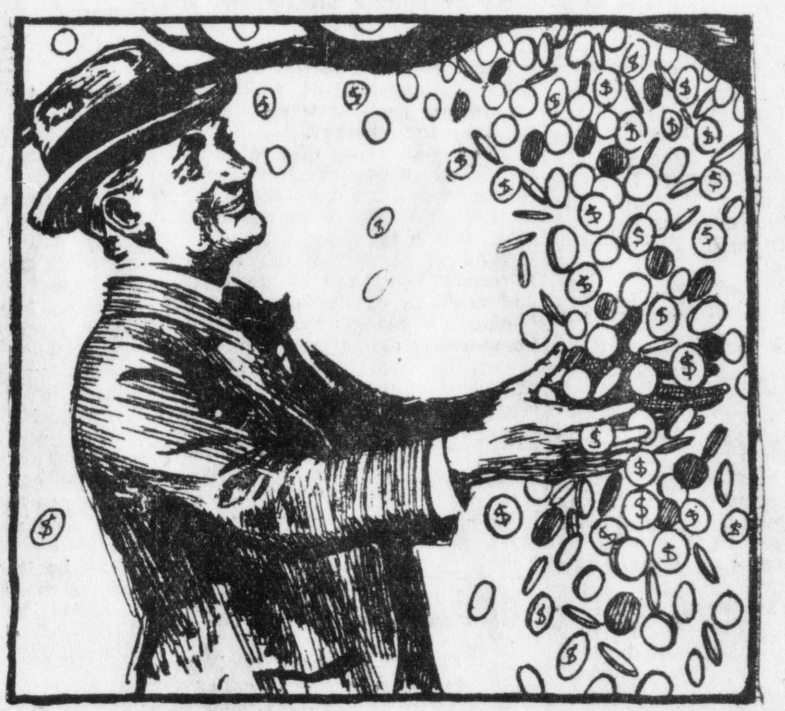

—dresses will be sold tomorrow at a
local store at \$6.95. Read this im-
portant advertising news in today's
newspaper.

—ten pounds of sugar at 99c is a
news bulletin of a local market for
buyers tomorrow.

—stamped pillowcases will be on sale
tomorrow morning at a local store. The
price—98c the pair.

—luggage specials are advertised by
a local leather goods store, very time-
ly for vacationists.

—straw hats for men at \$2 is a piece
of news that should receive hearty
welcome.

THE SOCIAL MIRROR

Opening of New Cafe Attended By Many Merry Features

Were you one of that light-hearted group who dined and danced last night amid the delightful surroundings of the new Lighthouse cafe at Balboa?

If so, you had a wonderful time in what bids fair to be Orange county's chosen pleasure resort, one that bespeaks the sea which roars and beats so near. Guarded by two lighthouses, the miniature, the entry to the cafe is only a suggestion of the careful treatment of the pavilion itself. A consistent adherence to the lighthouse motif has yielded a spot uniquely attractive and entirely different from other pleasure resorts in the county.

Don Loveridge and B. F. Spencer, in planning for the Lighthouse, called upon a resourceful person in George S. Coleman, the artist who designed the decorations. Decorated in buff and blue, the walls offer a restful background for the silhouettes of ancient sailing vessels which seem to beat their way against the waves and sail majestically on either side of the entrance. The ceiling is entirely around the great dancing pavilion. In the dining hall at the rear of the dancing floor, two canopies of full-rigged sailing vessels—handwork of the same artist—dominate the scene, while the clever lighting system employs old ships' lanterns depending from wheels. Fishnets drape the ceiling and the windows with their severely plain canvas draperies are in harmony with the slip covers of the blue chairs.

Last night, at the formal opening, patrons were offered an evening of true enjoyment. The dinner was unexcelled in point of quality and quantity and service was deft and quiet—two essentials to success. Arriving guests were greeted personally by Mr. Spencer and Mr. Loveridge much in the manner of a delightful private dance.

Gay little favors of whistles, balloons, jingling bell anklets, small birds and kindred amusing features, were distributed from time to time. The eight piece orchestra led by Frisco Fisher, offered a truly delightful program of dance music while the introduction of feature dances by Miss Gertrude Bennett and George Hess was an added pleasure.

Miss Bennett and Mr. Hess won their audience at their first appearance in a beautiful waltz, and later received round applause for an eccentric "Bowery" dance.

Every table was taken for the affair and many diners coming early, relinquished their places that late comers might be served.

Among those having reservations were Mr. and Mrs. R. G. Burlingame, Mr. and Mrs. Garrigue, Dr. Bell of Los Angeles and party, Ivan Belcher and party, the Misses Winifred Winsor, Lydia Davis and Pearl Stealy, Mr. and Mrs. Louis Briggs, Felix Modjeska, Charles Modjeska, Dr. and Mrs. Grundy, Mr. and Mrs. Walter Eastlack, Mr. and Mrs. A. G. Flag, C. E. Long, Mr. and Mrs. Geo. Mollring, Mr. and Mrs. A. V. Nole, Mr. and Mrs. Sam Steifel, Mr. and Mrs. H. B. Tudor, Miss Margaret Wylie, Mr. and Mrs. Norman Wilson, Miss Margaret Young, Mr. and Mrs. Jack Campbell, Harold Young, Mrs. A. B. Spencer, Mr. and Mrs. Harry Murray, Mr. and Mrs. Jack Bartlett, Mr. and Mrs. Frank Rhinehardt, Orin Moncrief and party, Mr. and Mrs. Ben Mooney, Murray Vandermast and party, Mr. and Mrs. D. H. Reed and many others.

Visit Is Concluded

After a happy visit (the first in twenty-five years) with the family of his sister, Mrs. A. E. Chapman of South Flower street, Mr. Frank A. Weber with Mrs. Weber, departed yesterday for their home at St. Paul, Minnesota, where Mr. Weber is general manager of the freight offices of the Great Northern railroad. They carry with them, unusually pleasant impressions of Santa Ana and Orange county and the hope that they may some time return here to establish a permanent home.

One of the happy features of their stay was meeting principals and chorus folk of the Choral Union together with the director, Mrs. Ellis Rhodes. They were particularly glad to meet Mr. Rhodes as they had the pleasure of greeting Mrs. Rhodes during her stay in St. Paul while she was crossing the content with the Denishawn dancers for whom she is business manager.

Wedding Stationery

The bride-to-be may be sure of correctness in the matter of her stationery if she orders it at Sam Stein's—where engraving of a high order is carefully and correctly done on any kind of wedding stationery. Orders are filled promptly and "June brides" are just now given particular attention.

"Of Course We Do It Better"

(MR.) IVIE STEIN

University Study

The University Study section of the Ebell society held its last meeting for the season yesterday afternoon at the home of Mr. and Mrs. E. M. Nealley in Tustin.

A year's interesting and profitable study has been enjoyed by the section which is finishing its first year with a membership of between forty and fifty. Lectures upon sociology and science have been given each month. Professor E. M. Nealley and J. Russell Bruff of the Junior college faculty lecturing on alternate months.

Re-elected to serve for the coming year were Mrs. Terry Stephenson as leader and Mrs. J. T. Wilson as secretary. A lecture course, as well as a study course, will be planned for the section by Mr. Nealley and Mr. Bruff, whose generous cooperation with this section has been the ruling factor in its success. In token of its appreciation of this co-operation the class yesterday presented Mr. Nealley and Mr. Bruff with a gift of books. To Mrs. Nealley also, through whose generous hospitality the section has been provided with a meeting place, a book was presented.

Yesterday's lecture upon "Eugenics" was given by Mr. Bruff. Eugenics as defined by the speaker, is the improvement of the race so far as congenial possibilities are concerned.

"Taking heredity for granted," said Mr. Bruff "and granting also that there are differences, or inequalities in heredity, there arises the possibility of betterment of the human race by selecting types it is desirable to reproduce.

"Eugenics is the control of environment for the betterment of the individual. Eugenics is an individual problem, eugenics a race problem.

"An apparently contradictory state of affairs exists in that the warmest advocates of practical eugenics are also equally warm advocates of some so-called disgenic influences. Among these influences is the modern idea of college and university education. Granting that it is the young man and woman of highest intellect who succeeds in going through college, we are confronted with statistics showing that this very capacity for intelligence results in late marriages and fewer children from a class which for the good of the race should produce many children.

"Social welfare work—an increasing knowledge of surgery and medicine, better baby clinics, mother's pensions, better housing—all these great humanitarian agents are to a certain extent disgenic, in that they tend to keep everybody alive regardless of his influences. These disgenic influences are also ardently approved by the people who sponsor eugenics, but who realize that they must be offset by eugenic influence.

"War is the most disgenic influence of all time, for it takes away the best men of the country, leaving the worst at home to reproduce themselves.

"An element of social psychology—the fact that it is not fashionable to have children—must be overcome by putting motherhood and home management on a pedestal of honor."

Various phases of the control of the reproduction of undesirable classes of people were touched upon by the speaker.

The popularizing of earlier marriages, of home-making and child-rearing were urged by the speaker as requisite factors in the betterment of the race.

"The greatest self development a woman can have is the raising and training of children, and the business of being a housekeeper, a home-maker and a mother must be given the honor that is its due. The first step in this direction is study, reading, and discussion. Upon the solution of the problem of eugenics depends the solution of all racial problems."

Personals

Mrs. Lillian Bishop is to leave in a few days for a three months' trip East.

Mrs. Janet Thomson and her small son, Carson, are expected here in two or three days from the east for a visit of a summer with Mrs. Thomson's mother, Mrs. W. M. Smart, and other relatives.

Completing a pleasant ten days' visit in this city with Mr. and Mrs. Fred V. Bomboy, 525 Grand avenue, Dr. and Mrs. H. E. Baker left yesterday for their home in Oakland. The Rev. Father Verhalen of the recently instituted St. Ann's parish, was suddenly taken very ill a few days ago and is now in the hospital at Oxnard.

Orange Athletic Star Is Wedded to Maid Of Los Angeles

Culminating a seven-year college romance was the wedding of Fred Kelly, former star high school athlete of Orange, and Miss Frances Marie McDonald, a pretty Angeleno, announcement of which came as a surprise to their friends.

The event occurred in Riverside Tuesday, May 15, where the pastor of the Riverside First Methodist church read the solemn marriage service. Returning to Los Angeles, where the groom is assistant graduate manager at the University of Southern California, the happy pair maintained complete silence regarding the important step until more than a week had elapsed.

Mr. Kelly, whose family now reside at Tustin with the exception of one sister, Mrs. Elmer Ensign of Orange, once held the world's record for the 120 yard high hurdles, gained at Stockholm, Sweden, in competition with entrants from all points of the globe.

Recently he took part in the track meet in this city where he demonstrated to his friends and admirers that he still reigned supreme in hurdle races since he clipped two-fifths from his former record in 70-yard high hurdles by making it in 8 and 2-5 seconds in a match with a former Stanford speeder, Feg Murray.

It was during his student days at the University of Southern California that Mr. Kelly won his world laurels and also met his present bride during a tennis tournament. The acquaintanceship thus began in 1916 resulted in the May marriage of 1923.

Calumpit Camp

Spanish-American War veterans will attend memorial services at the First Presbyterian church, corner Sixth and Sycamore streets, Sunday morning, May 27. These services will be given for the American Legion and United Spanish War veterans.

Members of Calumpit Camp No. 26, and any other Spanish War veterans, will meet in front of the K. P. hall, 306½ East Fourth street, at 10:30 a. m. and march to the church in a body. A joint line of march will probably be agreed upon between the Legion and Calumpit camp, so that they will all arrive at the church at the same time.

At 3 a. m. a number of the comrades will meet at Fairview cemetery to look up the graves of deceased comrades and mark their resting place with flags so that they will be known by the camp on Memorial Day when they will be decorated with flowers that the ladies of Calumpit auxiliary are now gathering up.

Calumpit camp is in possession of but eight names of deceased comrades and anyone knowing of a deceased Spanish War veteran is requested to call 845 M and notify Charles E. Dixon, adjutant, 1253 West Fourth street.

Aid Society

One of the pleasant social afternoons enjoyed by members of the southwest section of the First Presbyterian Aid society was that of yesterday when as guests of Mrs. Cynthia Davis, they met at her home on West Second street.

Mrs. Davis used French bouquets of mixed flowers together with quantities of sweet peas to deck her home where guests busied themselves over a quilt and other articles designed for sale at the fall bazaar.

Late in the afternoon, Mrs. Davis assisted by a hostess committee, served delicious home-made cake with brick ice cream to a large gathering composed of members of the section and guests from all other sections of the society.

The hostess committee included Mesdames Allison, Hershiser, E. B. Smith, U. D. Palmer, B. E. Wadsworth, G. B. Darnell, Roy Johnson and Miss Robby Jones.

Neighbors of Woodcraft

Returning from the annual convention of the sixteenth district Neighbors of Woodcraft, recently held at Riverside, Mrs. Isabelle Gibson and Mrs. Metta McBride, delegates from the local order, report an enthusiastic attendance and one of the best sessions in the history of the order.

Mrs. Gibson was accorded the honor of being named district sentinel at Tuesday's election and with the other district officers was duly installed at an interesting ceremony Tuesday night.

Sessions were presided over by Mrs. Fanny Friend of the Riverside lodge and three grand officers from the grand circle of the state were present. Among different pleasant features were presentation of degree work by Lodge No. 83, a motor trip to Mount Rubidoux and Sherman institute, a banquet at Glenwood Mission Inn and a picnic supper as guests of the Riverside circle at Woodcraft home.

Altar Society

Decorations of Scotch broom in crystal baskets rendered the home of Mrs. George Young most attractive recently when Mrs. Young and her sister, Mrs. Horace Flint entertained the Altar society of St. Joseph's Catholic church.

Sewing and general plans for next year's bazaar occupied the attention of the members who welcomed Mrs. Anthony Hoffman to their society. Plans were also completed for a cooked food sale to be held Saturday, June 2 with the place to be announced later.

During the social hour, Mrs. Young and Mrs. Flint served ice cream and wafers to fully thirty members many of whom were accompanied by their children.

Entertains 500 Club Of Nearby City

Like a scene of old Cathay was the pretty home of Mrs. Frank Waer yesterday afternoon when members of the Huntington Beach 500 club responded to her invitation to a Chinese luncheon, to be greeted by a truly Oriental scene.

Quaint little Geisha girls formed the attractive place and tully cards and Chinese appointments were used in every possible manner. The same Oriental idea prevailed in the attractive prizes with a beautiful imported fan presented to Mrs. Harry Flenoor scoring high, while a set of lingerie robes offered happy consolation to Mrs. Ade Jones, holder of low score. Mrs. Edna Kinsella was awarded the guest prize, a dainty little ribbon bodice and case.

Huntington Beach guests included Mesdames Berry, Ade Jones, Floyd Morris, Harry Flenoor, Lynn Robb, C. H. Boone, while from Long Beach were Mrs. Charles Du Rae and Mrs. Albert Walling. Mrs. Waer also included among her guests, Mrs. Ben Nimmo and Mrs. Edna Kinsella of this city.

Greets Baby Daughter

"Three of a kind is better than a pair" was the enthusiastic news broadcasted recently by Mr. and Mrs. Max C. Holmes of Tustin, rejoicing in the advent of little Miss Jane Holmes, May 21, 1923, who with her seven-and-a-quarter pounds of winsome babyhood adds the third little daughter to the home. Wee Miss Jane is the granddaughter of Mrs. M. M. Holmes, 113 East Tenth street, Santa Ana.

PROBATION WON ERRING MATE BY BRIDE

A bank check, signed, was too great a temptation for George Mitchell, he admitted today, as, after pleading guilty to forgery charges, he was granted two years probation by Superior Judge R. Y. Williams.

Mitchell's bride of six months pleaded with the court for his freedom, stating that he had been kind to her, and that only their straitened circumstances had caused him to commit the crime.

"We were married in Texas last October," the bride, an attractive young woman told the court, in a quiet, almost inaudible voice. "My husband came to California a few months later, and I followed."

"He was always kind to me—was all that I could ask as a husband. Rents were high, and our expenses were great, but we bought a home. The payments were larger than we could meet, and I suppose that's why he did it."

Mitchell was employed by an oil company at Huntington Beach, he said. He saw several blank checks, signed by the president, and converting one to his own named, cashed it for \$190.

FATHER OF 12 GETS PRISON SENTENCE

Despite the fact that he had told the court that he was the father of 12 children, and that he had never been in trouble before, F. W. Hallett, convicted last Wednesday of writing a worthless check for \$20, was today denied probation and a new trial, and was sentenced by Superior Judge R. Y. Williams to serve the legal term, from one to fourteen years, in San Quentin.

Hallett was a Riverside contractor and was arrested at Huntington Beach, where he was said to have had business relations with the check victim.

Questioned by the court, Hallett said that he was born in New Brunswick, but that he left home at the age of 16 years, without having received any schooling.

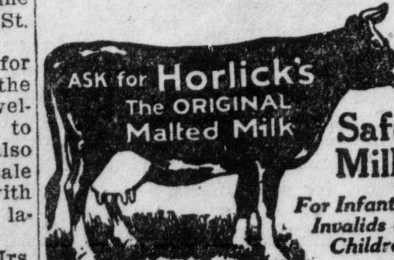

During the war he served as a center in the aviation department, he claimed.

Of his twelve children, ten were alive he said, their ages ranging from eight to twenty-six years.

Although the court refused the plea of probation, he made it clear that he thought a brief punishment would be sufficient, and intimated that he might make that recommendation to the prison board.

American Envoy Signs Rhine Cost Agreement

PARIS, May 25.—Elliott Wadsworth, American financial envoy, and allied representatives late today signed the Rhine cost agreement whereby the United States will be repaid for occupational expenses in twelve years.

Young Matron Opens Beautiful Home to Bridge Players

One of the city's youthful matrons who yesterday made her beautiful home the center of the day's social activities, was Miss Tarver Montgomery, entertaining at a bridge tea.

The home at 1104 North Main street, one of the most attractive in the city, was rendered even more pleasant by the quantities of rare-colored flowers which, arranged in baskets and ornamental jars, offered a colorful background for the group of beautifully gowned guests seated at tables arranged in the immense living room and library.

Gay little floral tally cards were distributed by Miss Gertrude Montgomery who with her sister, Miss Louise Montgomery and Mrs. G. Richard Smith of Glendale, a niece of the hostess, aided in dispensing hospitality throughout the afternoon.

At the close of the fifth game, card tables were arranged with dainty linens and centered with attractive crepe paper baskets in the same variety of coloring which marked the floral decorations. These were filled with mints to accompany the strawberry mousse, dainty French cakes and salted almonds which followed the first course of chicken salad, cheese straws and coffee.

At the tea hour, Mrs. Montgomery made her attractive prize bestowal when Mrs. Walter Vandermaast with high score, received a beautiful brass tray in Damascene work; Mrs. Earl Morrow, a close second, was awarded an exquisite flower jar in luster and enamel and Mrs. L. R. Kennedy received an opalescent flower bowl as consolation gift.

Asked to share the pleasures of Mrs. Montgomery's home were her aides, the Misses Gertrude and Louise Montgomery and Mrs. Smith together with Mesdames Roy E. Vincent, Walter Vandermaast, Elmer B. Burns, C. M. McCain, C. A. Flavan, R. E. Whitted, H. T. Duckett, Rose Doyle, Thomas Willits Jr., Clarence Nisson, Alex Brownridge, Robert Shafer, W. B. Williams, Roland P. Yeagle, Frank Preston, J. D. Spennetta of Orange, E. R. Edwards of Long Beach, Leon Dickey, C. Yielding, Charles D. Chamberlain, B. E. Tarver, C. W. Yonge, V. M. Bishop, Eleanor Elliott, R. B. Gregg of Anaheim, Ray C. Lambert, Victor Montgomery, L. R. Kennedy, Frank C. Ar-

Mikado Principals Continue Spirit Of Old Nippon

Mikado harmonies yet floated on the air, following the final fall of the curtain last night at the high school auditorium where the Orange County Choral Union revived one of its first successes in the tuneful Gilbert and Sullivan light opera, "The Mikado."

The harmonies were so sweet and so compelling that they reached to the Robert Brown home at 408 East Chestnut street where the principals with their respective husbands or wives gathered at the invitation of Mr. and Mrs. Brown for an after-theater supper and a little resume of the trials, tribulations and triumphs connected with the presentation of the opera.

In planning the supper, Mrs. Brown maintained the oriental atmosphere which had pervaded the very souls of the singers for the past few weeks. Nippon and her charm were ever-present in decorations of the pretty home and in the arrangement, choice and serving of the articles of the delectable Japanese supper over which the guests lingered as they chatted and planned for future Choral union events.

A few of the principals of the cast found it impossible to be present but those who were able to accept and enjoy the hospitality of Mr. and Mrs. Brown were Mr. and Mrs. Arthur May, Mr. and Mrs. George Parker, Mr. and Mrs. Raymond Miles, Mr. and Mrs. Jack Miller, the Misses Ruth Frothingham, Ruth Armstrong and Edith Cornell and Messrs. Ellis Rhodes, Fred Medberry, Maurice Phillips, and Fred Wilde.

rim, W. F. Menton, Harvey Gardner, Robert C. Mize, H. E. Nelson, Addie M. Collins, Blanche R. Scott, of Pasadena, V. A. Rossiter, Hubert Dale, J. Fred Parsons, James Livesey Jr., Arthur B. Smith, Ashby Turner, James K. Hermon, Charles S. Kelley, W. N. Prince, A. W. Rutan, Earl S. Morrow, Justus F. Craemer.

Bodies of marine animals are found to have certain metals in their composition.

Popular Young Couple Honored By Friends At Linen Shower

The approaching June marriage of Miss Olive Northcross of Garden Grove and Mr. Leavitt Allen Ford of this city, was recognized in a happy manner last night by Mr. and Mrs. E. E. Stillens who entertained at their beautiful new stucco home east of Garden Grove in honor of the affianced couple.

Assisting the hostess during the evening were Miss Mabel Northcross, Miss Elsie Clark, and Miss Dorothy Stillens, daughter of the home who has just arrived from her studies at Berkeley.

Quantities of pink and white blossoms with massed greenery gave a charming effect to the home and tables were arranged for and which formed the evening's diversion. Appropriately enough, high scores were held by the honorees, Miss Northcross and Mr. Ford, the latter receiving a bill fold while a bottle of fine perfume fell to the lot of Miss Northcross. Consolation gifts were presented Mrs. Ralph French and George Chapman.

Following the series of games, Mr. Ford was pressed into service as "delivery boy" and given a basket gay with flowers in the prevailing decorative colors which he was instructed to present to his fiancée. The basket proved to be filled with beautiful linens, with which the assembled guests showered the bride-elect to her surprise.

Later all were asked to the dinner room where garlands of pink, white and green fell from the chandeliers to the dainty hand-painted cards marking each place. These were the artistic work in water colors of Miss Elsie Clark and were emblematic of brides and bridesmaids. Three large baskets of roses graced the table where a three course supper was served with salad and punch, following chicken patties, olives and pickles, food cake and coffee completed the delicious menu.

In addition to the hosts and their trio of pretty girl assistants, those gathered to greet and honor Miss Northcross and Mr. Ford were Miss Marguerite Galbraith and Miss Louise Ford, Harding Ford, George Chapman, Emerson Mc Bride of Santa Ana; Rex Magill of Orange; Miss Laura Yaeger, Miss Maurelia Hualde, Mr. Strong, Fullerton; Fred Spring, Los Angeles; Ben Lewis, Riverside; Earl Hague, La Habra; Mr. and Mrs. Robert

Stringed Instruments And Song-Bird Will Entertain Ebell

Ebell members who remember with warm appreciation the appearance, as a number on their winter season recital series, of Carl Gantvoort, are deeply interested in the knowledge that thorough arrangement with L. E. Beymer, Los Angeles impresario who made it possible to secure that famous singer, an equally remarkable musical offering will be available for Monday afternoon's program in the persons of the Lepske String Quintette and Alice Forsythe Mosher, soprano.

The Temple theater, as usual, will be the scene of the recital to follow the usual business program of the Ebell society at 2:30 o'clock. In conjunction with the appearance of the quintet, its leader, Mr. Jules Lepske, will present several violin solo numbers.

Mr. Lepske is one of the first violinists of the Philharmonic orchestra of Los Angeles, coming from the East to join the orchestra when it was first organized for the year ago. He graduated with honors from the Vienna Conservatory and was under Sevcik in Prague and Marchot in Paris before touring Europe in recital.

Since coming to America Mr. Lepske has made two solo appearances with the Detroit Symphony orchestra, four with the St. Louis Symphony, and has appeared several times as soloist with the Philharmonic orchestra under Conductor Rothwell in Los Angeles, as well as with the Philharmonic orchestra at the Hollywood Bowl concerts last summer under Dr. Hertz.

Mrs. Mosher comes to Los Angeles from Denver and has appeared several times with different organizations in Southern California. She is said to have a winning personality and a voice of pleasing quality and to sing with an appealing earnestness.

Mrs. Mosher is of that unusual type—the brown-eyed blonde—which, coupled with a graceful, willowy form, makes a most effective picture. Her voice is rich, full and beautifully poised throughout and she sings with great purity and clear enunciation.

Jeffrey, Irvine; Mr. and Mrs. Ralph French and Miss Isabel Northcross, Garden Grove.

A ROARING WELCOME TO ALL LIONS!

After You Graduate ?

Clothes will be an important question with you from now on. Wherever you go, your personal appearance will make a lasting impression. Successful men dress well.

Kuppenheimer GOOD CLOTHES

are an "investment in good appearance." They're the best expression of your character and your personality.

We have an uncommonly fine lot of Kuppenheimer suits on exhibit now. Styles especially designed for young men.

Are your hands rough and hard?

The regular use of Resinol Soap is frequently all that is required to overcome such a condition, and produce that whiteness and velvety softness so much to be desired.

If, however, the hands are in very bad condition—if they crack open and smart after being in water—use Resinol Ointment as follows—

Soak the hands freely with Resinol Soap before retiring. Dry completely. Rub in Resinol Ointment gently but thoroughly and cover with old gloves. In the morning bathe again with Resinol Soap. In most cases a few such treatments produce very satisfactory results.

Ask your druggist for the Resinol Products.

TROUBLE MAKER OF SENATE IS 'GENTLEMAN'

WASHINGTON, May 22.—When a strong partisan Democrat whom President Harding refers to as "chief party trouble maker in the Senate" is thanked by the President for kindly public references to Mr. and Mrs. Harding and the President's father, the incident becomes one worth recording in political annals.

The "chief party trouble maker of the Senate" is Senator Pat Harrison of Mississippi. The thanks of the President are expressed in a letter to Senator Harrison which gives a glimpse of Mr. Harding in a playful literary mood and also shows that with him and Senator Harrison political partisanship does not affect friendly personal relations.

Senator Harrison's complimentary reference to the President and his wife and father were contained in a copyrighted newspaper article syndicated by the twenty-first Century Press, published on May 5. Mr. Harrison's article had for a theme the ending of bitterness between the North and the South and he contended that no section of the country had a monopoly on patriotism.

In giving specifications he told of the visit of Dr. George Harding, the President's father, a Union soldier, to the Confederate reunion in New Orleans and the excellent impression he made.

The President's letter follows: "The White House, Washington, D. C., May 12, 1923.

"My Dear Senator Harrison: I have just been reading the article which you contributed to the New Orleans Item of May 5 in which you make very pleasant reference to the participation of my father in the Confederate reunion in New Orleans. I am writing to thank you for the kindly things you have said concerning him and his visit and the courteous reference you have made to the present occupants of the White House.

"In your capacity of chief party trouble maker in the Senate you have said some things which have made me lay my newspaper and turn to a fresh pipe of tobacco for consolation. This very generous and considerate article has antidoted all the things that have gone before. You will be interested to know that father was very greatly pleased by the article and that he had the time of his life in meeting the Confederate veterans of New Orleans.

"The visit of my father was a very simple thing to do, but if it has contributed in any way to the concord of union and the completeness of reunion I am glad that he made the trip.

"Very truly yours,
"WARREN G. HARDING."

The President's reference to the turning to "a fresh pipe of tobacco for consolation" after reading attacks on the Republican party by Senator Harrison calls attention to the fact that the President has become a confirmed pipe smoker. He smokes cigars and cigarettes also but comparatively recently his pipe furnishes his chief after dinner smoke.

WASHINGTON, May 24.—Army statisticians see some significance in post war figures which showed that with a total mobilization of 22,850,000 soldiers for the central powers, 25,000,000 casualties were inflicted upon the Allies, while with 42,319,000 allied and associated men under arms, the central powers sustained only 15,405,000 casualties. The war department chart shows that per 1000 mobilized, the central powers forces inflicted 966 casualties while the corresponding figure for the opponents was 365.

In this connection it is pointed out that the German and Austrian armies were produced under a universal military training system while the allied and associated forces, with the exception of the French army, had no such background of training.

"Thus, the great mass of soldiers of the central powers," the official comment stated, "had been trained prior to the outbreak of war while the soldiers of the allied and associated powers were to a great extent hastily trained and equipped after the outbreak of war."

To what extent the lesser casualties ration of the central powers forces was due to pre-war training of the troops it would be difficult to establish definitely, army experts say, but the figures are taken as substantiating a reduction in the price that must be paid in dead and wounded as well as sick in any large military operation.

ITALIAN SHOOTING OFFICER
PORT DODGE, Ia., May 21.—Shot at midnight while trying to arrest an Italian on a liquor violation charge at his home in Shady Oaks, a small mining town south of Fort Dodge, Deputy Sheriff John Lochray is in a serious condition in the hospital here, his shoulder nearly torn off by the Italian's shot gun at close range. The Italian, Andy Bello, escaped, although other deputy sheriffs who were with Lochray on the raid, fired numerous shots at him as he fled. Deputy sheriffs are of the opinion that the man was wounded. Blood hounds were put on his trail a short time after the shooting, but he was not apprehended.

Resolution Adopted by the Laguna Beach Chamber of Commerce

WHEREAS, the Laguna Beach Chamber of Commerce had decided not to buy advertising space in newspapers this year, and

WHEREAS, a representative of the Santa Ana Daily Register, coming here at the right moment, presented a proposition from that paper, which was accepted; therefore,

RESOLVED, that the Board of Directors, in official session, go on record as declaring themselves well satisfied with the special section of the Register devoted to Laguna Beach, and that the Register's enviable reputation has again been substantiated by equivalent performance.

FRANK HANSON, Secretary.

High School Student Propounds Own List of Novel Questions

LOS ANGELES, May 22.—Propounding a list of questions, designed like those of Thomas A. Edison, to establish the mental level of the answerer, H. Frederic Overlin, III, student at Manual Arts High School, astounded the faculty when he said he believed that but two persons out of 300 could satisfactorily answer them.

Overlin declared: "The world has reached a stage where it either does not care to know of the big problems of today or has not the mental facilities for grasping ideas and working them out in detail.

Here are the questions:

1. When was the war of 1812?
2. From what province of France was Joan of Arc?
3. Who is the author of Macaulay's History of England?
4. What two countries were in the Spanish-American war?
5. In what season of the year did Washington spend his winter in Valley Forge?
6. Tell about the "Swiss Navy."

GETS 15 YEARS ON CHARGE OF GIRL 10

CORPUS CHRISTI, Tex., May 24.—Willie Barue, 26, confessed father of the son born four months ago to 10-year-old Mary Cavender, was sentenced in the Twenty-eighth district court to serve 15 years at hard labor in the state penitentiary.

Little Mary, who has been living at the Mission Home in San Antonio since she acquired her little live doll, was not present in the courtroom when sentence was passed.

Little Mary, Irish orphan, whose birthday falls on St. Patrick's day, was taken into the Larue home upon the death of her parents three years ago. She romped and played about the farm near Mercedes in Hidalgo county on the Rio Grande until she was brought to San Antonio. She was the only witness for the state in the trial of Larue, who was given change of venue because of intense feeling against him in Mercedes, and identified as her seducer.

Larue anticipated in court that he believed himself the father of the girl's baby and stated that he was willing to accept the jury's verdict as to his punishment. The state had asked the death penalty be imposed, but attorneys for the defense pleaded extenuating circumstances both in the statutory charge and in the fact that Larue was not contesting the charges. Larue's mother and others told the jury that his reputation had previously been good.

TRANSPORTATION OF U. S. FAILURE, CLAIM

CHICAGO, May 24.—Transportation in the United States has not kept pace with agricultural and industrial development, declared James R. Howard, president of the National Transportation Institute, in an address here to a convention of shippers' associations.

"The general rough-and-ready plan of having the cars haul farm products eastward and then come back loaded with manufactured products has proved totally inadequate," said Mr. Howard. "The system is broken down. It has not kept up with our development. We must not come back fast enough. Our transportation was a makeshift in the first place and it has collapsed under the load.

"The National Transportation Institute is making a world-wide survey of every phase of transportation by railways, waterways and highways. No comprehensive plan has ever been worked out in this country. It has all been haphazard from the beginning. Transportation has been developed for special purposes by special interests. The welfare of the country demands that the transportation of the country be an organized whole under a general policy for the good of everybody. We must have no transportation tie-up just as the train of prosperity is about to start."

CANADIAN ROAD TO BID FOR TOURISTS

VANCOUVER, B. C., May 22.—According to a recent announcement of the Canadian Pacific railway that road will make an extra bid this summer for westbound tourist traffic from Chicago to the Pacific coast.

Effective Sunday, June 10, a new all-steel, standard sleeper train from Chicago daily to Vancouver will be established. The train will be known as "The Mountaineer," and running on a three and a half day schedule from Chicago to Vancouver will make a complete daylight trip through the Rockies.

CINDERELLAS WILL VIE FOR SLIPPERS

SACRAMENTO, May 24.—Cinderella had the smallest foot, it is commonly agreed—but was it a perfect foot? Was it shapely and faultlessly proportioned and free from corns? The well known fairy tale is not clear on these very important details, but Dr. B. R. Lower, president of the California Chiropractors, ventures the opinion that it was not.

For, according to Lower, a perfect feminine foot is rarer than a day in June or a Chinaman with whiskers. At any rate, the chiropractors, who will hold their state convention in Sacramento June 19 to 21, will endeavor to locate a perfect foot. They have, moreover, hung up a prize as an incentive, said prize to be a chest of slippers.

Where Prince Charming was a mere piker, and Cinderella drew only one slipper, the owner of the perfect foot will get three pairs of slippers from the chiropractors.

Aspirants for the honor need only to send their names and photographs of their "doggies" to Dr. Lower at Sacramento. This will give the judges a general idea. The formal judging will take place on the second day of the convention and the entrants who are on the scene "stand" the best chances of winning the prize.

SAN FRANCISCO HAS BATTLE OF ARTISTS

SAN FRANCISCO, May 24.—Art, the erstwhile goddess, is becoming a veritable Mars here, the members of the local art circles having trampled, stabbed, punched and pummeled the goddess of muse until she was forced to assume warlike garb in self defense.

First it was the published and unpublished among the poets. The unpublished, a prosperous-looking organization working for a living and writing on the side, smiled amiably at the published, those long-haired folks who lived thinly from sale of poems. The unpublished made overtures and desired to attend the published meetings. They were coldly shown the gate. The unpublished felt badly and gave the published the appearance of snobs in the papers.

Then came the crowning blow to Art. Benvenuto Bufano, instructor in the California School of Fine Arts, was dismissed. Thereupon he expressed his opinion of the faculty by saying they had better sell bananas for a living. With Director Lee Randolph he had a gentle session, in which such remarks as "liar," "freak," and "rebel" flew freely. Artists of the city sided nicely in a half and half way and opened battle. The students split. The dove of peace doubtlessly finds it more peaceful now in Russia.

MYSTERIOUS SHOOTING
WATERTOWN, S. D., May 21.—A verdict of the coroner's jury inquiring into the death of William Shanahan, who was shot to death at the farmhouse occupied by himself and twin brother, failed to shed any light on the mystery of the shooting. Shanahan died, according to the verdict, as the result of "two shotgun wounds inflicted by someone unidentified." Walter Shanahan, the twin, as a witness, reiterated his story to the effect that William committed suicide while he (Walter) was seeking the assistance of neighbors to control his brother in a recurrent fit of insanity. There surgeons testified that it would have been impossible for the dead man to have caused either of the two wounds found on his body. Walter Shanahan is still being held for investigation. No charge has been preferred against him.

RAILROADS ARE ONLY PIVOT FOR GRANTS

NEW YORK, May 24.—The construction of railroad lines in Asia Minor by the Chester interests, which, at the first glance, seems to form the most important part of the by now famous Chester concessions, is in reality but the pivot and backbone of a series of privileges which assure to Americans the leading part in the economic regeneration of Turkey.

These almost unique privileges hinge on the provision entitling the Chester interests to exploit all mineral and oil resources available within a distance of 12½ miles from either side of the projected railway track. So rich are some of these mineral deposits that the Chester group seems to consider the financial possibilities of the railway only a matter of secondary importance as compared to the profits expected from the exploitation of the different mines.

According to the provisions of the official concessions document the Mediterranean harbor of Youmourlak, which the Chester are to develop into a modern port. Furthermore, the line is to run through Mossul, Kerkuk and Sulaimaniyah, by the Persian border. This last stretch is still the subject of discussion at the Lausanne conference, because it clashes with the British claim to the mandatory territory of Mesopotamia.

Fingerprints Big Aid In Police Work

LOS ANGELES, May 24.—When a criminal places his finger tips on roguish gallery cardboard, his chances are exceedingly slim thereafter to get away with crime, once he is caught.

"Mr. Bertillon certainly did his bit for society when he instituted the fingerprint system," says Bob Kallmeyer, chief fingerprint expert of the local bureau.

"Years may fly by, a man may change his name, but we can 'spot' him once we have him indexed. The public little realizes what a great help identification bureaus are to police.

"William J. Burns' plan to have a central bureau of identification and crime record, I believe, will deal a death blow at crime. With every city in the country sending in their reports to the central bureau, with every known criminal indexed, it will be practically impossible for a man to escape the law."

"I Take ALL The Responsibility," SAYS 'YOUR LITTLE TAILOR'

The reason none of it is yours, is—our own workshops, our own designing and cutting staff; expert workmanship and honest materials and trimmings are the foundation of our business.

We want every man in Santa Ana and Orange County to know what our Quality means:—hand-felled collars—hand rolled lapels—hand set sleeves—hand sewed button holes—hand stayed pockets—and pure linen canvas front.

The high-class hand tailoring and finishing of our garments is usually only found in cloths costing double our prices.

"Your Little Tailor's" Policy is to give as much real value—to tailor into every garment as much style and quality—as human hands can produce for your money. Think this over, it means a lot to you.

OPEN SAT. NIGHT

Who Paid For It?

In an authoritative magazine we read:

"A certain house eight years ago did an annual business of \$3,000,000 and the cost of selling the goods amounted to 8 per cent. Good advertising has since then increased their annual business to \$15,000,000 and the cost of selling, including advertising expenditures, has fallen to 5 per cent. The salesmen are earning much more money, and the advertising has enabled them to do it, because while their commissions are smaller their sales are made easier and are more than trebled in volume."

Who paid for the advertising?

Not the consumer, for the price of the goods was less than it had been without advertising.

Not the manufacturer, because his total selling cost was 3 per cent less.

Not the salesmen, because they made more money.

Who did pay, then. The same inexhaustible source upon which we draw for the cost of all progress—Old Man Waste.

The most expensive institution we have today is the unsuccessful com-

petitor—the business that drags along for years, eating up rent and salaries, and traveling expenses, trying to get orders that someone else can get and execute better and cheaper.

It is cruel, perhaps, but true that the sooner such concerns disappear, the better it is for the public. The advertising of their more aggressive and better-organized competitors brings the end quicker. And it is the money saved by putting a stop to hordes of these petty, wasteful non-successes, which pays for the advertising and cuts down the cost of the goods you buy.

(Published by The Register in co-operation with the American Association of Advertising Agencies)

OIL MEN DENY
I. W. W. CASE
ACCUSATION

At least 12 days will be consumed by the trials of the four asserted members of the I. W. W. who this morning, on their arraignment before Superior Judge R. Y. Williams, pleaded not guilty to charges of criminal syndicalism.

The quartette was arrested at Huntington Beach several weeks ago, in a drive by City Marshal Jack Tinsley, to rid that city of so-called radicals.

Ralph Colescott, asserted national committee man, who was free on \$3000 bail, will come to trial June 18 at 10 a. m. in department 1 of the superior court.

As soon as his trial is completed, Dennis Crowley, similarly accused, will stand trial, and immediately following that, V. J. Thompson will face a jury on syndicalism charges.

The trial of Pt. J. McGeehan was scheduled for June 18, the same date as Colescott's but it was expected that the date would be changed later.

All of the defendants smiled during the court sessions, and seemed unworried by the seriousness of the situation.

SAILORS HELD HERE
AS AUTO THIEVES

Arrested at San Juan Capistrano last night, as they were returning from Tia Juana, in an automobile which, they admit, they stole from a Los Angeles street, William Stewart, 21, and George R. Smith, 22, sailors, were today in the county jail, awaiting the arrival of Los Angeles officers.

According to the stories that the boys told to Sheriff Sam Jerigan and Deputy Herman Zabel, they secured 48-hour leave from their ship May 14.

On May 15, they claim, they stole the automobile, and drove through the southern counties, winding up, without money, at Tia Juana, yesterday morning.

Last night they arrived at the county line, where Special Deputy Sheriff Culver, suspicious of their actions, notified Constable Callis, of the Mission town. Callis arrested the youths, and notified the sheriff who removed them to jail.

Austrian has made a clock of wood only.

EXPENSES FOR
WHITE HOUSE
INCREASING

WASHINGTON, D. C., May 23.—It is a good thing that the people of the United States do not follow the precedent insisted upon for the American ambassador and require the President to maintain his own living establishment, i. e., the White House. If we did, nobody but a millionaire could afford to be president. We pay the President \$75,000 a year, while the expenses of running the White House next year, according to the estimates submitted to congress, will be about \$124,000.

Nor is this the whole expense incident to the executive mansion. This sum merely maintains for the President a house and grounds, heats the house, lights both house and grounds, and staffs the premises with servants. The scale on which the President chooses to live after that is his own affair. In other words, he pays his own grocery bill.

Compared with the palaces in European capitals, or even with the residences provided for some of the South American presidents, we seem to house our chief executive in exceedingly simple and modest fashion. Even visitors to the shimmering Greek facade of the White House, must feel that in size and elaborateness it compares unfavorably with the show places in the residential sections of their own cities.

Large Establishment. The White House, however, is deceptive; it is larger, and more elaborate than it looks. Few people realize that the grounds enclosed by the White House fence comprise an area of nearly 17 acres, or that it takes about 60 servants to maintain the establishment.

If there ever should come a president of truly Jacksonian simplicity, who would insist upon shoveling the snow off the White House walks, he would have a week's work ahead of him after each blizzard. There are 11,473 square yards of sidewalk on the White House grounds. There are 29,759 square yards of roadway to be swept, one thousand linear yards—over half a mile—of hedges to be trimmed, and 391 shade trees to shed their leaves every autumn. These grounds are a show place, observed by thousands of tourists every year. To sweep the walks and drive rakes the leaves, seed and sod the lawn, and keep the grass trimmed, the government has to pay out \$10,000.

Coal Bill Tidy Sum. The annual coal bill for the White House itself at present prices comes to about \$4400 a year. This sum provides about 270 tons of furnace coal and 85 tons of stove coal. Nothing but anthracite is used at the White House. The government keeps the White House cheerful in dark and cold weather by providing 38 cords of chestnut wood per annum to be burnt in the open fireplaces. The White House gas bill runs at the rate of nearly \$40 a month.

Cut flowers for the White House cost the government \$9000 a year. These are produced in the White House greenhouses—16 of them—which, incidentally, consume about seven hundred tons of coal a year at a cost of \$8600. In addition, one greenhouse on the average is rebuilt every year at a cost of \$9000. Consequently, the flowers and plants used in the White House actually cost over \$25,000 a year. Great quantities of these flowers are sent to Washington hospitals.

Economy has hit the White House, as it has the other government establishments. Mrs. Harding herself has taken the lead in keeping down operation costs. The east wing of the mansion is used only on state occasions, and accordingly Mrs. Harding has given orders that it is to be heated only when absolutely necessary. During the coming year the government proposes to spend \$10,000 removing the heating plant of the White House altogether and hooking up the mansion with the heating system of the state, war and navy building next door. The latter heating plant burns soft coal at about half the price of anthracite. The reform will also make unnecessary the services of the fireman who tends the furnace.

It is also proposed to cut down the ice bill by installing a refrigeration system during the coming year at a cost of \$4000.

Remodeling Planned. The government is getting ready to give the White House an extensive remodeling. In 1902 the White House was reconstructed, and the whole lower part of the building was made fireproof; but a recent inspection shows that the attic is still a fire trap, and that some of the roof beams have cracked or pulled loose from the stirrups. The government is going to spend \$5000 this year preparing the plans for the renovation.

The electric light bill at the White House comes to \$8600 a year. The bill is kept down to that figure by virtue of the fact that electricity for the mansion costs only three cents a kilowatt hour, as compared with about ten cents for the same unit of current paid by the average householder. One of the members of the White House management is an electrician, who sees to it that the lights keep burning. The light bill includes the cost of lighting the grounds and greenhouses as well as the house itself.

BOY DIES. HUNTINGTON BEACH, May 25.—Master Paul Sibley, aged 7, passed away Wednesday afternoon at 3 o'clock, with appendicitis. He was the son of Otis Sibley, of the Camp Grounds. Little Paul was taken ill Tuesday afternoon, but the cause of his illness was not discovered until too late to save his life.

French Actor May Not
Face Speeding Charge

Maurice de Canonge, French actor and motion picture actor, may never be called to face Justice J. B. Cox and the prospect of 15 days in jail for driving an automobile at a speed of 53 miles an hour.

His bail of \$100, forfeited last Wednesday, when he did not appear for trial, may be turned in to the county treasury, and that may end the matter.

That was what was gleaned from Justice Cox, suddenly uncommunicative today.

The speed nemesis refused to be issued for the actor, or what course might be followed.

Canonge was arrested by Traffic Officer Vernon Meyers several weeks ago, and at that time, although he admitted doing 53 or better, his trial was set for Wednesday, that he might complete the picture on which he was working.

PLACENTIA

PLACENTIA, May 25.—The grammar school Glee Club with their parents and their teacher, Miss Ruth Howerton, making forty-five in all, were driven in the school motor bus, to Genesha park, Pomona, where they enjoyed a picnic dinner and swimming and hiking in the afternoon.

Mrs. Florence Rogers and daughter, Ruth, who have been wintering in Long Beach, visited their friends, Rev. Frank M. Dowling and family Tuesday.

Francis Dowling has gone to Beaumont to their cherry ranch to be there for the opening of the cherry harvest.

Mrs. S. W. McCulloch was hostess to the Pullerton Women's club at her beautiful home on Placentia avenue on Wednesday evening. A splendid program was enjoyed.

Mrs. McCulloch was assisted in serving by Miss Sophia Burdorf, Mrs. S. S. Twombly and Miss Jean Bolling.

Mrs. Joe Monroe entertained twenty of his friends at a delightful three-course luncheon party Wednesday. The rooms were artistically decorated with white and yellow daisies and the same color scheme was carried out in the table decorations of pretty favors in floral designs.

The afternoon was spent at cards. Mrs. G. L. McFadden won high score. Mrs. Charles O. Pettit, won second, Mrs. Lisle R. Morehouse, draw prize and Mrs. Lewis Edvardson, consolation.

Mrs. Charles Thamer is entertaining her cousin, Miss Chapman of Los Angeles. Charles

GERMANY'S WAR
WOUNDED ARE
PROVIDED FOR

BERLIN, May 25.—Germany is slowly closing her soldier hospitals.

Only about 75 of the original thousand hospitals used at the end of the war for her soldier wounded are now being operated as such and plans are underway to close four within a few weeks.

Germany—defeated in the World War—has taken care of her wounded soldiers and the survivors of her soldier dead as probably no other nation in the war.

According to complete figures, Germany lost 1,846,293 killed in the war and 4,247,844 were wounded. During the war Germany began the task of pensioning officers and taking care of wounded and survivors of soldier dead and at the end of the war a complete governmental branch was established with thousands of employees for the purpose of settling claims.

Within a short time the cases of 1,537,000 wounded were settled as well as 1,945,000 cases of survivors of soldier dead—including 533,000 widows, 124,000 half orphans, 58,000 full orphans, 58,000 aged parents and 162,000 widowed or widowed parents.

Beside the new pensions granted officers and the outlay for wounded and surviving relatives, the government continued paying pensions to 220,000 invalids and 16,000 surviving relatives on the lists at the outbreak of the world war.

After the war Germany undertook the task of curing her wounded—treating officers and men alike in this respect. On Oct. 1, 1919, 1000 soldier hospitals were in use throughout Germany. Now only 75 are maintained, whereof 23 are for permanently disabled or incurable. Special hospitals are maintained for lung diseases, jaw injuries and brain diseases. In 1921 a total of 22,000 cures were effected and 14,500 in 1922.

Thamer is spending three or four weeks in Chicago, where he took his brother to the hospital. Mrs. J. M. Bancroft, who was Caroline Pittman before her marriage two weeks ago, after an attack of acute appendicitis, underwent an operation at the Anaheim hospital Wednesday morning. She is a daughter of Mrs. Jay Mason. O. C. Christensen, who has been ill, is improving.

Cypress Tots Injured
When Run Down by Car

Ruth and Claude Faber, Cypress children, were in the Artesia hospital today, recovering from injuries sustained about 10:15 p. m. yesterday, when they were run down on the Lincoln boulevard by an automobile driven by Jack Barnett, Anaheim, according to a report made by Barnett at the sheriff's office today.

The children were walking on the highway, he said, and he did not observe them until it was too late to avoid striking them.

FIFTY THOUSAND WOMEN

would comprise a vast army, yet that is the number who have replied to a questionnaire recently sent out by the Lydia E. Pinkham Medicine Co. of Lynn, Mass. Ninety-eight out of every 100 letters from these women contained positive assurances that they have been benefited or restored to health by taking this old-fashioned root and herb medicine. This is most remarkable evidence of its power over the ills of women. Therefore, with 98 chances out of one hundred that Lydia E. Pinkham's Vegetable Compound will overcome such ailments for you, why should you continue to go through life in pain and suffering? Adv.

LARGE HARD
PIMPLES ON CHIN

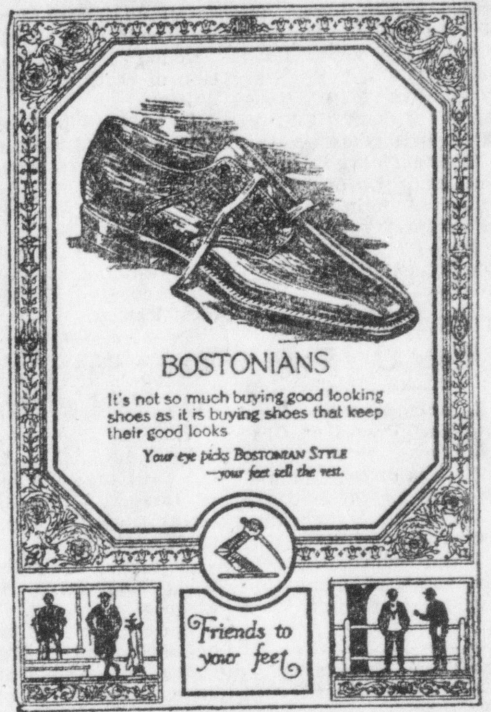

Itched and Burned. Lost Rest. Cuticura Heals.

"My trouble started with a rash which broke out on my chin and later turned to large, hard, red pimples that festered. They itched and burned so badly that I scratched them. I was very restless and lost my rest at night."

"I tried different remedies without success. The trouble lasted about two months before I began using Cuticura Soap and Ointment, and after two weeks' use I was completely healed." (Signed) Miss Thelma Goodson, Rt. 7, Idaho Falls, Idaho, Aug. 21, 1922.

Cuticura Soap, Ointment and Talcum are all you need for all toilet uses. Bathe with Soap, soothe with Ointment, dust with Talcum.

Sample Each Free by Mail. Address: "Cuticura Laboratories, Dept. B, P.O. Box 103, Portland, Me." Sold everywhere. Soap 25c. Ointment 15c and 50c. Talcum 10c. Cuticura Soap shaves without mug.

MUSIC CONTEST PRELIMINARY HELD HERE

Scholastic musical memories were on edge today at the preliminaries of the county music memory contest program to be held in the music room of the Santa Ana high school at 3:30 p. m., under the direction of Miss Margaret Wickes, of the high school music department. Twenty-five selections making up the list were programmed by Miss Wickes.

The contest was open to all students. A large number were entered. Representatives of the high school in the final Orange county contest to be held at the high school auditorium, Tuesday, May 29, at 8 p. m., were to be chosen from this afternoon's contestants. Each school will be represented by a team of five students in the county contest.

Numbers used in the contest were played in the high school assembly yesterday afternoon. The high school band which is daily calling forth added comments of appreciation, played "The Stars and Stripes Forever" by Sousa and "Miserere" by from "Il Trovatore." Ronald Crookshank played on the violin the "Minuet in G," by Beethoven and Loren Canon played also as a violin solo, the "Intermezzo" from "Cavaleria Rusticana." He was accompanied on the piano by Russell Rowland.

Harding and Obregon May Meet On Border

DOUGLAS, Ariz., May 25.—President Harding and President Obregon of Mexico may meet here at the border if plans of the Chamber of Commerce for an international reunion go through. Invitations to both presidents were dispatched today and it is hoped that the ceremony can be arranged some time during President Harding's Western trip.

Eating meat on Wednesday, or driving on a Sunday, is still punishable in England.

Band Concerts at Beach Called Off

"The proposed band concerts, featuring the Santa Ana high school band at Newport Beach Saturday and Sunday, have been called off."

This was the statement here today of S. J. Mustol, director of music in Santa Ana schools, who declared that the arrangements for the concert were not satisfactory.

"It was suggested," said Mustol, "that the band go to the beach and remain over the week-end. Several of the boys made the arrangements. When I learned the details, however, I investigated and decided it would not be wise to give the concerts there at this time, because of the necessity of taking the boys away from their homes on Saturday night. Therefore the concerts were declared off."

Certified Potato Seed On Increase

Productions of certified potato seed has made rapid strides in the last four years, according to the United States department of agriculture.

In 1919 there were in the United States but 3,750 acres of potatoes that met the requirements set for the production of certified seed. In 1922 the acreage reached 17,258, and the production of certified seed was 2,273,900 bushels.

In 1919, 43 per cent of the acreage inspected and offered for certification was accepted and passed; in 1920, 52.75 per cent; in 1921, 59.5 per cent; while in 1922, due to higher standards called for by the regulations, but 40 per cent of the acreage offered was accepted as good enough for certification.

LOS ANGELES, May 25.—Douglas Fairbanks sr. doesn't approve of Douglas Fairbanks jr., 13, entering the movies, even at a salary of \$1,000 a week.

"I do not think it is the right thing for him to do," said the actor-father today.

"I do not object to him choosing his own future, but he is too young to choose it yet. He should have waited until his education was completed."

MONUMENT FOR DEAD HEROES IS URGED

Proposal that a suitable monument to all the fallen comrades of the Great War, as well as those who fell in the Spanish-American War and the Civil War, be erected in Birch park; an address on tax exemption for former service men by Maurice Enderle; appointment of a committee to organize a drum corps, and an excellent entertainment and "feed" were the outstanding features of a meeting of the American Legion post here last night.

Urges Monument

Major C. M. Cotton of the California National Guard, in proposing a monument in Birch park, said that this memorial should be made to embrace all American service men who made the supreme sacrifice for their country.

"In these days of hustle and bustle," said Major Cotton, "we are too prone to forget the noble men who were willing to die that we might live and our country flourish under the banner of freedom. In order that we shall not permit ourselves to forget, we should perpetuate in stone the deeds of the men who gave all for the cause they felt was just and right. You have a beautiful park here, in the very center of the city. In the heart of that park you should erect a lasting memorial to our soldier dead."

Names Committee Head

Commander Grouard named Charles Swanner to head a committee to place the proposal before the executive committee of the G.A.R., the Sons of Veterans, the Spanish American War Veterans, the National Guard and other organizations.

Upon invitation of the Rev. W. E. Roberts, the Legion post voted to attend Memorial services in the First Presbyterian church here next Sunday. A similar invitation was accepted by the Auxillary.

Hydrogen is made to solidify at a temperature of 470 degrees below zero, Fahrenheit.

REAL HAIR NOW BEING SEWED ONTO DOMES

LOS ANGELES, May 23.—Hear ye, "billiard-ball" denizens of the front row. You may have real hair in your head, no matter if it is now as smooth as the parlor door knob.

Glory be to Vienna and the weiner schnitzel, Austrian beauty doctors have found another secret of youth, but it remained for Dr. Alois Maier to bring the method to the United States.

Throw out your bottles, tell your bald-headed barber to go chase himself, and from a high-brow you may again descend to the ranks of the low-brow.

Reveals Secret

What's the secret? Dr. Maier doesn't care who knows. It is simply the anchoring of someone's else hair in your scalp with platinum. Simple, and it costs no more than a wig.

"You merely make anchors of platinum, with a barb on one end," said Dr. Maier at the Alexandria. "On the other end is a little eye, finer than the eye of a needle. You pull the hair through and knot it."

Sew On Hair

"When the hair is all prepared you jab the barbed end into the scalp, under the surface of which you have already built up a layer of fatty tissue. The hair will last forever and can't come out."

Perhaps more remarkable is the news brought from Vienna by Dr. Maier of the transplanting of human eyes from one head to another.

"We have no surgeons in the United States who can do the trick," said Dr. Maier. "In Vienna a person with good eyes who is about to die sells them to someone who is blind."

Relieved of Eyes

The two are placed on the operating table. Just before the sick person expires he is relieved of his eyes. They are transplanted to the blind person, three nerves are connected and two hours later the person who was blind can see perfectly."

Dr. Maier stated that late development shows that a person given gland treatment while young will over-top their fellowmen by at least a foot in stature.

"I wouldn't be surprised if, 100 years from now, people were not less than 8 feet in height," he said.

PARENTS HONOR TEACHERS AT PICNIC

Three hundred parents and teachers of Santa Ana school children were today recounting the good time they enjoyed last night at the annual parent teachers picnic in the Orange County park.

A bountiful outdoor supper, prepared by the women of the association, was served to the teacher-guests at 5:30.

An orchestra of high school boys furnished music during the supper as one of the enjoyments of the evening provided by the committee in charge, Mrs. E. M. Blake, president of the city federation of parent-teachers associations presided at the program which followed the supper and called upon the past presidents who were present to make talks. Mrs. John Clarkson and Mrs. T. E. Stephenson responded.

Superintendent J. A. Cranston extended the appreciation of the teachers for the happy affair given each year by the parents, and presented to Mrs. Blake, on behalf of her co-workers in the association, a beautiful fountain pen as a token of appreciation for her work.

The members of the new board of education were introduced. Alex Brownridge, president of the board, responded.

Guests and hostesses adjourned to the pavilion and enjoyed a one-act play entitled, "The New Curriculum," put on by a group of junior high school teachers.

STUDENT CONTROL NOMINEES NAMED

Much interest was being displayed at the high school today in the coming student body election following the nominating committee convention yesterday afternoon at which the following nominations were made: president, Don Williams, Alice Richards and Roy Le Bard; vice-president, James Gilstrap; secretary, Constance Crookshank; commissioner of forensics, Robert O'Brien, John Harper; commissioner of finance, Lloyd Morris; commissioner of publications, Theima Patton; commissioner of athletics, Don Williams, Gordon Middlebrook; boys' self-government, Daniel Cook, Roland Rabe, Leon Townsend and Ed Linsenbard; girls' self-government, Constance Crookshank, Virginia Thatcher, Josephine Crookshank and Virginia Stewart.

Elections are to take place next week.

Fear Poisonous Gas In Ruins at Mexicali

EL CENTRO, Calif., May 25.—Ruins of the Mexicali fire were still unexplored today. The blaze is still smoldering in numerous places especially in basements where quantities of goods had been stored. No search for bodies was conducted, and it was stated by police that, for fear of poisonous gases, no attempt will be made to penetrate the tunnels until the fire is extinguished.

HUNDREDS PRESENT AS LIONS' CONCLAVE OPENS

LOCAL DEN HAD PLANNED YEAR FOR CONCLAVE OF LIONS

Secretary Henderson Reviews Activities of Santa Ana Club
SEEKS SERVICE TO CITY
Hope of Members Here Has Been to Make Gathering Big Affair

(By John A. Henderson Jr., Secretary Santa Ana Lions International.)

With the rap of the gavel calling to order the Fourth annual convention of Lions Clubs of District Four, the dream of more than a year has been realized by the members of Santa Ana den. If anyone should ask what has been the main activity of the local club during the past year, the answer might truthfully be "The District Convention."

When a dozen or so of our members went to Fresno last May, our determination was to bring the next convention to Santa Ana. When we got there and realized what a wonderful time we were having, we began to understand that we had a tremendous job on our hands to make a convention which would give the delegates a good time and at the same time provide an opportunity for local business and growth in Lionism.

Plans Under Way
With these purposes in mind, we returned home after outdistancing our nearest competitor for the next annual affair, and began work immediately to plan for this year's event. Evidencing the realization of the task before us is the fact that on the Monday following the conclusion of the Fresno meeting, which adjourned Saturday night, our board of directors nominated J. A. George as general chairman for the convention, and this action was ratified by the club at its next meeting. Meetings have been held by Chairman George and his executive committee nearly ever since that time.

In order to carry out the ideas that we felt should be incorporated in the annual gathering of an organization such as ours, we felt that Lionism had reached the place in California where time should be spent in earnest consideration of the problems facing all the clubs, and in an endeavor to enlarge our field of service and through co-operation with others to make ourselves more useful in our local communities.

Enjoyed Its Work
The Santa Ana Club has enjoyed the year of effort. It has had its rewards for us. While we have worked hard and have contributed liberally of our money to finance the present convention, it has brought us together into a working unit that is functioning loyally in this the climax of our year's work. General Chairman George has often mentioned the loyalty of the men with whom he has been working, every one asking for something definite and hard to do.

While planning determinedly for the convention during the year, we have also accomplished much in the life of our community during the twelve-month. We are proud of our record, which includes active participation by nearly every man, in the campaign for the new Young Men's Christian association building, co-operation in fostering other civic bodies in the recent campaign to secure a new charter for the city, co-operation in securing the services of Community Service in organizing playground activities here, in financing the work of the Boy Scouts, and many similar things.

Sixty-Five Members
Our membership has made a steady growth since a year ago, but we have made no effort to make that growth rapid. We feel that our organization has reached the place where its selection of members can be made with a great deal of care, and everyone that is proposed for membership at the present time is scrutinized carefully before being accepted. With an active membership of 64 a year ago, we now register 65 on our roll. A few months ago upon recommendation of the board of directors, the club adopted a limited membership of 70. Our purpose for the future will be as it has been in the past, to secure quality in membership, rather than quantity.

During the spring of last year the Santa Ana club led all others in the United States for clubs of our size in the annual attendance contest finishing with a record for the eight weeks of 99.04 per cent. In the attendance campaign this year we have registered 100 per cent for seven meetings, and hope to again carry off the honors for our group. When the district convention adjourns Saturday evening (Continued on Page 10.)

SANTA ANA LIONS IN RIOTOUS HOSPITALITY

Harry L. Hanson, president of Santa Ana Lions den.

President Harry Hanson Issues His Greetings to Luncheon Club Delegates

Greetings to the visiting Lions and Lionesses from all parts of this district (California, Nevada and Hawaii).
It is with no small degree of pride that we welcome you to our midst: In the first place, in order to show our sister clubs, as well as our fellow citizens, the one hundred per cent type of American citizen that our entire membership is made up of; in the second place, to show the visiting members whom we have invited to meet with us in this regular annual business session a good wholesome time and the genuine hospitality of the community in which we have been fortunate enough to have our den.

Mayor of City Welcomes Visitors to Convention

To the delegates and visitors to the district convention of Lions Clubs:
In behalf of the residents of the city of Santa Ana I extend you a cordial welcome and invitation to avail yourself of all the privileges offered by "Santa Ana Beautiful", the center of this "wonderland".
We appreciate fully the courtesy of busy business men in complimenting our city by coming here to accept the hospitality of the group of men who compose the local club.

Here Are Lions -- Registered--

Members of the Registration committee were busy today registering arrivals for the Lions' convention. Following is a list of those who had registered up to 9 a. m. today:

ORANGE—Mrs. E. C. Joe, J. E. Coo, Jack M. P. Feltow, L. E. Shup, R. H. Manning, H. C. Kettelle, Mrs. H. C. Kettelle, W. Lynn, Mrs. A. Stein, Edwin T. Kelsor, A. Roy Moore, Mrs. A. Roy Moore, Geo. H. Schiano, L. A. Keller, Mrs. L. A. Keller, Dr. G. F. Willis, Mrs. G. F. Willis.
PORTERVILLE—Paul J. Robinson, A. J. Throbbred, Frank K. Ritchie, K. P. Fremo, Dan D. Webster.
REDELEY—A. Terkel, Mrs. A. Terkel.
SANTA ANA—W. M. Gardner, Mrs. A. M. Gardner, Miss Kate Mullen, C. M. Wiggins, Emma Ochner, Mrs. J. Collins, J. Collins, Mrs. John I. Collins, E. H. Higgins, L. N. Calfee, Lena J. Calfee.
SAN FRANCISCO—C. Willard Evans, Mrs. C. Willard Evans, Mrs. W. W. Vanderburg, W. W. Vanderburg, J. Gordon Hill, Mrs. J. Gordon Hill, Art Pierce, C. Art Pierce, C. H. Sprague, Mrs. C. H. Sprague.
SACRAMENTO—John W. Tallon, Mrs. Ray L. Riley, Ray L. Riley, Jas. L. Enigh, John Moloney, Mrs. Jno. Moloney, Fred J. Johns, Mrs. Fred J. Johns.

CREED OF LIONS IS BASED ON PATRIOTISM

Liberty, Intelligence and the Nation's Safety Are Chief Aims

Lionism is founded on a definite creed, with a list of objects and principles to which the members subscribe.
The creed of Lionism runs:
L—oyalty to country, community and home.
I—ndividual integrity in thought, word and deed.
O—ur flag, our language.
N—ew ideals, new hopes, new ambitions in business and profession.
S—ervice that is founded on the golden rule.
The slogan is typical of the club organization, being:
L—iberty
I—ntelligence
O—ur
N—ation's
S—afety

The objects of the Lions' Club, tersely told, are as follows:
To unite its members in the closest bonds of good-fellowship; to encourage active participation in all things that have to do with commercial and civic betterment; to uphold the principles of good government; to assist in every way possible in furthering the interests of its members and in bringing about a better understanding among men; to teach that organization, co-operation and reciprocity are better than rivalry, strife and destructive competition.

There are five foundational principles of the organization reading:
1. Full and hearty co-operation with all other clubs, the Chamber of Commerce and other civic and commercial organizations, in all movements in the community which seek to promote any betterment, civic, industrial or educational, and any plans looking toward the elimination of class distinction.
2. Promotion of public health, hygiene and sanitation, especially among those who need instruction and guidance in the care and feeding of children.
3. Being an organization thoroughly loyal to our government, it is our special interest to advance education in the language, customs, ideals and government of our country, especially among adults of foreign birth.
4. Strict adherence to the highest code of ethics in business and social relations.
5. The biggest asset of any nation being its people, one of the cardinal points of Lionism is the cultivation of a spirit of genuine brotherhood among men.

THESE ARE MEN WHO ARRANGED CONFERENCE

Here are committees of Santa Ana den charged with responsibility for development and execution of details for the convention of Lions.

Executive and program—J. A. George, chairman; John A. Henderson Jr., secretary; Dr. Rowland, C. R. Killen, Harry Hanson, Mark Lacy, Wayne Goble, C. E. Prior, W. S. Spencer, H. B. Van Dien, P. F. Schrock, W. K. Hillyard, C. C. Whitney, Maurice Phillips.
Reception—Dr. E. H. Rowland, chairman, Bruce Monroe, Dr. C. R. Lane, C. S. Crookshank.
Ladies' Reception—Mrs. Harry Hanson, chairman, Mrs. Lester Carden, Mrs. C. S. Crookshank, Mrs. E. H. Rowland, Mrs. J. A. George, Mrs. H. B. Van Dien.
Permanent Finance—C. L. Killen, chairman, Lester Carden.
Entertainment—Harry Hanson, chairman, Carson Smith, Lynd Anderson, Decors—H. B. Van Dien, Harold Yost, W. F. Crites.
Banquet and Luncheon—Mark Lacy, chairman, James Hughes, Clyde Whitney, Ernest Winbiger, Frank Miller, Dr. G. C. Ross, Burt West.
Automobiles—W. S. Spicer, chairman, Edgar Roth, Herbert Miller, Carl H. Kaufman, O. H. Egge, James Livesey, Will Gerard, Frank Purinton, Roy S. King, Geo. H. Ash.
Signs—Wayne Goble, chairman, Arthur Shauer, Burr Shafer, Robert Gram.
Publicity—C. E. Prior, chairman, Harold Yost.
Program and Badges—Clyde Whitney, chairman, W. S. Spicer, John Henderson, W. K. Hillyard.
Street Decorations—H. B. Van Dien, chairman, Harold Wahlberg, A. J. Ralph, Ed. Holmes, Ted Kelly, Dr. H. J. Howard, C. E. Stewart.
Decorations—W. K. Hillyard, chairman, Harry Brackett, Joe Woodside, Tom Willis, R. P. Yeagle, C. W. Johnson.
Music—Maurice Phillips, chairman.

CHIEF OF THE LIONS IS STATE CONTROLLER

Ray L. Riley, state controller, is district governor of the Lions. He is to preside during the district convention in Santa Ana.

Sees Service As Reason For Leadership; Governor Acclaims Club Influence

The remarkable growth of business men's service organizations is one of the outstanding developments of recent years. Lions International is scarcely five years old and today it is one of the three largest service organizations of the world, with more than forty thousand active members.

The fourth district comprises the state of California, Nevada, and Hawaii, having fifty clubs, with a membership of more than three thousand. Each club is a cross-section of the business life of the community and presents the most effective group organization that has yet been devised. Individual action is no longer feasible or effective, for men have been taught the advantages of co-operation.

The Lions club presents the largest measure of individual representation with the added advantages of collective co-operation. Lionism is based upon sound principles and attainable ideals that are peculiarly adapted to serve the civic needs of communities, and as time goes on public opinion will be guided to a larger and larger extent by the leadership that has developed in the Lions clubs. An attempt to outline the activities of the many splendid clubs in this jurisdiction would include every problem that confronts the average community. They have not shirked their responsibilities and there are many note-worthy accomplishments.

The future of Lionism is not dependent upon material progress or material accomplishments alone, if it were, we would expect an early demise. Men must have ideals and be willing to fight for them if need be; otherwise, the world would become a huge sty of materialism.

This country of ours was founded upon ideals that came to fruition and no organization can hope to stand the test of time without vision of ideals. Lionism recognizes that intelligent law-abiding citizenship is the only safeguard of the future. There never was a time in the history of the world when leadership was so necessary to solve the problems that confront us. We are alive to the necessities of the occasion and face the future with courage and confidence.

RAY L. RILEY, District Governor.

Program for Remainder Of Gathering Given

Following is the program for Friday and Saturday:
Afternoon
12:15—Ladies Luncheon, Elks Home, Anaheim, Bob White, President Anaheim Den, presiding, Hosts Anaheim Den. Leave St. Ann's Inn 11:00 a. m.
1:30—Convention Photo.
2:00—Convention called to order, Temple Theater.
2:05—Report of Club Activities by Dr. Kattelle, Pomona Den.
2:40:30—Report of District Governor, Lion Ray L. Riley.
3:00—Address, Rex B. Goodell, Collector Internal Revenue.
3:20—Address, Jay Stevens, San Francisco, "Fire Prevention."
3:40—Report of Committees.
5:00—Adjournment.
Evening
6:30—Dinner and dancing, Virginia Hotel, Long Beach, Hosts, Long Beach Den, Past President, Lion Walter Warmbold, Long Beach Den presiding.
9:00—"Pike Party" and Dancing on the Pike.
Raw fish-bones can cause blood-poisoning of a severe type, even when the fish is quite fresh. According to a French scientist, pipes, cigars and cigarettes aid the digestion.

DISTRICT LEADER NAMES COMMITTEES AS LIVELY BUSINESS SESSION HELD

With hundreds of delegates and visitors arriving today and increasing the number reaching here yesterday and last night, the fourth annual convention of the fourth district of Lions' clubs opened at the Temple theater at 10 a. m. today, with a large attendance of enthusiastic Lions.

Singing by club delegations and marching by some of the clubs were preliminaries to the calling of the session to order by Ray Riley, district governor.

With brief formalities in the opening, Riley swung the convention into its business program in a manner that indicated that he will direct the program with snap and energy.

The address of welcome was delivered by Dr. Elliott H. Rowland, past president of the Santa Ana den, and response was by Fred Johns, past president of the Sacramento Den.

H. R. Hargrave, secretary of the Fresno club, was made secretary of the convention.

John F. Collins, of Richmond, was appointed sergeant-at-arms.

The first formal business was announcement of the committees by Riley. They are as follows:

Credentials—William Stier, Oakland; Harry L. Hanson, Santa Ana; Harry E. Becker, Brea; Roy Henderson, Berkeley; William J. Evans, Covina; E. S. Friend, Dinuba; Dr. Callon, San Francisco.
Constitution and By-laws—W. M. Gardener, Reno; George Ball, Fresno; Fred Felberg, Garden Grove; A. C. Hummel, Hollywood; W. G. Newmire, Huntington Park; Paul C. Graham, Long Beach; O. S. Hubbard, Madera.
Resolutions—Dale Park, Los Angeles; W. E. Spears, Manteca; A. Terkel, Redley, John Mellen, Orange; Dr. J. F. Willis, Pasadena; Emerson Reed, Sacramento; Arthur W. Moore, Oakland.
Nominations—Fred Johns, Sacramento; Frank Jacques, Long Beach; Charles Hutson, Los Angeles; H. C. Kettelle, Pomona; L. J. Smith, Marysville, Charles Trowbridge, Porterville; H. M. Schauer, Tracy.
Introduction of New Members—E. R. Youndt, Pasadena; Arthur Brown, San Bernardino; Howard S. Worth, San Diego; Joseph E. Hancock, San Jose, Clyde Smith, San Pedro; A. J. Stoner, Sawtelle; Robert Inglis, Stockton.
Grievance—Ed Manning, Huntington Beach; G. Goldberg, Modesto; J. F. Spencer, Ontario; E. H. Higgins, Richmond; M. Estudillo, Riverside; C. B. Hoop, Culver City; H. C. Hodges, Tulare.
Next Convention City—Dr. W. W. Vanderburgh, San Francisco; L. F. Albrecht, Marysville; John Riley, Los Angeles, Frank Woodward, Oakland; Frank Berg, Berkeley; Eddie Gore, Los Angeles.
Club Activities—Walter Warmbold, Long Beach; Bert Leslie, Whittier; Clarence Knight, Oakland; Robert White, Anaheim; L. E. Daniels, Sacramento; V. D. Farquhar, Hollywood. Herman Harris, San Bernardino.
Greetings by telegram were received from Ed S. Vaught, Oklahoma City, president of the International; Melvin Jones, Chicago, secretary; and the Chamber of Commerce at Omaha. The latter will go to the international convention with an invitation for the 1924 session.

It was revealed here in the early session that Walter Warmbold, Long Beach, is not the only candidate before the convention for election as district governor. Dale Park, of Los Angeles, and E. R. Youndt, of Pomona, will contest with him for the honor of succeeding Riley, who is not a candidate for re-election.

Edwin T. Riley, of Pomona, state real estate commissioner, is one of the prominent men of the state who are here to attend the annual session. The commissioner was here for today only, an important hearing in Los Angeles tomorrow making it necessary for him to be in that city.

Herman Harris, former merchant of Santa Ana, and now one of the leading dry good merchants of San Bernardino, is a delegate and is renewing the acquaintance of many old-time acquaintances.
Frank Woodward, Oakland, is another man now here who formerly claimed Santa Ana as his home. Woodward was a resident some twenty years ago, and will be remembered by oldtimers as a clerk in a local paint store and a "regular fiend for amateur baseball."

At noon the men visitors and delegates were served at Birch park with box lunches, prepared by the Ebell society. The women were guests of the Anaheim den at a luncheon at Elk's club.

Riley Endorsed.
Ray Riley today had the endorsement for the post of international director, following a meeting of the Officers' Association of District No. 4, at 9:30 o'clock last night. A resolution was passed urging support of his candidacy by all delegates from the fourth district to the international convention to be held at Atlantic City, June 27, 28 and 29. The resolution was presented by Dale Park, Los Angeles. Other resolutions were discussed, some of which will come before the convention, probably late this afternoon. Association officers were elected as follows:

Ben R. Walker, Fresno, president; Bert Leslie, Whittier, vice president; Jack Riley, Los Angeles.

For benefit of new-comers: Blumm rebuilds any old shoe; Men's Half Soles, \$1.50, Ladies' Half Soles, \$1.00; at 104 East Sixth.

CONVENTION

J. A. George, chairman of the convention committee, and two whose executive ability and untiring efforts much of the success of the convention arrangements is due.

LIONS CLUBS ARE OUTGROWTH OF WAR

Lions clubs first began to form in the year 1915, the movement being born almost simultaneously with the commencement of the European upheaval and reflecting largely its effects. The first club organized was that at San Antonio, Texas, and in rapid order clubs sprang up at Galveston, Houston, Dallas, Austin, Fort Worth and Waco, Texas; at Pueblo and Denver, Colorado; at Salt Lake, Utah; Texarkana, Shreveport, Louisiana; Abilene, San Angelo, Texas; Oakland, California; Colorado Springs, Boulder and Ft. Collins, Colo.; Sioux Falls, South Dakota; Sioux City, Waterloo and Cedar Rapids, Ia.
However, it was not until the fall of 1917 that this heterogeneous mass of clubs assumed a unified character, brought about by the call for a meeting at Chicago. Twenty-seven clubs were represented, which became the nucleus of the International association as it is today. Pasadena is but one of hundreds of branch organizations operating under charter from this international association.

LEADER NAMES COMMITTEES OF LIONS

(Continued From Page Nine.)

les, secretary; Leo Smith, Marysville, treasurer.

The association is composed of presidents, past presidents and secretaries of the clubs in the district. Forty-five clubs were represented at the meeting.

At the Temple theater last night convention visitors were entertained with a program setting a pace that for excellence will be hard to maintain.

Pastor Gives Address.

The Rev. Frank Roach, of the Long Beach Lions, carried his auditors back to the days of their youth—the old swimmin' hole, street fights, school days and the old many dog, and wove from these stories the possibility of men picking up the underprivileged child and making a real man of him.

Recital of personal experiences and their application to life of today made the address stand out as out of the greatest of appeals for the poor boy who is in need of a kindly hand and helpful word.

Speaking on "Boys."

The speaker indicated what was needed was to meet the boys and girls of today in such a way as will lead them to be better men and better women.

"The Town of Boyville" was the central figure in his narrative of boy life used in developing his points.

Tells Boy Philosophy.

He declared that no man who did not have a son could have full realization of what was in the heart of the boy.

"Any married couple who has neither boy or girl should be driven from the community," was one of the expressions of the pastor.

He touched on the philosophy of the boy, pointing out how the red blood coursing through a lad's veins calls for action.

"The boy who steals a watermelon is not a thief," declared the speaker, in pointing out the tendency of many to brand as such a lad who may slip in a small way and take something which does not belong to him. He asserted that the inclination to take something is in the heart of every boy, and challenged any man or woman in his audience who at some time in life had not had a desire to purloin something, to stand up.

Tells Own Experience.

By recital of his own experience as a boy, he brought vividly to mind the boys of poor parentage who are treated as outcasts and shunned by boys and parents who are in better financial circumstances; how he had determined that he should get an education and how the helpful word of a school teacher had encouraged and started him on the road to a higher education and better understanding of life.

In discussing delinquent boys, he said "don't go after the delinquent boy—go after the delinquent parents, or after the Lions who permit delinquency."

He said that every boy has a big heart, and a big dream and he appealed for help for him.

"Meet him and help him," was the admonition given by the speaker.

Pleads for "No Good" Boy.

In conclusion he made a plea for the boy in town whom everybody knows, or regards, as "no good."

"Take such a lad to your heart, assist him in getting an education, treat him as though he were a human being—and you will find that he will develop into a real man," declared the minister.

Buck and wing, and clog dancing by clever professionals was one of the entertainment features.

A film of scenes on the Hawaiian islands, including the lava beds, and Hawaiian songs by a professional entertainer, offered one of the instructive and pleasing numbers of the evening.

Plan Banquet.

What is regarded as the big social feature of the convention, the convention banquet, will be held to night on the lawn at St. Ann's Inn. Tables were placed on the lawn today and full preparation had been completed late this afternoon.

Club stunts will be given on the lawn by some of the fifteen clubs entering the competition for the loving cup offered by the Santa Ana club for the best stunt. Other stunts will follow later at the Yost theater.

Some of the club have made extravagant preparation for the stunts. Fresno stood out prominently today, with a special stage prepared for its feature. With bronze lions at each end of the temporary stage and a picture of the "Sun Maid" in the background, the setting is attractive.

The fifteen clubs scheduled to participate in the competition are Berkeley, Fresno, Huntington Park, Long Beach, Los Angeles, Oakland, Ontario, Pasadena, Riverside, Sacramento, San Bernardino, San Diego, Modesto, and Reno, Nevada.

Stinson, Ansel G. Nordeen, F. O. Smith, Henry O. Ehlen, A. W. Swayzee, Merle Talmage.

Local Den Planning Year for Convention

(Continued From Page Nine.)

ation will not be the order for members of the local Lions club. Numerous suggestions have already been made for the betterment of our organization, stimulation of our meetings, and new ideas of activity in which we can render service to our community. If we ever stop being of service, our mission in Santa Ana will be ended. With all of our good times and enjoyable meetings and entertainments, we try never to lose sight of the fact that we are primarily a "Service Club," and that there is no justification for our existence if we cease to so function.

Bronchitis and pneumonia are the diseases which cause most deaths in London.

Among the many suggested remedies for sea-sickness is the drinking of a glass of sea-water.

The notornis, an almost extinct bird that cannot fly, has been photographed in New Zealand.

Just What She Needed Declares Mrs. De Leon

Had Scarcely Any Life or Energy at All, But Now Is Improving Every Day—“Tanlac Never Fails Me,” Declares San Francisco Resident.

“This is not my first experience with Tanlac, for I have tried it on several occasions, and always found it to be just what I needed,” recently declared Mrs. Anna K. de Leon, 337 Central Ave., San Francisco.

“Lately I was bothered with colds and bronchial troubles, just seemed to be run down in every

way, and had scarcely any life or energy. My nerves were bad, I couldn't sleep or rest well at night, and was so weak and wornout it was just about all I could do to get around.

“Tanlac had always helped me so much before, I decided to try it this time, and although I have only taken it for a short while now, I am rapidly improving every day. My nerves are better, I sleep better, that wornout feeling is gone, and I feel better in every way. Tanlac never fails me, and I cheerfully recommend it to anyone.”

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

J. C. Wallace, chairman of the committee in charge of registrations for the convention.

Here Is List of Members and Classifications for Santa Ana Roaring Lions

OFFICERS.

Harry L. Hanson, President; C. E. Prior, First Vice President; Warren K. Hillyard, Second Vice President; H. B. Van Dien, Third Vice President; John A. Henderson, Jr., Secretary; Claude L. Killen, Treasurer; Bruce E. Monroe, Lion Tamer; Walter S. Spicer, Clyde C. Whitney, C. S. Crookshank, F. B. Miller, Directors. Meetings Thursday, 12:15 St. Ann's Inn.

The Membership.

The list of members of the Santa Ana Lions Den, together with the nicknames and classifications, follow:

Lyle Anderson, “Andy,” National Cash Registers.
Geo. L. H. Ash, “George,” Automobiles.
Harry H. Brackett, “Harry,” Safe Cabinets.
A. H. Bradley, “Brad,” Adding Machines.
Robert E. Brown, “Brownie,” Stocks.

R. F. Canterbury, “Ray,” Paints, Oils.
L. L. Carden, “Kink,” Clothier.
M. D. Clark, “M. D.,” Investments.

J. M. Cloyes, “Dearie,” Wholesale Cigars.
W. P. Crites, “Red,” Teacher.
C. S. Crookshank, “C. S.,” Orange Grower.

O. H. Egge, “O. H.,” Auto Body Builder.
J. A. George, “J. A.,” Finance.
A. W. Gerrard, “Will,” Grocer.

Wayne Goble, “Wayne,” Advertising Signs.
Robt. R. Gram, “Bob,” Retail Cigars.
Harry L. Hanson, “Harry,” Banker.

John A. Henderson, Jr., “John,” Casualty Insurance.
Warren K. Hillyard, “Capt.,” Civil Engineer.

Ed. D. Holmes, Jr., “Ed.,” Fire Insurance.
H. J. Howard, “H. J.,” Osteopath.
Jas. H. Hughes, “Hughie,” Social Director.

Edward J. Hummel, “Hum,” Athletic Director.
Dr. C. W. Johnson, “Shorty,” Optometrist.
Carl H. Kaufman, “Carl,” Spotlight Manufacturer.

S. B. Kaufman, “Sopple,” Attorney.
Theodore B. Kelly, “Ted,” Chemist.
Claude L. Killen, “Claude,” Sugar Manufacturer.

Roy S. King, “Roy,” Sand and Gravel.
Mark B. Lacy, “Beanie,” Garage.

Dr. Clayton R. Lane, “Clayton,” Surgeon.
James E. Livesey, Jr., “Jim,” Auto Accessories.

Wm. C. Lorenz, “Billie,” Jeweler.
Dr. W. C. Mayes, “Walter,” Eye, Ear, Nose and Throat Specialist.
F. B. Miller, “Frank,” Hardware.

Herbert L. Miller, “Herb,” Wholesale Tires.
Bruce E. Monroe, “Bruce,” Pharmacist.
J. G. Parsons, “Joe,” General Merchandise.

C. E. Prior, “Cal,” Life Insurance.
Maurice C. Phillips, “Maurice,” Lumber.

F. L. Purinton, “Frank,” Public Market.
A. J. Ralph, “A. J.,” Auto Club.
Alan A. Revill, “Rev,” Organist.

Dr. G. C. Ross, “Gar,” Dentist.
Edgar S. Roth, “Roth,” Druggist.
Dr. Elliott H. Rowland, “Doc,” Exodontist.

Perry Frederick Schrock, “Perry,” Minister.
Raymond Schulte, “Ray,” Canev.

Burr Shafer, “Bur,” Music Store.
Arthur Shafer, “Art,” Agriculturist.

R. Carson Smith, “Carson,” Real Estate.
Walter S. Spicer, “Spike,” Planning Mill.

C. E. Stewart, “Stew,” Printer.
D. Glenn Tidball, “Glenn,” Creamery.

H. B. Van Dien, “Van,” Building Material.
Harold Wahlberg, “Harold,” County Farm Advisor.

John C. Wallace, “Jack,” Subdivider.
Z. B. West, Jr., “Burt,” Corporation Attorney.

Clyde C. Whitney, “Whit,” Titles.
Thos. H. Willits, “Tom,” Storage Batteries.

Ernest Winbigler, “Ernie,” Undertaker.
J. V. Woodside, “Joe,” Walnut Shipper.

Harold E. Yost, “Harold,” Theater.
Rowland P. Yeagle, “R. P.,” Physician.

SPEAKERS

The Rev. Perry F. Schrock, “Sky Pilot,” with the Santa Ana Den of Lions, and chairman of the committee on speakers for the convention program. The Rev. Mr. Schrock is referred to by his brother Lions as the “minister who is different.” He has been ill for several weeks and has not recovered sufficiently to attend the convention. It was one of the disappointments of the local Lions that he with them to assist in entertaining guests of the club.

X-rays are being used to search for imported goods for smuggled articles.

Greatest gold mine in the world is said to be the one at Timmins, Canada.

By one horsepower is meant the ability to lift 550 pounds one foot in one second.

Princess Marvels at Girls Chewing Gum

LOS ANGELES, May 25.—Society leaders, preparing a welcome here today for Princess Santa Lona Borghese of Rome, carefully hid their chewing gum—if they had any.

When in Santa Barbara en route here, the princess, who has come to this country to study social conditions, told an interviewer that in the course of her observations she had “seen really refined-looking young American women chewing gum in public.”

Amazing Discovery Restores Color to Gray Hair

A preparation which is said to be entirely different from the ordinary hair tints and dyes has been discovered by Prof. John H. Austin, over 40 years a hair and scalp specialist. This preparation is known as Co-Lo Hair Restorer, and is just a clear, colorless, odorless, greaseless liquid. It is pleasing and simple to apply, will not wash or rub off, and cannot be detected. Thousands of men and women have used Co-Lo with perfect results. Co-Lo can be had for every natural shade of hair, A6 for black and all dark shades of brown; A7 for jet black hair; A8 for all medium brown shades and A9 for light brown, drab and auburn shades. Co-Lo is obtainable at druggists everywhere.—Adv.

AMERICANISM IS IDEAL OF LIONS CLUBS

What do Lions clubs stand for, anyway?

Here, in a word, is their code of ethics:

1. To show my faith in the worthiness of my vocation by industrious application to the end that I may merit a reputation for quality of service.

2. To seek success and to demand all fair remuneration or profit as my just due, but to accept no profit or success at the price of my own self-respect lost because of unfair advantage taken or because of questionable acts on my part.

3. To remember that in building up my business it is not necessary to tear down another's; to be loyal to my clients or customers and true to myself.

4. Whenever a doubt arises as to the right or ethics of my position or action towards my fellow men, to resolve such doubt against myself.

5. To hold friendship as an end and not a means. To hold that true friendship exists not on account of the service performed by one to another, but that true friendship demands nothing but accepts service in the spirit in which it is given.

6. Always to bear in mind my obligations as a citizen to my nation, my state and my community, and to give to them my unswerving loyalty in word, act and deed. To give them freely of my time, labor and means.

7. To aid my fellow men by sympathy to those in distress, my aid to the weak, and my substance to the needy.

8. To be careful with my criticisms and liberal with my praise; to build up and not destroy.

SOCIAL NOTES OF HUNTINGTON BEACH

HUNTINGTON BEACH, May 25.—Mrs. L. W. Blodgett entertained her bridge club for an afternoon of play yesterday at her home, 501 Seventeenth street. It was the regular bi-weekly gathering.

Mrs. V. H. Wilhelm has returned from a four-month sojourn in Montevia.

Mrs. John I. Hinkle and H. A. Stewart spent yesterday shopping in Long Beach.

Mr. and Mrs. H. J. Glockner, 516 Tenth street, were in Los Angeles yesterday.

Phone 237 for good dairy products.

AT THE PIANO

Alan Revill, who plays the piano when the Santa Ana Lions “roar” at their regular meetings.

New Bags

At \$12 and \$14

we offer for your vacation pleasure and satisfaction full leather lined bags, extra wide cut, a large bag in mahogany brown. Looks like \$20.00 bags. At \$15 an extra heavy cowhide bag in light brown.

Suit Cases

\$2.50, \$5.00, up to \$35—a new and large stock of every kind that is made.

Beisel's

Leather Goods—Luggage
305 West 4th
N. Beisel, Prop.

Boston Bags,

\$2.50, \$3 up to \$7.50—full leather bags, some full leather lined.

BRADLEY'S

FLOOR ENAMEL

HEELPROOF—MARPROOF WATERPROOF

tells the story in three words. BRADLEY'S FLOOR ENAMEL is made to give years of service. It dries overnight with a high gloss that is permanent. Repeated washings and pounding heels have no effect whatever upon it.

We gladly recommend BRADLEY'S FLOOR ENAMEL.

SANTA ANA'S MOST POPULAR TRADING CENTER

Whittall's American Reproductions of Oriental Rugs

—Whittalls make it possible for the average American home to enjoy rugs of the rare beauty and durability of fine Orientals at about one-tenth the cost of imported rugs.

—Whittall's American reproductions closely conform to the old tradition of Eastern Art, obtaining the same beautiful designs, rich colorings, and splendid wearing qualities as the more expensive Persians.

—Chandler's are direct mill representatives for Whittall rugs, constantly carrying in stock a wide range of patterns and sizes in the various Whittall qualities.

—At this time we are showing an especially attractive selection, including many new designs. The are priced at \$96 for the 9x12 Teprac Wiltons, \$110 for Anglo-Kermin Wiltons, and \$135 for Anglo-Persian Wiltons.

TONIGHT'S ATTRACTIONS
TEMPLE—"Who Are My Parents?" with all-star cast.
YOST—"The Ne'er-Do-Well," with Thomas Meighan.
WEST END—"The Tiger's Claw," with Jack Holt.
PRINCESS—"The Flaming Hour," with Frank Mayo.

DRAMATIC INTEREST KEEN
IN "FLAMING HOUR"
"The Flaming Hour" in the attraction of that title showing at the Princess theater is a moment of intense dramatic interest. The thrill in the final scene is supplied by superb acting and the vivid explosion of great quantities of powder and TNT. Frank Mayo is the star, Helen Ferguson the leading woman and Edward Sedgwick directed. George Randolph Chester prepared the scenario from the story written by his wife, Lillian Chester.

ELEPHANT SPOILS SCENE
IN "TIGER'S CLAW"
One motion picture actor, by a single accidental move, destroyed an entire set and hazarded the lives and limbs of a dozen principals of the cast of "The Tiger's Claw," the picture starring Jack Holt, which is now showing at the West End theater.

The guilty actor was an elephant. The gigantic animal taking part in scenes supposed to be laid in India. As is the custom in that country, several elephants were being used to carry logs, move obstacles and other sundry duties. One of the big beasts moved too close to a native group of huts, however, with a long tree grasped in his trunk. At a sudden dynamite explosion nearby (for effect in the picture) the elephant turned suddenly. The tree, in his grasp was hurled around and, with a single sweep, every native hut was demolished.

While no one was injured, many were in danger. In addition, half a day was lost while the set was reconstructed.

"WHO ARE MY PARENTS?"
AT TEMPLE TONIGHT
"Who Are My Parents?"—the William Fox special production which comes to the Temple theater tonight for a three-day engagement, is a smashing story along the lines of the successful domestic dramas that have been shown by this company on Broadway, New York, and then made a triumphant progress in the picture houses of the country.

Following such important and highly esteemed productions as "The Fast Mail," "A Fool There Was," "Silver Wings," "Monte Cristo," and "Nero," it was necessary that "Who Are My Parents?" should be able to stand comparison with its predecessors. Everything points to a flattering result of the test.

"Who Are My Parents?" carries out the significance of its title. It

is filled with the sort of human interest that appeals to audiences the world over. Having gone to life for his characters and the incidents of his plot, Mr. X, the author, has shown insight in his selection of material.

The opening situation gives promise of a powerfully emotional tale and each succeeding link in the chain of incidents strengthens this impression. The climax is more than ordinarily forceful and contains a surprise finish that drives home the justice of the heroine's course of action when she is forced to bring suffering to the man she has married.

MOVIE STARS GREETED ON ARRIVAL AT PANAMA
Thomas Meighan, star, and members of the Paramount company players appearing in "The Ne'er-Do-Well," who went to Panama to film the principal scenes of that picture, were accorded a hearty reception on their arrival at the Canal Zone, according to the Panama Star and Herald. "The Ne'er-Do-Well" will be shown at the Yost theater tonight for the last time.

A crowd of several hundred persons were on hand when the Santa Luisa docked, and as Meighan, Lila Lee, Director Green and other members of the company walked down the gangplank a hundred cameras clicked, and a half-dozen movie cameras recorded their every move.

An official reception committee greeted the visitors, and it was not long before all were aboard the "Republic of Panama," the only parlor car of the Panama railroad, and bound for the capital.

Slaying Case Woman
At Point of Death

PHOENIX, Ariz., May 25.—Mrs. Lelah Crandall, charged with murdering W. E. Remington, member of the Arizona legislature and World War captain, hovered between life and death today at St. Joseph's hospital from the wound inflicted in her attempt at suicide. A guard is continually at the bedside to prevent further attempts.

The county prosecutor's office, preparing the evidence for June 5, is working on a theory of jealousy. If she recovers Mrs. Crandall will be released on \$3,000 bail, pending trial.

Four Only Slightly
Hurt In Auto Plunge

PASADENA, Calif., May 25.—Although the automobile in which they rode plunged off a bridge and 100 feet down Eagle Rock canyon, three women and one man here were suffering only from minor cuts and bruises today.

PRINCESS TONIGHT Regular Admission FRANK MAYO IN "THE FLAMING HOUR"

The story of a strong man with character untamed until the Flaming Hour forged new ideals.

Practical Notes on the S. S. Lesson

Prepared for The Register by Cal. Ogburn

Lesson for May 27. Isa. 6:1-3. ISAIAH, THE STATESMAN-PROPHET.

"In the year that king Uzziah died."—v. 1. The reign of Uzziah was long and prosperous. Not since Solomon had there been a king so great as he. And now that he is dead, Isaiah, a lover of his country, is anxious concerning its future. Who, now that king Uzziah the able defender is dead, would

take the lead in protecting the little kingdom of Judah against Tiglath-pileser king of Assyria? As it so often does, the prosperity of the people had resulted in their corruption. Wickedness was spreading throughout the land.

Who could stay this rising tide of iniquity, since there was no Uzziah to do it? Fear for Judah's future filled the heart of young Isaiah. And it was just such a fear as often comes to the patri-

otic in the time of a national crisis.

It is God who is our country's protector. And he safeguards those who honor him. God always has ready a man to fill the vacancy when he calls another from his labors. A wholesome concern for the welfare of our country is commendable, but foreboding fear never is justifiable.

"I saw the Lord sitting upon a throne, high and lifted up."—v. 1. Uzziah was dead, his reign of half a century over, but God lived, and of his reign there was neither beginning nor end. It was a great thought. Perhaps the greatest that Isaiah had ever entertained. A great conception is the removal of grave doubts and fears.

Recognizing the hand of God in the affairs of men, as seen in history, is a source of inspiration to any thoughtful man. Isaiah was never the same as he was before after he "saw the Lord sitting upon a throne, high and lifted up." He was thereafter under the spell of a great idea, and his own greatness and usefulness resulted accordingly.

If you would forever dispense with your little candle, by the dim light of which you pore over the omens of your country's decline and decay, get out of your "gloom-basement" and let God pour his sunshine into your soul, just as Isaiah did—and, too, this happened in the very year that king Uzziah died!

"Then said I, Woe is me! for I am undone; because I am a man of unclean lips; for mine eyes have seen the King, Jehovah of hosts."—v. 5. The people who are ready to confess their faults are those who have had a "close-up" view of God. And nothing so well lays the foundation for a useful career as this uncomfortable first acquaintance with Perfection. It is like seeing one's begrimed face in a mirror.

Earnestly desire to see God, especially as he has revealed himself in Jesus Christ. Your imperfections will stand out in bold relief—and you will be most uncomfortable. But see him, if you would have the greatest success in life—and know the meaning of "a peace that passeth understanding."

"Here am I, send me."—v. 8. At that moment Isaiah began to be a statesman and a prophet. He turned from theory to practice. Wishing, longing, hoping—if this he did—for an indefinite "somebody" to take the place of king Uzziah in serving the people came to an end. Isaiah, now with clean lips and a consecrated heart, stood forth and, in answer to God's question, "Whom shall I send, and who will go for us?" said, "Here am I, send me."

There is practical agreement among commentators that Isaiah came of a family of high rank, and that he was a polished, well-bred gentleman before he responded to God's call. He was the Wendell Phillips and the Saul of Tarsus of Judah. Unlike most of the men whom God makes use of to lead in reformations, Isaiah was from the aristocracy of culture and position. He fraternized with kings. Had he lived at their time, he and Wendell Phillips and Charles Sumner would have been fast friends. They belonged to the same type. Though of the "patricians," Isaiah would have championed the cause of negro freedom—and been dubbed an "Abolitionist." He would have espoused the cause of prohibition, when it was

Naturalized Citizens Warned of Dangers Of Losing Rights

WASHINGTON, May 25.—Naturalized citizens, it is explained at the state department here, should "watch their step" in returning to the land of their birth for a visit, lest they lose the citizenship they have acquired.

An alien applying for American citizenship declares on oath that it is his intention to reside permanently in the United States. On the strength of this promise the government gives him the same rights to which those who are born in the United States are entitled.

Law provides that if within five years after his naturalization a citizen returns to his native country or to any other foreign country and takes permanent residence there, it is prima facie evidence of his lack of intention to become a permanent citizen of the United States at the time of filing his application for citizenship and his certificate of citizenship may be canceled as fraudulently obtained.

Cast Is Convicted for Acting Immoral Drama

NEW YORK, May 25.—A general "toning down of Broadway morality" plays was in prospect today as a result of the conviction of 13 members of the cast of the "God of Vengeance" on charges of presenting an immoral drama. It was the first conviction obtained under the state penal code in a similar case in years.

Testimony before the jury indicated the play, portraying characterizations of a devil might be construed as detrimental to the morals of youth, Judge McIntyre said.

LITTLE GERMAN BAND IS DISAPPEARING INTO PAST
BERLIN, May 25.—The little German band, long a familiar feature of street concerts throughout the world, seems threatened with extinction.

Musical instructors here say there has been an alarming decrease since the war in the number of German bands. They think this is due mainly to the fact that Germany's disarmament entailed the dissolution for her many military bands and that this has made metal wind instruments unpopular.

Wanted — Experienced newspaper route carriers of good size. 307 No. Broadway.

unpopular. Not only today, when there is a growing sentiment in its favor, but in the days when war was glorified, Isaiah would have been heart and soul for peace, and gladly regarded the contempt of warlords as a part of his reward. Isaiah was a man of vision. He saw clearly the relation of cause and effect. To him present and future were inseparable. If the people sinned today they must pay the penalty tomorrow, and of this he warned them repeatedly and faithfully.

What a life was that of Isaiah for every man of standing, influence, affluence and power to take for an example and model! And maybe you have had such a vision of serving God with your accumulated talents as had Isaiah? Have you been disobedient till now?

BUENA PARK

BUENA PARK, May 25.—The members of the Parent-Teachers' association have received invitations to attend a social evening at the school hall Monday, May 28. There will be election of a new president, as Mrs. Bastady, who was elected, will not serve. Installation of new officers will also be held that evening.

I. D. Jaynes has had his residence on Whittaker avenue remodeled with all modern conveniences and a full length cement porch across the front, which adds very much to the appearance and comfort. The painters and decorators have it in charge now.

Mr. Uttenweiler has had his residence on Grand avenue improved with new screen porches.

Mrs. F. J. Hugenot is spending several days this week with friends in Los Angeles.

Frank Deuce, who has been spending a few days with relatives here, returned to Blythe Wednesday.

Edwin Bastady, son of Mr. and Mrs. Fred Bastady, is confined at home with the measles.

Tuesday afternoon a passing train set fire to the dry grass on the right of way and it soon spread to the Cratzer place and set fire to the barn. The alarm was given and the men soon had it under control. The Cratzer family was away at the time.

The Boy Scouts met Tuesday evening. The Scouts from here expect to attend the annual Orange county Boy Scout field meet, to be held next Saturday on the Santa Ana high school grounds.

Mr. and Mrs. W. Grover and Mr. and Mrs. E. Grover, Eagle Rock, were dinner guests, Sunday, of Mr. and Mrs. George Cole.

Mr. and Mrs. Marie Hunt of Tenth street returned home Tuesday, after a several days' visit to Mrs. Hunt's sister, Mrs. L. Poiriz, Long Beach.

Mr. and Mrs. Root and Dr. Stewart visited relatives at San Pedro Sunday.

Mr. and Mrs. I. D. Jaynes were in Los Angeles Monday evening.

Mr. and Mrs. Ralph Cummins spent Sunday at Orange county park.

Miss Gertrude McWilliams of Fullerton came home Tuesday afternoon for a few days visit.

Mr. and Mrs. Edward Ratcliff moved to Bellflower to make their home. Mr. Ratcliff has been employed as machinist at the Los Alamitos sugar factory.

Mrs. Roscoe of Santa Ana spent Tuesday with her sister-in-law, Mrs. Wagner, of the Buena Park Inn.

Mr. C. W. Givvin, Mr. and Mrs. Henry Warren and daughters, Eleanor and Florence, spent the week-end at Strawberry Plains, in the San Bernardino mountains.

Mr. and Mrs. Merle Asper of Ray, Ariz., arrived Monday, to visit Mrs. Asper's sister, Mrs. Earl Dow. Mr. and Mrs. Asper were married in Phoenix a short time ago. They expect to reside in Anaheim for three months then return to Arizona.

James Riley left recently by automobile for Chicago to spend the summer with relatives and friends.

Conan Doyle Hurls Defi at Skeptics

LOS ANGELES, May 25.—An offer to submit spiritualism to scientific investigation under offer of \$2,000 reward, has been issued by Sir Arthur Conan Doyle, who today said he would place \$1,000 with the Scientific American provided opponents of spiritualism put up a similar amount.

The author stipulated that the Scientific American was to conduct the judging and if proof of manipulation or fraudulent means were used during the seances to be held the amount was to go to the opponents of spiritualism. Otherwise the fund will be turned over to him for further spiritualistic work.

"This is an open challenge to those who scoff at spiritualism," said Sir Arthur.

OBITUARY

WESTMINSTER, May 25.—Gladys Eileen Whaley, beloved wife of James Whaley, was born at Streatham, England, April 19, 1890. She passed away at her home in Westminster Saturday, May 19, 1923, at 8 p. m.

She came to the United States about fifteen years ago. She was married to James Whaley five years ago. With her husband she has lived at Long Beach, Orange and Westminster.

She leaves, beside her husband, James Whaley, her father, one sister and two brothers.

The funeral service was conducted by Rev. W. T. Wardle, at 2 p. m., Tuesday at the Mills and Winklers funeral parlors, with interment in the Santa Ana cemetery.

MUSTACHE BEATS COURT.

CHICAGO, May 25.—As the twelfth venire of 100 was called for an alleged school graft trial, the lone juror accepted completed growing a mustache, started since proceedings began.

Mr. C. W. Givvin, Mr. and Mrs. Henry Warren and daughters, Eleanor and Florence, spent the week-end at Strawberry Plains, in the San Bernardino mountains.

Mr. and Mrs. Merle Asper of Ray, Ariz., arrived Monday, to visit Mrs. Asper's sister, Mrs. Earl Dow. Mr. and Mrs. Asper were married in Phoenix a short time ago. They expect to reside in Anaheim for three months then return to Arizona.

James Riley left recently by automobile for Chicago to spend the summer with relatives and friends.

keep your diet "in season"

This warmer weather calls for a health-guarding diet—light and cooling but plentiful in nourishment. That's Shredded Whole Wheat.

Eat plenty of berries and fruits, too, with wholesome milk and cream. By serving them on two Shredded Wheat Biscuits, you'll have a perfectly balanced summer luncheon or breakfast, with all the essential food elements in their correct proportions, and "roughage" enough for healthy, natural laxative effects.

Strawberries and Shredded Wheat

WHOLE

A Well Set Table

White linen and distinctive service give evidence of good taste to those you entertain. Nothing is quite so dainty as beautiful dinnerware and we feel justly proud of our display in the dinnerware section.

We have the China from over the Pacific and from Bavaria, the English Porcelain in attractive coloring and shapes and the domestic ware in pleasing designs.

All our patterns are open stock and you can buy the size service that will fill your needs.

Wintersburg, Smeltzer

WINTERSBURG AND SMELTZER, May 25.—Mr. and Mrs. W. F. Slater Moore, Mr. and Mrs. W. F. Slater and baby, Mr. and Mrs. Wles and son, Ralph, of Wintersburg were in attendance Sunday at a delightful birthday surprise dinner party honoring the anniversary of C. W. Darling. The surprise was complete, Mr. Darling arriving home from the oil fields where he is employed, to find dinner in readiness and the guests all assembled to do him honor.

The sumptuously appointed dinner, served at 4:30 o'clock, was served under a large tent in the yard of the Darling home where tables presented a gala appearance in their decorations of ferns and roses with fern streamers. Two lovely birthday cakes, one bearing the initials and age of the honoree and the other candles graced the tables and were served with the dessert course. One of the cakes was a gift to the honoree from one of the other guests and a number of other appreciated gifts were also presented.

A delightful social evening was enjoyed and beside those above mentioned there were present to do Mr. Darling honor on his anniversary, his cousins, Mr. and Mrs. P. T. Onderkirk and daughter, Lorretta, Mr. and Mrs. Sylvan Onderkirk and baby, all of Los Angeles, and Mr. and Mrs. Selger, friends of Westminster, the hostess, Mrs. Darling, and the children.

Fire destroyed the house on the Thory ranch, located on the mesa west of Wintersburg, Saturday afternoon. The conflagration started from the explosion of a coal oil stove. The fire spread so rapidly that one man, a member of the Mexican family occupying the house and who was asleep at the time, was badly burned, and another sustained burns about the hands.

First aid was given the men at the time but by the following day complications had developed in the case of the one most severely burned and he was removed to the county hospital by ambulance.

Beside the loss of the house \$100 worth of beans and hay belonging to Horace Moore burned. Moore, who has the ranch leased for farming purposes, had this portion of his crop stored in close proximity to the house where it proved impossible to save them when the fire once got under way.

Mr. and Mrs. Asa Hadley, in company with Mr. and Mrs. Kootz and family of Talbert, and Mr. and Mrs. Cooley of Garden Grove, spent a full day Sunday fishing at Hodges' dam near Escondido. The party left here at 12 o'clock. Saturday night, making the trip in two machines and arrived at their destination about 4:30 a. m. The return home was made in the evening, the Hadleys arriving about 9 o'clock.

The Moore dairy, located on the Huntington Beach and recently sold by A. H. Moore, presents a rather dismantled appearance at present. One-half of the forty cow dairy barn was moved Monday by John Murdy, who purchased it to the twenty acres on the Moore home ranch which he has leased for dairy purposes. Murdy, who has been running his dairy on the other ranch, now transferring his cows home. The other half of the dairy barn, together with the other barns and outbuildings are being put in readiness for moving by M. Von Shirlitz of Greenville, who will take them to his dairy at that place. One of the barns is at present being torn down.

Mrs. J. T. Worthy is keeping her two small grandsons, the children of Prof. and Mrs. Boydon Hall of Covina, for a few weeks while Mrs. Hall is away at the Pomona hospital, where she underwent a surgical operation on Wednesday of last week.

Mrs. Worthy went to see her Saturday, taking the children with her and then to Covina where they stayed over night at the Hall home. On Sunday they were joined by other members of the family from here, Mr. and Mrs. Edward Hornish and Miss Vanora Worthy, who also went on to the hospital to visit Mrs. Hall. The party accompanied by Mrs. Worthy and the Hall children returned home that evening.

On next Sunday morning the Rev. Mr. Crist of Santa Ana, district superintendent of the San Diego district of the Methodist Episcopal church, will preach at the 11 o'clock service at the Wintersburg Methodist church. For the evening it is announced that a group of young people from Los Angeles are to speak to the local leaguers upon the subject of the Epworth League Institute of Southern California, which convenes at the Pacific Palisades for the week beginning July 16.

Mrs. J. Scott Willmarth, Mrs. E. Ray Moore, Mrs. W. F. Slater and Mrs. George Murdock visited Mrs. Elmer Turner and baby daughter, Patricia Eileen, at Garden Grove one afternoon recently.

Mrs. Lloyd Edwards attended a pre-nuptial shower given at the home of Mrs. Trossie, honoring Miss Juliette Cartright, who is soon to become a bride. A delightful social afternoon was enjoyed by the twenty-seven guests present and a silver service was presented the bride-elect by these friends.

Mr. and Mrs. John Graham, Mr. and Mrs. Charles Graham and son, Alvin, and Mr. and Mrs. B. L. Chapman attended the rodeo at Santa Fe Springs last Sunday afternoon.

William Blaylock, who has been absent from school for several weeks on account of illness, is able to attend his classes once more.

Mr. Kabo, who has a number of houses in Wintersburg which he rents, is building another small bungalow on one of his lots.

Mr. and Mrs. G. M. Roberson have been entertaining as their house guest, Miss Daisy Trimmer, of Pasadena. Miss Trimmer accompanied Samuel Wilson, when he returned Thursday from a few days' visit in that city and remained until Monday, when Mr. Wilson took her to her home. On Friday Mr. and Mrs. Roberson, Mr. Wilson and their guest motored to Laguna Beach, which resort Miss Trimmer had never before visited and Saturday was also spent motoring, Point Fermin and Portuguese Bend and other points up the coast as far as Redondo being visited by the party.

Edmund Dimock, younger son of Mr. and Mrs. D. W. C. Dimock, is carrying his right arm in a sling as the result of a fall he received Saturday while practicing the pole vault at home. The arm was broken in the fall.

Mr. and Mrs. Jackson of Los Angeles, daughter and son-in-law of Mr. and Mrs. George Applebury, were Sunday guests at the Applebury home.

A 13½-pound son was born Sunday, May 20, to Mr. and Mrs. Joseph Speakman of Smeltzer.

Miss Lucille Soden, Charles Mallette and sisters, the Misses Viola and Margaret Mallette; Mrs. E. G. Jones and sons, Raymond, and Harold Jones represented the Wintersburg Methodist church at the Sunday School conferences held Sunday at Anaheim and Fullerton.

Richard Wells was back in school Tuesday following an absence of several days due to a case of tonsillitis.

More About Coffee

In our ad last week we told you of the discovery of coffee in 1285. Coffee houses were opened in Constantinople in 1554, it was introduced in France in 1644. The first coffee house was opened in London in 1652. The Dutch began drinking coffee in 1690 and have continued the habit ever since, it is not definitely known when coffee was introduced into Germany, Denmark, Norway or Sweden, but it is known around here that BLAUER'S BEST COFFEE was discovered in Santa Ana in 1920, and today it is the largest selling coffee we have. You will enjoy drinking BLAUER'S BEST COFFEE for it's in the flavor. Where is the enjoyment in drinking coffee, if it isn't in the flavor? Yes, the flavor and the aroma is the whole thing, that's where our coffee excels.

These coffees are carefully selected by experts, thoroughly cleaned by machinery, scientifically blended and perfectly roasted by a new process. Every berry being good, and being fresh roasted you get the most value for your money, along with the flavor.

If you are not satisfied with your coffee try a pound of BLAUER'S BEST COFFEE. Phone 53, we deliver.

VISIT OUR BASEMENT—You will find many useful articles at very reasonable prices.

SCOUTS' FIELD MEET HERE TO LURE 1,000 ENTRANTS

Parade and Track Features Planned For Forty Boy Troops

PUBLIC IS INVITED

Rotary and High School Bands Have Parts In Day's Program

Plans today were virtually completed by Scoutmaster Roland Dye for the huge parade and Boy Scout field meet, to be held here tomorrow, when, it was predicted, fully 1,000 scouts will be in attendance.

"The parade, featuring forty troops and led by the Santa Ana high school band, will start promptly at 11 a. m.," said Dye. "This promises to be one of the most unique attractions ever staged in Orange county."

"In addition to the splendid high school band, directed by S. J. Musto, we will also have the Rotary club boys' band of Long Beach. The parade proper will be in charge of V. E. Teaney, assistant Scout executive. We have arranged to have the parade pass through the downtown district, including Fourth, Fifth, Spurgeon and other thoroughfares."

"Immediately after the parade, which will require about an hour, the boys will return to the high school, where luncheon will be served and 'peppy' talks given by those in charge of the field meet. Start at 1:30 p. m."

"The meet is to start promptly at 1:30, with the fancy drilling contest. The Scout council has virtually eliminated all athletic events from the field meet, making it purely a scout affair. The public is cordially invited. There is no charge."

"Each troop has three minutes to demonstrate its ability in fancy drill. The text event is a dressing race in which each troop in the county will have at least one entry. The third event is a water-boiling contest, in which every troop will have an entry."

"The fourth event on the program, which promises to be one of the most unique and instructional of the day, is a troop demonstration event, in which every troop in the county will have ten minutes to demonstrate some phase of scouting. There will be a number of other interesting contests."

Offer Three Prizes
Dr. M. A. Patton, chairman, has announced that there will be three prizes. First prize will be given the troop scoring the largest number of points.

(Continued On Page 19.)

COMMUNITY PLAYERS ON EDGE FOR BOOTH TARKINGTON'S PLAY

Cast of "The Country Cousin" Praised For Splendid Preparation

With the arrival here late today of the costumes to be used in the three performances, with final rehearsals in the offing, and with virtually every leading character thoroughly conversant with his or her lines, Ernest Crozier Phillips, director, announced today that all is in readiness for the three performances of Booth Tarkington's "The Country Cousin," to be given by the Community Players at the Temple theater May 28, 29 and 30.

"I do not think we could have selected a more appropriate vehicle," said Phillips, discussing the last-minute plans for the opening performance.

"The subtle humor of the Tarkington play affords excellent opportunity for some of our best Community players to show how cleverly they can carry out the respective parts."

"The public will, I believe, be particularly well pleased with the work of many of the leading characters, including Mrs. Edgar J. Bush, R. R. Miller, Raymond J. Schulte, Miss Jessie K. Paxton, Miss Mabel Pruitt and a number of others."

"Miller, as 'George T. Reynolds,' the eccentric Englishman, furnishes endless fun, while Harriet Owens, as the 'Country Cousin,' will give a very creditable performance."

"The play is really one of the cleverest things ever seen on the American stage, and our players have thrown themselves into the 'business' with an enthusiasm that is good to behold. There will be only three performances, so those desiring to see the play should make their reservations early."

Tickets are now on sale at the Santa Ana book store.

Poly Art Department Exhibit Begins June 1

June 1 has been set as the date for the fine and industrial arts exhibit at the Santa Ana high school. It was announced today. The exhibit will be open from 1:30 to 10 p. m.

Not only students from the school but all persons in the city are invited to attend this exhibit, which is being carefully planned and prepared by Miss Floy Donaldson, head of the art department, and Miss Marguerite Tedford also of the department.

The three art studios are to be artistically arranged for the exhibit, with the work of the students on display in the most attractive fashion.

Costumes and design, interior decoration, arts and crafts as well as the work in industrial art, such as poster work, advertisements and generally useful and delightful features will be on exhibition.

Self-Donated Raise Is Quashed by Court Rule

LOS ANGELES, May 25.—Officials of the California Cotton Oil company who voted themselves substantial salary raises must find another means of making their groans walk higher. The president boosted his yearly pay envelope from \$16,000 to \$20,000, the vice-president from \$2500 to \$7500 and the secretary \$6,000 to \$10,000 but, following a stockholders' protest, a court decision on file today rules that these self-donated raises are illegal.

JOINT ORDERS IN SUPPLIES SAVE MONEY

School Superintendent Will Maintain District Stockroom, Make Purchases

Fifteen to 25 per cent will be saved in the cost of Orange county school supplies for the next school year, in the opinion of R. P. Mitchell, county school superintendent, who has in preparation a joint order for supplies of 22 of the 48 school districts of the county.

"This is the largest order purchased through the office of the county school superintendent," Mitchell said.

"Last year the total cost of county school supplies was \$35,000. The majority of the school districts purchased supplies individually. Some of the districts bought at retail prices."

"This year the county board of education decided to invite the school districts to purchase their supplies through the county office."

Vast Saving
It was the opinion of the board that a vast saving in cost of supplies would be accomplished through buying the supplies in one large order, rather than in many small lots.

"Bids have been advertised for, to be opened June 18. It is estimated that the wholesale order will bring about a saving of from 15 to 25 per cent in the total figure for supplies."

"The office of the county school superintendent will operate as a purchasing office, and next year a stockroom will be established here. Operation of the purchasing department and stockroom will necessitate no additional office help or expense to the county."

"The new department, in fact, will make possible further savings in school supply costs. An especially large order of supplies has been prepared, which will create a surplus for the stockroom."

Districts Reap Benefit

"School districts next year will reap the benefit of this stockroom surplus. Instead of being obliged to purchase additional supplies from retail houses, the school district may secure supplies from the stockroom, every item in which was purchased at wholesale rates."

"Supplies to be purchased include six tons of newsprint; 140 packages of ink powder, which will produce 140 gallons of ink; 28½ cases of chalk, and 428 gross of lead pencils."

BIRCH PARK RADIO SET NOW INSTALLED

Those lovers of radio programs who have not their own receiving sets today were keenly interested in the announcement by W. B. Ashford and H. T. White of the Radio Den to the effect that beginning Tuesday at 8:15 p. m. a radio concert will be given the public through the set which the company has installed in the band stand at Birch park. The concerts will continue until 10 o'clock and if the crowd warrants until a later hour, it was said.

If sufficient interest is shown the concerts will be more frequent. The programs will be composed of the Los Angeles stations for the reason that the distant broadcasting points do not come in clear enough for a large crowd to enjoy, W. B. Ashford said.

The test given the set Tuesday night was very successful and up until a late hour strollers and others lingered on the benches to hear the musical numbers from KJL. Two loud speakers so diffuse the sound as to make it clear at any point immediately in front of the band stand.

Royer Deeds Center In Court Actions

An aftermath of the \$250,000 will contest suit involving the estate of the late General Julian O. Royer was heard today, as suits were on file in Napa and Los Angeles counties to test the validity of deeds given to David H. and Beatrice McDonald and Anna Koltzow, by General Royer.

The suits were filed by Attorney W. Edwin Meserve, counsel for the widow and children of the deceased, who successfully conducted a will contest in superior court here about a week ago. An effort will be made to prove that the deeds were not properly executed, and do not entitle the three persons, servants of Royer, to the lots deeded.

The McDonalds were given the homestead in Napa county, which had been held by Royer since he came to the United States in 1901. The deed to Mrs. Koltzow was to land in Los Angeles county. The family will contend, it was understood, that the property was held by a firm, the Anaheim Investment company, in which Royer was not the only stockholder, and that the bequest was not legal.

SANTA ANAN IS IMPRESSED BY KALAUPAPA

Hawaiian Leper Colony Is Called Sum of Human Misery

"None who have seen Kalaupapa is quite the same ever afterward. There are things that cannot be talked of nor forgotten, and I know from my visit there that the sum of human misery cannot be measured."

Thus does Dr. Peryl Magill, of Santa Ana, in a letter to The Register sum up the impressions that she received in a visit to the leper settlement of Hawaii.

Dr. Magill, well known here, is spending a year in Honolulu in the practice of osteopathy. Her letter states that she and her sister are both well and enjoyed a visit from Mrs. F. E. Farnsworth and Mr. and Mrs. J. E. Liebig, Santa Anans.

For readers of The Register, Dr. Magill has written the story of her visit to the island of Molokai, as follows:

"April 7 I had the privilege of visiting the island of Molokai as a guest of the legislature of the Territory of Hawaii. The tour was for the purpose of looking into the needs of the leper settlement and to inspect the Hawaiian rehabilitation project."

The party consisted of nearly 100 persons, made up of members of the house of representatives and senate (two-thirds of which are Hawaiians), a commission from the board of health, an orchestra of Hawaiian singing women and newspaper men and women.

Arrive At Dawn
"At dawn we cast anchor off Kalaupapa and as the clouds lifted and gave me my first view of the leper settlement I had one of the most pleasant surprises of my life."

"I had always pictured a lonely, desolate, unlovely place as the home of these people, but what I saw was a beautiful peninsula with wonderful towering cliffs for a background. A peaceful village and many individual homes, surrounded by trees and gardens, and there was greenery everywhere."

"The peninsula upon which the leper settlement is located is protected from the outside world by its very rugged shoreline, it being impossible to land even a very small boat anywhere along its shore except in the one very small cove where they have a concrete landing place."

"There were no restrictions upon us at the settlement except that we should not come into physical contact with the people. We were free to walk about and talk with them and we did."

"We visited the hospital and schools and found them well equipped with everything possible to make them contented and happy. These things are able, live in homes of their own and have their gardens and chickens and order their lives as any individual."

Vivid Picture
"No one who has seen Kalaupapa is quite the same ever afterward; there are things that cannot be talked of nor forgotten, and I know from my visit there that the sum of human misery cannot be measured."

There are now 299 patients at Kalaupapa, of whom 322 are Hawaiian and part-Hawaiian and 77 of other nationalities. The total population of the settlement is as follows: Lepers, 399; kokus, 35; non-lepers children, 10; other residents, 34; and the detail of patients is: Belgian, 1; Chinese, 14; Filipino, 12; German, 2; Hawaiian, 239; part-Hawaiian, 83; Japanese, 10; Portuguese, 27; Porto Rican, 3; Korean, 8—male, 263; female, 136. The plant represents an investment of more than half a million dollars and the settlement has been in existence since 1860.

"At noon, the superintendent served a luau, or feast, in true Hawaiian style. There was meat and fish baked in ti-leaves, pol, and such special delicacies as raw fish, shrimp, which insisted upon departing from their dishes and crawling about on the table, but which were eaten just the same."

"The afternoon speech making was cut short by orders from the captain of our boat, asking us to return to the ship at once, as the rough seas were getting rougher, and longer delay might mean disaster in trying to get over the tumultuous surf."

Example to World
"Hawaii does things wonderfully well, and the way she has handled her problem of leprosy should be an example to the world. One legislator summed up the prevalent feeling in a single sentence, little in itself, but meaning much, in that it embodies the spirit of all Hawaii. He said: 'If there is anything on this whole earth that these people want and really need I'll vote to give it to them.'"

"On shore the party was joined by Governor Farrington, the chairman of the Hawaiian homes commission and Princess Kaiulani, also a member of the commission, and the entire day was spent visiting the homesteaders and looking over the various projects being undertaken by the commission."

"This project is another of Hawaii's plans to do its very best for all its people. Here the government has 14,000 acres upon which it is endeavoring to place Hawaiians and give them a chance to build homes and cultivate farms."

MUSIC CONVENTION WILL DRAW WEST'S LEADERS TO EAST

MRS. JOHN F. LYONS.

Every home a music center! Every American a music lover!

Those will be the watchwords of the country's first "All-American" music convention, to be held at Asheville, N. C., June 9-17, with approximately 1,400 delegates of the National Federation of Music clubs in attendance.

American compositions will be used.

American artists will perform.

And even an all-American symphony orchestra will play.

Leading musicians from all sections of the country, including Clarence A. Gustlin of this city, will attend the big convention. Gustlin and Mrs. Cecil Frankel of Los Angeles have prominent places on the program.

Antoinette Sabel, Los Angeles, who was a Santa Ana visitor during the state musical convention, will speak on "Music in Industries."

"A Music Club for Every Town" has been the cry throughout these past years. And Mrs. John F. Lyons of Fort Worth, Tex., president, and other officials say there will be no slackening in the years to come.

"It is not always necessary to turn to foreign art for the most beautiful in music," Mrs. Lyons says. "Our country is young, which is probably responsible for the tendency to think of music and art in European terms. But no more will this be true."

(Continued On Page 19.)

MORE COIN FOR WATER SPREAD WORK URGED

Declaring that the water conservation project carried out by Orange, Riverside and San Bernardino counties at Barton Flats, San Bernardino county, had proved highly satisfactory, the Tri-County Reforestation committee today was on record as favoring larger appropriations by the three counties for the furtherance of this work.

At a well-attended meeting of the committee held yesterday at Barton Flats it was unanimously agreed that the members of the committee urge the supervisory boards of the counties to set aside \$15,000 for this purpose, instead of \$5,000, as at present. Each county will be asked to contribute \$5,000 to this important work.

"This action," said S. H. Finley, of the Orange county board of supervisors, "came as the result of a comprehensive report filed by Engineer George S. Hinckley, bringing out in detail the spread-

While a county wharf and warehouse provided for in the original plans, conditions have been such that the commission has been unable to provide these facilities for handling traffic at the harbor. May Provide Facilities

The secretary intimated today that in all probability the supervisors would make provision for this facility after the first of July. Wallace pointed out that the harbor would be valueless without the wharf and warehouse.

With acceptance by James Irvine of what is known as proposition No. 1, in connection with the filling in with dredge material of lands belonging to him, possible operation of the Orange County Terminal and Transportation company was voted. Irvine elected to pay \$25,000 cash for the "fill" made on his property.

Another proposition was under consideration, under which Irvine was to pay a little more, with a lease of the ground running to the supervisors. The terminal and transportation company was organized with the purpose of taking over the lease and establishing wharves and warehouse, with subleases to be made to industrial concerns.

Spent \$580,000
According to Wallace, the commission has spent approximately \$580,000 in harbor improvements, the sum above the bond issue being received for "fills" made on lands owned by private parties. The work accomplished consists

Discharge of Commission Expected With Filing of Final Report

WHARF IS BIG NEED

\$580,000 Is Spent on Work of Dredging Sand From Harbor at Newport

With the engineer's report completed, preparation of the final report of the Orange County Harbor commission was being rushed today in order that it might be filed with the Orange county board of supervisors next Tuesday.

According to Lew H. Wallace, secretary of the commission, the report of the commission will not be voluminous. Wallace said it is expected that the commission will be given its final discharge Tuesday, as it has completed in full all the duties assigned to it at the time of appointment—that of developing a program of work and the expenditure of the \$500,000 voted by the county for harbor improvement.

STEVE BISS SIGNS
TO MEET KID MEX

DELHI CARD.
Main Event—Kid Mexico vs. Steve Biss, 158 pounds.
Semi-Windup — Joe Grimm vs. Young Sheller, 148.
Preliminaries — Toby Montoya vs. Battling Hoppe, 118 pounds.
Eddie Benson vs. Eddie Dugan, 130 pounds.
Battling Weir vs. Eddie Carl, 165 pounds.
Eddie Doolis vs. Joe Miller, 128 pounds.

A new kind of opponent—Sailor Steve Biss, a middle-weight with a world of speed who counts more on his ability to dash in and out, landing blows and getting away before the other fellow can punch, will meet Kid Mexico, the Huntington Beach middleweight in the main event at the Delhi arena next Wednesday night.

Boyd Ellis, local promoter, signed the pair yesterday afternoon. Mexico's surprising showing against the hard-punching Sailor Ritter entitled him to a place on the next card. Ellis figured, and Biss, one of the best boys in his class available, let the world know he wouldn't do any squawking about price if he could get in the same ring with the Huntington Beach slugger.

Outpointed Tom Kelly. Biss has won his last seven fights, either by decision or the k. o. route. He recently outpointed Tom Kelly at Vernon and has taken the measure of Gene Cline on several occasions. Cline, it will be remembered, was the last pug to officially get the decision from Mex in the Delhi arena.

Mexico was in first class shape when he hammered Ritter to a draw and he still is doing plenty of work to stay that way. Joe Grimm, the classy Huntington Beach welterweight, will meet Young Sheller, now known as the pride and hope of San Bernardino, in the semi-windup affair.

Grimm went a little out of his class last night when he tackled Sailor Vincent in the main event at the Chief Petty Officers' club at San Pedro. Vincent stopped the beach boy in the second round but the grim figures to do much better than that against Sheller who got a draw with Terry Adams here about three weeks back.

Toby Montoya, still sailing along unscathed after a narrow escape last time from Frankie Smith, will run into another tough opponent in Battling Hoppe, San Francisco 118-pounder who arrived in the Southland the other day after a good winter's work around the bay territory.

Two Eddies Clash.
Two Eddies, Benson and Dugan, will kick up the rosin at the expense of the ringsiders in the next melee. Benson is an El Modena boy who has been beating most of the boys of his weight in these parts. Dugan has been fighting main events around Santa Barbara. He now is living at Huntington Beach.

Battling Weir, hailing from the wilds of Washington, and Eddie Carl, of the Log Cabin fruit stand, hook up in the special event. The boys weigh around 170, neither has had too much experience and if a knock down and carry out bout doesn't result, the wise ones will be greatly surprised.

Eddie Doolis, Santa Ana boy, will tangle with Joe Miller, Yuma, Ariz., in the first battle of the evening.

OF ALL
SORTS

No fighter with all the natural ability and the dramatic color of Luis Angel Firpo, the South American caveman, has ever come up to make a strike for the world's heavyweight championship.

Firpo, with a tiger skin draped across his huge, hairy chest and the bone of a mastodon in his grasp, would look more at home stamping through the underbrush of a jungle. In the ring, with the modern implements of war, his brute strength and his natural fighting qualities are just as impressive.

Unless all signs fail, Firpo is headed for the title. It may take some time for him to get there, but he is almost sure to arrive.

The list of men he has beaten in this country during his short career is not impressive, but the manner in which he has won and the steady improvement that has been observed in his work make it obvious that he has all the makings of a great fighter.

Perhaps he is not ready for Dempsey just yet, and along that line it would be the wise thing for the champion to arrange a match with him before he gets ready. Dempsey will get no better as he goes along, and the transformation that is being worked in the Argentine giant is marvelous.

Behind the transformation of Firpo from almost a savage state, to a polished, modern fighter is the master-hand of Jimmy De Forest, the greatest trainer of boxers in the world.

De Forest made Jack Dempsey champion of the world. It took him two years to do it, and in two months under the terrible handicap of teaching a pupil who understood not a word of what he was saying, De Forest has made almost as much progress as he made with the present champion.

Dempsey and Firpo in starting out had much in common. Both are natural fighters and neither knew how to hit when they started. Both are weak on the defensive and they both fight on the theory that a strong offensive is the best defense. Keep the other fellow so busy he hasn't time to attack is sound strategy when a fighter can "take it." Both Dempsey and Firpo can take it.

In figuring the odds there is one very important thing: If Firpo goes down, he will come up and no one knows what Dempsey will do under the same circumstances.

It is a safe bet, however, that if Firpo gets a clean shot at Dempsey and puts him down, that Dempsey will not get up within ten.

Dempsey and Firpo, if they are ever matched, ought to furnish the greatest ring drama that a fiction artist could dream of.

Both are weak on the defense and both are willing to take one to give one. Such a fight might produce the thrilling spectacle of one of them on the floor most of the time.

Dempsey will have the opportunity in a fight with Firpo to prove himself the greatest of all heavyweights. Many qualified judges

BEAR TRACK STARS
AFTER THIRD TITLE

Eastern Coaches Fear Men From West Will Capture Big Classic Again

BY HENRY L. FARRELL

PHILADELPHIA, May 25.—Big game hunters from thirty colleges and universities will start out after the California Bears when the inter-collegiate track and field champions get under way this afternoon in the new Pennsylvania stadium.

The University of California won the championship in 1921 and 1922 and most of the experts, coaches and former stars gathered here for the classic figured that the title might go back again to the Pacific coast.

Princeton, Pennsylvania and Cornell are looked upon as the best of the east and the strongest contenders California will face, but Coach Fitzpatrick, the Princeton coach, said rather soberly that California "has too much in the field."

With fair weather prevailing and the track fast, it was expected that several records would be set up. Alfred LeConey, the Lafayette sprinting star, is going out after a new record in the 100 yard dash; Allen Woodring, Syracuse, is aiming at new marks in the 220 yards and the quarter mile; Tottle, the Bowdoin giant, is almost sure to reach a new distance in the hammer throw, and the chances are just as good that Hills, Princeton, will set a new mark in the shot put.

For the first time in years Yale has entered a team in a serious bid for the championship. Twenty-four athletes are on the squad that came down from New Haven and if there should be a dark horse place reserved for anyone, Yale might step into it.

SPORT FLASHES

PHILADELPHIA—Walter Hutzinger, pitcher of the University of Pennsylvania, will report to the New York Giants at the close of the season, it is reported. Hutzinger said he had received several offers.

BOSTON—The Boston Red Sox "will change hands before many moons," Ban Johnson, president of the American league, said here on an unexpected visit on unannounced business.

have maintained that while Dempsey was the admitted champion of his time, that he couldn't compare with some of his predecessors. They say he has never whipped a real fighter and if he is able to stop Firpo he will have beaten an opponent the like of whom the old-timers never saw.

Jess Willard came back, all right, but not with sufficient force to indicate that another meeting with Dempsey would have a different ending than the affair at Toledo in 1919. In his return, Age, as personified in Willard, beat a youth, but Age did not beat Youth. Against Youth with Power, Willard would not have come back and the old proverb meant youth with all its attributes.

Willard established himself in his comeback as a drawing card, and if he had any commercial designs in coming back he should be successful.

Vernon Outfielder Sets New Home Run Record In Bee Park

PETE SCHNEIDER,

former pitcher for the Cincinnati Reds, tried to make Babe Ruth look sick the other day. Pete, now right fielder for the Vernon Coast league team, knocked out five homers in a game against Salt Lake. Four in a game was the previous record. Only Bob Lowe of the Boston Braves, in 1894, and Ed Delahanty, Philadelphia Nationals, 1896, ever did that even.

D. D. M. C. MEN WIN
SENIOR 'Y' TITLE

Spencer's Hurling Enables Team to Beat Greenville For Championship

The D. D. M. C. indoor baseball team today held the championship of the Santa Ana Senior Y. M. C. A. league following its 8 to 3 victory over the strong Greenville team on the local "Y" court last night.

The D. D. M. C.'s won the title in division two of the Senior organization and the Greenville aggregation annexed the gonfalon in division one. The deciding game between the two brought out a large crowd of enthusiasts.

Spencer's consistent pitching was too much for the Greenville club and he kept his outfit out in front all the way. The D. D. M. C.'s completed their season without the loss of a game. The lineup:

Greenville	Pos.	D. D. M. C.
Jayne	P	Spencer
J. Planchon	C	Fernandez
Manderscheid	1B	Sylvester
D. Kozena	2B	Adams
Jones	3B	Lancaster
Rogers	SS	Lacy
Hannon	LF	Leiser
W. Kozena	CF	Robertson
Jesse	RF	Berkland

In The Big Leagues

Frank Snyder drove in five runs with a triple and a homer and the Giants beat the Phillies 8 to 5.

Welch singled in the ninth inning with the bases filled and gave the Athletics a 1 to 0 victory over the Yanks. New York had 11 runners left on bases.

The Pirates made it eight straight victories without a defeat on their home grounds when they beat the Cards 11 to 4.

Ty Cobb's homer was the only run scored off Charley Robertson and the White Sox beat the Tigers 6 to 1.

Thirteen hits for 18 bases off Ferguson and O'Doul enabled the Senators to beat the Red Sox 7 to 1.

Coveleskie turned back the first fifteen batters that faced him and the Indians won easily from the Browns 6 to 1.

National Betting Ring
Bared by Raid, Claim

PORTLAND, Ore., May 25.—Investigation of the records seized in a raid on what is believed to be a branch of a national baseball gambling ring was being made by police here today following arrest last night of the man thought to be the promoter.

Entering a residence on a prohibition charge, officers discovered the still they were looking for, arrested the operator, Warren Smith, and found a complete layout of punch boards and tickets.

The accompanying records disclosed that a variety of pools on baseball games are possible through use of the equipment discovered. At least 125 clear stores, confectionery stores and individuals in Portland are listed as agents of the ring, police declared. It was estimated that such a ring here would net its operators at least \$100,000 during the baseball season.

Gibbons to Train for
Dempsey Go In Shelby

SHELBY, Mont., May 25.—Tommy Gibbons has changed his plans and will train here for his fight with Jack Dempsey on July 4, his manager, Eddie Kane, announced. Gibbons finishes his exhibition tour next Monday and will come here immediately to start final work.

Jack Kearns, manager of the champion, was visited by a delegation of Great Falls business men yesterday, who pressed their offer to stage the Dempsey-Willis fight there on Labor day.

Kearns said their offer was most attractive and that he was considering it seriously. Kearns said also that Dempsey was "getting too fine" and that he had ordered him to "go easy."

HUNTINGTON BEACH TRACK TEAM DIGS IN
AT CHICAGO FOR BIG NATIONAL CLASSIC

Chicago, May 24. Sporting Editor, The Register, Santa Ana, Calif.

All California squid in Chicago and limbered up and ready for trial heats tomorrow. Not much dope on events here outside sprints. See into be several fast sprinters, as per usual. Kaer of Red Bluff looks like high point man. Threw javelin 172 ft. tonight. Nichols, Nash, Bickmore and Elliott look like strong combination for first honors if all going right. Bickmore looks faster than ever in high sticks. Over thousand entries.

RAY WALKER.

The Huntington Beach high school track team, at Chicago, far away from their accustomed oil and ocean, today was competing against the pick of the American high school athletes for the right to enter the final events at Stagg field there tomorrow afternoon for the United States Intercollegiate track and field championship.

At the same time approximately twenty-five other California high school men "dug in" for the same purpose and with the avowed intention of bringing the 1923 title back to the Golden West.

The Huntington Beach squad, composed of Ross Nichols, Charlie Bickmore, Milt Nash and Virgil Elliott, has an excellent chance to finish high up in the point column.

It will take a 15 second flat man to win from Nichols in the high hurdles and if he runs the race he is capable of tearing off, Nash will prove to the skeptical that he could have won the 440 in the state meet at Los Angeles had he not been spiked.

The Register's telegram from Ray Walker, Huntington Beach coach, has praise for Bickmore and the beach mentor hints that he would not be at all surprised if the husky all-around star is able to break the tape in the high barriers right close to the front.

Kaer, the Red Bluff boy who won two first and a second at the state meet, is expected to be high point man in the eastern meet. He finished close to Nichols in the hurdle event in the state meet and was far ahead in the low sticks. He also jumped better than 23 feet in the broad jump. He should get places in all these events and his heave of 172 feet in the javelin as told by Walker's telegram, entitles him to consideration for a first in that event.

The Union Pacific announces Memorial Day excursion fares between all stations in California, Nevada and Utah where the one-way fare does not exceed \$30. Tickets good going May 29th and 30th with return limit June 5th.

Bathing Suits \$3.00 to \$7.00

Kellogg's Bran is prepared to do one thing—AND DO IT WELL!

Kellogg's Bran will permanently relieve constipation, mild or chronic. It is scientifically prepared for that purpose. It is ALL BRAN, therefore it has the necessary bulk to assure results. Foods with a small bran content cannot afford permanent relief. When your physician or friends advise you to eat Kellogg's Bran, you follow-on for the purpose of eliminating a dangerous clogging-up and toxic condition of your system. You can't afford to take half-way measures! Think of the lost time and the dangers of illness you are daily dodging!

What you must have is real bran—KELLOGG'S BRAN, and if you will eat it regularly each day you will become a different person within a week or so. Kellogg's Bran, with its natural bulk, sweeps, cleanses and purifies. It not only gives relief, but it regulates the bowels. Every member of your family should eat it every day—at least two tablespoonfuls; in chronic cases as much with each meal.

Try Kellogg's Bran mixed with a hot cereal, or cook it with hot cereals, adding two tablespoonfuls of Bran for each person. Other popular ways are to sprinkle Kellogg's Bran on hot or cold cereals or to eat it as a cereal with hot milk. You can make delicious bakery products with Kellogg's Bran. Recipes on every package.

Kellogg's Bran is not only nationally sold in grocery stores, but can be had in individual packages in first-class hotels and clubs. Ask for it at your restaurant. Be certain to eat Kellogg's Bran daily for health's sake!

TO GIVE HARBOR DATA TO CO. BOARD

(Continued From Page 17.)

of the dredging of a 100-foot channel fourteen feet deep, for a distance of approximately two and a half miles, and the opening of the mouth of the bay.

The harbor commission was appointed in September, 1915, the board was voted June 10, 1919, and dredging work started in August, 1919.

According to Wallace, it will be the duty of the board to appoint another harbor commission, following discharge of the present commission.

Discussing the possibility of attempting another bond issue for further improvement of the harbor, Wallace said that it is not likely such a step will be given consideration until after a hearing before the United States board of engineers on an application for federal aid.

The hearing will be held next December.

It is expected a delegation from here will go to Washington to present facts concerning the harbor.

TALBERT

TALBERT, May 25.—Mr. and Mrs. H. Lacabanne, accompanied by Mrs. Lacabanne, sister and brother-in-law, Mr. and Mrs. Henry Landin, of Los Angeles, enjoyed a three days motor trip to Santa Barbara.

The Lacabannes drove to Los Angeles Friday evening, where they were over-night guests of the Landins and Saturday morning the party left the city, going as far as Oxnard, where they spent the night, then on to Santa Barbara Sunday morning. The party remained in that city over night and leaving at 9 o'clock Monday morning, made Los Angeles at 4 p. m., having had a delightful trip throughout.

Mr. and Mrs. Robert Gister, son, Harold, and daughter, son-in-law and grandson, Mr. and Mrs. Bernard Stoffle, of Anaheim, motored to Chino Sunday to attend the Swiss picnic and Mr. and Mrs. Robert Harper and little daughter of this place, with Mrs. Harpers parents, Mr. and Mrs. Samuel Gister and their family of Santa Ana, also formed another party to the same pleasant gathering. A wonderfully social day was enjoyed with the meeting of old-time friends and the hospitable serving of a sumptuous dinner and of refreshments throughout the day.

Miss Lucille Gister spent Saturday and Sunday at Long Beach as the guest of her sister, Mrs. Jack Harpster, who returned with her Sunday evening to spend a few days at her parents home during the absence of Mr. Harpster, who is at Modesto on a business trip.

All of the earlier crops of lima beans, those planted without irrigation, are now up and are growing splendidly. Among the larger acreages of un-irrigated crops up are those of Mrs. Mary Levensgood and Mr. Maes, in the south of Talbert district. Both have fine stands.

Mr. and Mrs. Sam Talbert have received an invitation to the commencement exercises of the senior class of U. S. C. of which Mr. Talberts cousin, Miss Hattie Shonley, is a member, Tuesday, May 29, the first of the program is to be given, this being the anniversary program of the Literary society at Bovard auditorium.

June 1, 6:30 p. m., Y. W. C. A., Y. M. C. A. and Cosmopolitan club dinner for graduating foreign students June 7, 11 a. m., Senior chapel, Bovard auditorium; June 16, 8 p. m., annual meeting of the scholarship society; June 17, baccalaureate address; 7:30 alumni service, Bovard auditorium; June 19, presidents reception to senior class, university parlor; 8 p. m., also concert of the College of Music, Bovard; June 20, 3 p. m., 'Joy Day,' Ivy day ceremonies on old college campus; 8 p. m., graduation of university high school students; June 21, 7:45 a. m., dean breakfast to graduation class of college of law; 3 p. m., academic procession forms at college of liberal arts, Bovard auditorium; 4 p. m., commencement exercises at Exposition park; conferring of degrees by president of the university.

Miss Shonley is well known to many here, who congratulate her upon her graduation.

Mr. and Mrs. E. A. Gardner, who have resided for some length of time on the Earl Gardner ranch, southwest of Talbert, moved this week to Santa Ana.

George Bushard finished planting his extensive acreage to beans Thursday of this week.

The quarterly conference for the Greenville circuit of the M. E. church, South, of which the Talbert church is a unit, is scheduled to be held at Bolsa one week from Sunday, June 3, at 2:30 o'clock. The conference is the third for this conference year.

Mrs. A. F. Swift and grandson, Claire Wardlow, motored Sunday to Corona, taking Donald Wardlow, who has been ill here with the measles, to his home.

Mrs. Robert Harper accompanied her mother and sister, Mrs. Samuel Gister, and Miss Anna Gister, of Santa Ana, to Cypress Wednesday, where they visited Mrs. Merton Penhall, daughter of Mrs. Gister, and sister of Mrs. Harper and Miss Gister.

Mrs. Mary V. Bushard of Los Angeles, returned to her home Wednesday following a three days' visit at the homes of her sons, George, Louis and Will Bushard.

Mrs. S. E. Talbert, mother, Mrs. M. L. Thurman, and sister, Mrs. Ben Rogers and daughter, Violet, spent Tuesday at Whittier as guests of Mrs. John Pettit, also a daughter of Mrs. Thurman.

Mrs. Henry Paulhus and small son, Henry Jr., returned Thursday to the S. E. Talbert home from the Garden Grove hospital.

Radio supplies at Gerwings.

Music Convention Will Draw West's Leaders To East

(Continued From Page 17.)

"Our federation has constantly striven to encourage the young artist and to support American composers. And these two features of our work probably will be the outstanding points of interest at the coming convention."

FUGITIVE CAPTURED AFTER LONG CHASE

After a pursuit which covered several thousand miles, and occupied about two months, Manuel Castesoda, alleged international run-runner and fugitive from justice, was arrested at San Pedro, according to word received from Deputy United States Marshal R. L. Jackson by Sheriff Sam Jernigan, who assisted in the search.

Several weeks ago Jackson and another deputy arrived in Santa Ana in search of the fugitive, who jumped bail in El Paso, Tex. Castesoda was known to be at Stanton, Jackson said.

When Jackson and deputy sheriffs went to Stanton, however, they found that the man had fled again. They arrested Pablo Diaz, Stanton, who was said to have transported the fugitive from Texas to Orange county.

Diaz directed the officers to San Pedro, where Castesoda was in hiding, and the latter was arrested, according to the latter received here.

RANCHERS BUSY

TALBERT, May 25.—W. W. Bushard and Hugo Lamb are among local ranchers busy with their bean planting.

SCHOOL EXAMINATIONS

TALBERT, May 25.—Examinations are on in the Fountain Valley grammar school showing the close proximity of the finish of the school term.

SCOUTS' FIELD MEET HERE TO LURE 1000

(Continued From Page 17.)

ber of points, second prize will be given the troop scoring the second highest point, and a district prize for the district having the best and biggest representation in the activities of the day.

Officials announced today by Dye include:

Alex Brownridge, timer; Dr. R. S. Horton, timer; Dr. M. A. Patton, M. B. Wellington, A. B. McCord, Leon Whittell and Willard Smith, judges; Elmer Heidt, starter, and Waldo O'Kelly, score-keeper.

Race Driver In Rum Case Forfeits Bail

Terrence Curley, racing automobile driver, and mechanic to Jerry Wonderlich, today had forfeited the \$250 bail posted when he was arrested by police here several weeks ago on charges of operating an automobile while under the influence of intoxicating liquor.

He was scheduled to appear before Justice J. E. Cox yesterday for preliminary hearing, but he failed to be present. After the usual period, the bail will be declared forfeited, it was stated.

CATTLEMAN SLUGGED

OMAHA, Neb., May 25.—Enticed from his hotel by two on pretext of showing him some livestock, Howard R. Ross, 69, Sioux City cattleman, was led to a railroad yard, where he was slugged and robbed of \$750 in cash, according to his story to police. The bandits also took his coat, hat, shoes and trousers, leaving him lying unconscious on the ground, where he was found later by railroad employees.

More Money For Water Spread Work

(Continued From Page 17.)

ing work done during the past season in the San Bernardino mountains. Reports were also submitted by Francis Cuttle, chairman of the Tri-Counties Reforestation committee.

Engineer Gives Facts "One of the most interesting features of the engineers' reports was the statement made by Engineer Hinckley, touching upon the length of time required for the water thus conserved to find its way from the San Bernardino mountains to the groves and orchards of Orange county. Hinckley said the water spread near Barton Flats in January and February reaches us at the height of our irrigation season here, in June, July and August."

According to Finley, Chairman T. B. Talbert and other Orange county representatives who attended the meeting of the committee, sentiment in the three counties has crystallized during the past year and is strongly in favor of greater effort in flood control and water conservation.

"It was felt," said Finley, "that the supervisory boards would be glad to increase the three-cornered appropriation in order to give the engineers a better chance to carry out the work in the mountains. The residents of the three counties, somewhat skeptical in the beginning, now understand the vital importance of the project and, according to Francis Cuttle, are anxious to do everything possible to aid the plan."

Fifty Attend Meeting. The meeting, attended by fifty representative citizens of Orange, San Bernardino and Riverside counties, was called to order by Chairman Cuttle. Orange county was represented by fifteen residents, including members of the Santa Ana Valley Irrigation company, the board of supervisors, the Anaheim Water company, the Associated Chambers of Commerce and others.

The next meeting of the Tri-Counties Reforestation committee will be held in Orange county. The date and place of meeting will be announced later by Chairman Cuttle.

News From Orange County Towns

NEWPORT DATA REQUESTED BY NAVY DEPT.

NEWPORT BEACH, May 25.—The United States navy has no information concerning the Orange county harbor but with the receipt of charts made by the coast geodetic survey the department will be glad to send representatives here to examine the docking and shipping facilities. This information was contained in a letter which was read to the members of the Orange County Harbor chamber of commerce at a well attended meeting last night in the yacht club quarters.

The secretary was instructed to take the matter up and take the necessary steps to acquaint the navy department with the port. Admiral Eberle wrote that submarines and sub-chasers would be sent here May 29 to remain until June 1 in observance of Decoration day.

The California Wire company of Orange wrote the chamber that if a freight rate as low as that offered through San Pedro was to be put into force by the port the company would be glad to ship through Newport in preference to Los Angeles harbor. The company officials were invited to meet with the chamber to consider the matter further.

ONE MAN HURT IN TALBERT ACCIDENT

TALBERT, May 25.—A wreck occurred about five o'clock Thursday at the Talbert river bridge when a Ford driven by John Bohr of this place and another Ford driven by an oil worker by the name of Durston of Santa Ana, collided. Bohr, who had been at work down the river was starting to drive onto the boulevard from the river road when the Durston machine shot by, striking the front of his machine.

The Durston car, which was traveling east, was turned completely about by the impact, careened into the pipe railing of the bridge approach, tearing it away and, losing one wheel, turned turtle. Durston sustained a broken limb and was transferred at once to a hospital.

John Bohr luckily escaped injury and his machine came out of the fray with a bent front axle and steering rod. The Durston machine had a wrecked top and windshield beside the broken wheel.

BEACH LIBRARIAN BUYS NEW VOLUMES

HUNTINGTON BEACH, May 25.—Miss Bertha Proctor, who spent yesterday in Long Beach, brought home four late novels. They were "The Affair of Flower Acres," by Carolyn Wells, "Ponjola," by Cynthia Stockley, "The Stumbling Herd," by John A. Morosco, and "The Four Stragglers," by Frank L. Packard.

Several non-fiction books have also found their way to the library shelves this week. The evening news is showing especial interest in "How Animals Talk," by William J. Long. Summer tourists with ambition for Europe could find "Switzerland," by Oscar Kuhs of value. The young folk taking science courses in either high school or grammar school will find help in "A Guide to Living Things," by Edwin Tenney Brewster.

"Dance Curious's Book of Salads, Sandwiches and Beverages," by Ellsye Howell Glover offers tempting suggestions for the warm months, while two more volumes concerning flowers and gardens have been added to the already large collection. "Making a Rose Garden," by Henry H. Saylor, and "As California Wild Flowers Grow" by Chandler.

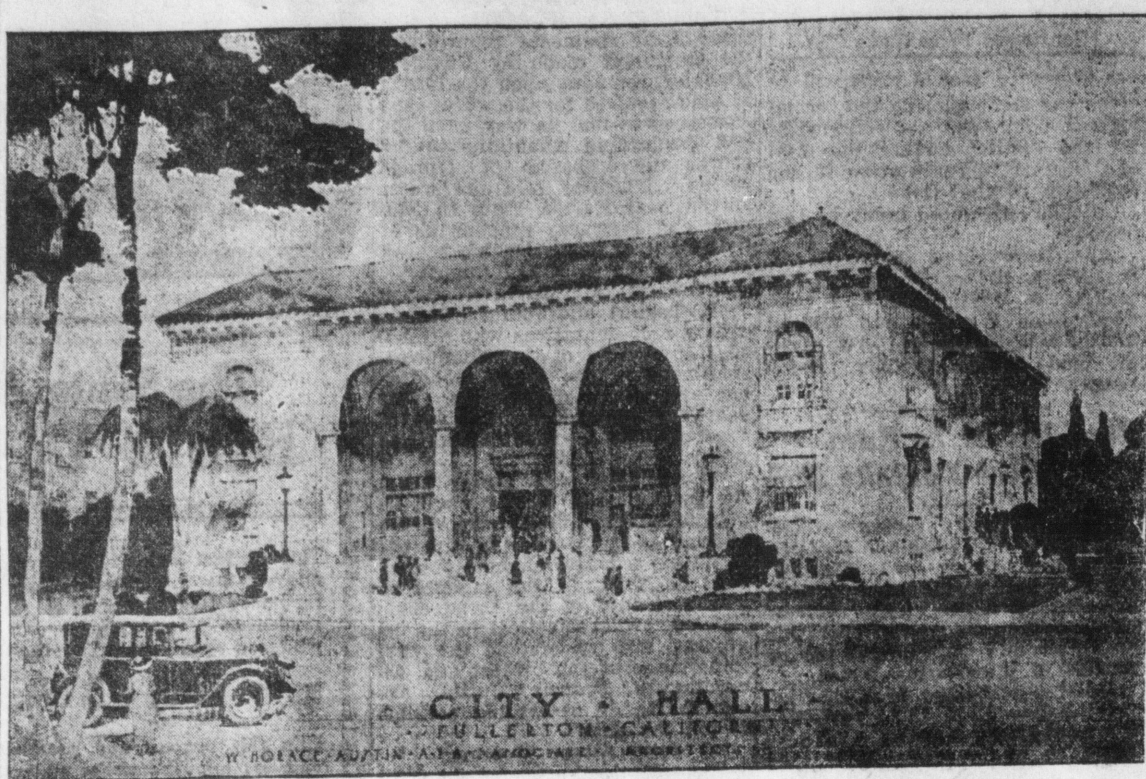

CANNED HEAT FUND RECEIVES SET BACK

FULLERTON, May 25.—When William Jones, erstwhile mendicant and alleged sufferer from an incurable disease, appealed to a member of the local police force to swell his fund for a "cure" he forgot to inquire as to the profession of the man he solicited. In police court it was developed that Fullerton people had donated \$4 for his "cure" which, evidence showed, consisted, for the most part, of what is known as "canned heat." He will cool off in the local bastille for a period of a month.

STARTS HAY BAILER
TALBERT, May 25.—S. E. Talbert started his hay bailer Wednesday, testing out the machine in his alfalfa patch. Thursday the outfit moved to the D. E. Jesse ranch returning Friday to the Talbert crops.

Basketball supplies at Hawley's.

Fullerton's New City Hall

This is the architect's drawing of the \$200,000 city hall which is to be built just north of the California hotel in Fullerton. The city council already has \$81,000 set aside for the building and the remainder will be raised by bond issue. The building will be, by far, the best of its kind in the county, Fullerton people say. Construction is to begin in June.

CLUB OFFICERS AT BEACH ARE GIVEN DINNER

LAGUNA BEACH, May 25.—Mr. and Mrs. Joseph Thurston entertained with a dinner for the officers and chairmen of committees of the Community Club, and their husbands and wives, at the Tea and Tiffin Wednesday evening.

Guest List
Among those who partook of the Thurston's hospitality were: Madame Ann Dare, guest of honor; Elmer E. Jahraus, president of the Community Club; Mrs. A. G. Walters, Miss Walters, Mrs. Alice Wakelee, Miss Josephine Hillis, Miss Annie Gayne Peake; Mr. and Mrs. Joe Skidmore, Mr. and Mrs. F. D. Pettis, Mr. and Mrs. E. M. DeAhna, Miss Jeanne DeAhna, Mrs. Jack Powers, Mr. and Mrs. William Griffith, Mr. and Mrs. Rankin; Mr. and Mrs. Floyd Case, Miss Davis, Mr. F. W. Cuprien.

Mrs. Thurston addressed each officer and chairman in rhyme, couched in words suitable to the position held by the person addressed and was answered by each.

The long table was adorned with beautiful rust colored glass.

Mrs. Floyd Case and F. W. Cuprien added to the pleasure of the evening by their piano playing; Mr. Cuprien giving some of his own compositions.

Mr. and Mrs. Thurston gave the dinner to show their appreciation of the work that has been done by the Community Club in general and especially to Madame Ann Dare for her splendid work with the Community Players.

A splendid entertainment was given at the Lynn theater Monday evening under the auspices of the Laguna Beach Parent-Teachers' Association.

The pupils of the school took part in the program and their performance attested to the excellence of the training they have had at the hands of their teachers, Miss Seaman, Miss Blake and Miss Madden.

Their songs and dances were received with great applause, especially the balloon dance, which was a riot of joy and color, with Rosie Verdugo as a most sprightly, long eared rabbit.

Doris Messinger and Margot Sangster, pupils of Mrs. Edna Lee Rider, each gave a charming interpretive dance.

The evening's entertainment was closed with the showing of the film "School Days."

Mrs. Florence Dobbins has opened her summer home on the cliffs overlooking Abalone Bay. She is accompanied by her friend Mrs. Hamilton.

Harriet P. Spaulding of Los Angeles and Stella Knight Ruess of Palisades Park, New Jersey, are visiting Mrs. Heppenstall and her sister Miss Hounsell at their home on Laguna Cliffs.

Arthur Sibolt, Los Angeles artist, accompanied by Mrs. Sibolt and Mrs. Louise Sibolt, Mrs. J. P. Sibolt and Mrs. G. A. Hansen of San Diego, was in Laguna Monday.

Mr. and Mrs. Alfred J. Dervey of New York City were recent Laguna visitors.

Cordelia Wilson, artist of Taos, New Mexico, was in Laguna Tuesday, with Mrs. J. G. Kilpatrick of Denver, Colorado, and E. F. Bagley of Los Angeles.

Miss Wilson has lived in Taos for eight years, but is considering coming to California and came down to look Laguna over, with the idea of settling here at least for the summer.

Frances K. Headly, formerly with the Southwestern Museum, Los Angeles, has been appointed curator of the art gallery for the coming summer.

Mr. G. H. Amerigo of Fullerton is planning to erect a two storied brick building on Forest Avenue, opposite the Laguna Life office.

Fords are coming into their own again in Laguna; Mrs. Roy W. Peacock and Miss Jeanne DeAhna have each recently acquired a coupe of that well known

Talbert Livestock Missing This Week

TALBERT, May 25.—The disappearance of livestock in this vicinity during the past week seems rather mysterious, four head which were "lost, strayed or stolen" during that period not having so far been located.

Last week Mr. Worthy found two of his mules gone and Thursday morning of this week Sam Talbert missed two horses from his barn. Talbert thought at first the barn door might not have been securely fastened and the animals let themselves out, but no trace of them can be found, giving rise to the conjecture that their absence may not be attributed to accident alone.

LIVE NEWS NOTES OF ORANGE FOLK

ORANGE, May 25.—Word has been received of the birth Monday of twin baby girls to Mr. and Mrs. Earl Thompson of Morgantown, West Virginia. Mrs. Thompson was formerly Miss Anna Cookman, daughter of Rev. W. W. Cookman, former Methodist pastor here, and had many friends among the high school faculty and students. Mr. Thompson is of international fame in the athletic world. He is a coach at the West Virginia University, but formerly resided in Long Beach.

Word was received here of the death in Terra Bella, this state, of Norma Leona Gerdies, baby daughter of Mr. and Mrs. Fred Gerdies, who passed away Wednesday night at 6 o'clock. Mr. and Mrs. Otto Ristow and Mr. and Mrs. Oscar Ristow left to attend the funeral tomorrow. The baby was two years old and death was the result of summer complaint. Mrs. Gerdies was formerly Miss Emma Ristow.

Mrs. C. N. Ellis leaves this evening for a two months' trip East. She will visit relatives in New Mexico, South Carolina, New York, Boston, and other points. On her return she will visit in Missouri, join her mother in New Mexico and who is visiting there at present, and also visit in Denver.

Mrs. Margaret Hubbard of Ontario has been a guest in Orange since Tuesday of her sister, Mrs. M. O. Ainsworth. Mrs. Harry Strickland and Mrs. Charles Columbia. She will remain until Sunday evening.

Mrs. Ella Tufts of Phoenix, Arizona, is visiting her sister, Mrs. E. Bacon, at the home of Mr. and Mrs. J. E. Park of East Maple avenue. She leaves soon for San Diego.

TWO WOMEN WIN IN WILSHIRE DRAWING

HUNTINGTON BEACH, May 25.—Mrs. H. J. Glockner, 516 Tenth street, and Mrs. Clark H. Reid were the winners in the drawing for the lots in the Wilshire tract which was held here this week. Besides her lot, Mrs. Glockner was awarded \$3000 toward the erection of a home. Mrs. Reid won the lot alone.

YOUNG SURVEYORS SELECT MODJESKA'S

FULLERTON, May 25.—Headed for Modjeska's home eight members of the Fullerton junior college surveying class with their instructor, Glen Lewis, will leave this city next week on a research trip of four days. Because of the fact that the Y. M. C. A. will construct a plunge near the Orange county home of the world famous actress in the Forest of Arden the class altered plans to visit the school cabin at Arrowhead lake and chose Modjeska's. The students will practice surveying on the hills surrounding the home and study the topography.

HUNTINGTON BEACH WILL RUSH PAVING

HUNTINGTON BEACH, May 25.—A special meeting was called by the city trustees last evening at which it was voted to build the new Huntington Beach boulevard of four and a half inch concrete base and one and a half inch "Warrentite" top dressing. The city engineer was instructed to have the specifications ready next Monday evening at which time a resolution calling for bids will be passed. It is the intention of the board to have this work rushed so that it will be completed as soon as the boulevard from Long Beach reaches the city limits.

Huntington Beach Lions at their meeting voted 110 per cent to attend the State Convention of Lions of California in Santa Ana and will be in session until Saturday evening. Five delegates and five alternates were elected to represent the club, which has fifty-three members. A dinner and ball will be held at the Virginia in Long Beach Saturday evening.

Red Wire Worms In Chili Fields Kill Out Plants Quickly

TALBERT, May 25.—The chili ranchers are suffering a heavy loss through the inroads of the red wire worms which are killing out the plants rapidly. The young, tender plants are the ones upon which the worms work mostly, eating the hearts.

In some instances as much as one-half of the crops are ruined in this manner and the ranchers in such cases are planning on plowing them up and replanting to some other crop. The wire worms are also infesting the young corn and one rancher in pulling up a stalk of it found five worms in the one hill adhering to the root and snapping out all the life.

Rev. and Mrs. S. C. Bockmon, son, Glenwood, and daughters, Catherine and Gladys, Dorothy Rogers and Arkle Brock spent Thursday evening in Santa Ana at the home of Rev. and Mrs. B. E. Glazner where they listened to a splendid radio concert.

Workmen from the Holly Sugar company's plant are repairing beet dumps along the local Pacific Electric line getting all in readiness for the opening of the beet season.

Fulsom and Talbert who have been using the Talbert drainage district's steam shovel on the Chula contract on the sewer line have also leased the Westminster drainage dredger and are now digging ditches on the section of the line allotted to D. E. Ford. This dredger is commencing work at the septic tank and will continue the work on to Santa Ana. The dredgers are used both for excavation and filling in purposes on the pipe line.

Special Sermon for Members of Legion

FULLERTON, May 25.—The services here May 27, Memorial Sunday, will center around the patriotic sermon to be delivered at 11 o'clock in the morning at the local Christian church by Rev. Walter Thornton. The service will be under the auspices of the local post of the American Legion. The Christian church choir will provide special music. All former members of the armed forces of the United States in the late war and others who have defended this nation in battle as well as the general public, are invited to attend. Plans are now virtually complete here for the proper observance of Decoration day, May 30.

SCORE OMAHA NEWSPAPER
FREMONT, Neb., May 25.—The Henry Tieglar, Jr., post of the American Legion went on record with a resolution condemning the Omaha World-Herald for the publication of a picture of the German officer purported to have slain Quentin Roosevelt in the World War. The Legion's action also took exception to the item accompanying the picture, playing up the German aviator's ability.

Nurses registry opened to public. 720 W. 5th, Phone 1530.

FULLERTON CLUB IS AFTER HOUSE

FULLERTON, May 25.—The Ebell club of this city is hankering for a club house and according to an announcement made today will attempt to build one here in the near future. The matter is now being seriously considered and is said to have received the support of those who feel the need of a community center such as the Ebell club house would be designed to fill.

Irvine People to Picnic on June 9

IRVINE, May 25.—The annual community picnic will be held at Orange County park on June 9. All are asked to bring a basket lunch. Hot coffee, ice cream and lemonade will be served free by the P. T. A.

Thursday afternoon, May 31, an exhibit of school work done by the pupils of the local school will be given.

Mr. and Mrs. R. A. Smith and daughter, Marguerite, spent Sunday visiting in Santa Ana. Miss Kathleen Ahern spent the week end visiting relatives in Anaheim.

Here it is!

The Army and Navy Dept. Store

GREAT UNLOADING SALE of CAMP GOODS

COME BUY SAVE

and now comes an event that means a Big Saving. We are heavily overstocked on camping supplies as we bought on the low market and were tempted to overbuy. THE HIGH SCHOOL PROPOSALS

Whether one agrees with all of the proposals that have been made by some of the school authorities for changing some of the ways of doing things at the high school, the fact remains that most of the proposed regulations have sound sense back of them.

Primarily, a high school is conducted for the purpose of instilling learning and character. Physical exercise, recreation and amusement have their place, but none of these should be allowed and cannot now be allowed to interfere with the orderly conduct of the high school.

Student control of student affairs is just like any other control; it depends on the student administration. It's like a police department; its efficiency depends on the activity, sound sense and enterprise represented in the chief and the commission. Sometimes we have a poor police department; sometimes we see a city government poorly conducted; sometimes we have a good government under student control and sometimes we do not. The matter to be decided in relation to student control is whether the good that comes from allowing students to conduct their own hearings when the students in control are active, common sense students, is not more than offset by the harm that comes to good order and ideas of good order when the students in control haven't the punch or the character to put the thing over.

So, we will find advocates of student government in high schools, and we will find others who consider it a lamentable failure. Santa Ana high school has endeavored to steer a middle course, allowing student control under strict supervision. Principal Hammond, we believe wisely, has adjusted the rules to meet student ability and student leadership available. This method has had its drawbacks, as well as distinct merits. Numerous students have gotten the idea that faculty advice has been an interference with their personal liberties, when, as a matter of course, the student had no liberties in the matter other than those granted to him with the hope that giving him those liberties of self control would help develop his individual character and his individual understanding of government in general. Student control is not a student's right. Absolute control of the schools is vested by the public in the school authorities, and students might as well learn that at once and rid themselves of the notion that something is to be taken from them in case Principal Hammond and the school board should decide that Santa Ana high school can get along without the system now used, just as it got along very nicely without it some years ago.

The suggestions that have been made for doing away with athletic contests on school days and with "rube" days and "circuses" have been made with the belief that those affairs detract from the routine work of the school. They tend to create a feeling of unrest. Students getting ready for a "circus" think of nothing but "circus" for days. "Rube" day atmosphere permeates the school for a week.

It is not to be expected that student judgment is mature—though that is something that some students cannot understand. "Rube" day and "circus" stunts require some degree of regulation to prevent immature minds, overcome with the hilarity and daring opportunities of the occasion, from going beyond the bounds of reason, and at times, decency.

If, among school authorities and the public generally, a sentiment against these affairs exists, it exists by reason of excesses on the part of students. It exists among members of the faculty who see the high school work of the students as a job to be accomplished and not as a long continued picnic.

It is not proposed to do away with all social functions at the high school. Far from it. As we understand the idea back of the suggestions that have been made, it is proposed to hold functions of all sorts down to the point where they do not interfere with the purpose for which the schools are conducted. It is costing the taxpayers of Santa Ana several hundred dollars a day to conduct the high school. The keen desire on the part of students for a hilarious good time and for a rousing big athletic meet during school days is balanced against the keen desire of the taxpayers to get their money's worth every school day of the year. The failure of the student body to get this viewpoint and the tendency of students to develop distorted notions about personal liberties supply the reasons why school authorities have had to place a limit on student government and raise doubts as to whether student government of any sort is the success that its chief sponsors everywhere think it is.

The proposal that school authorities keep students on the school grounds during the noon hour has resulted in misunderstandings. We are informed that at no time has there been any expectation on the part of Principal Hammond or of members of the school board that students who live near the school shall be refused permission to go home for their noon luncheon. So long as the high school cafeteria remains inadequately equipped, we doubt the advisability of putting this proposed rule into effect.

We can see very plainly that there is a decided menace in allowing students to run the streets during the noon hour.

At any rate, if the rule should be put in force, there is no occasion for an outburst against Santa Ana high school. It is a rule that has been established with uniformly satisfactory results in a number of high schools in Southern California. In some of them it was put into effect for no other reason than to prevent students from filling their stomachs at the noon hour with great quantities of soda pop, cheap candies and "hot dogs" of more or less ancient manufacture.

It should be kept in mind that "rube" days and "circuses" have not been done away with, that the noon hour rule has not been put into effect, that athletic meets on school days have not been abolished, that student body control has not been abolished. Proposals have been made by school authorities that these things be done, and the matters are up for discussion. The Register's own opinion is that all or nearly all of the proposals can be put into effect with decided advantage to the orderly conduct of the high school.

MEMORIAL DAY

It is fitting, indeed, that business should be suspended on Memorial day, and the Santa Ana Merchants & Manufacturers' association is to be commended for its decision that it shall be so in this city. But there are things other than business that should be suspended on Memorial day if its true character is to be preserved or restored.

Mayor Julius Tisch of Grand Rapids, Mich., has the proper conception of how Memorial day should

be observed. In his proclamation the Grand Rapids mayor calls for solemn observance of the day. He urges that all sports or programs of contests be eliminated for that day and occasion. He suggests that bells be tolled for a brief period at noon when citizens are asked to stand with uncovered head.

This would make Memorial day impressive indeed. This is as little as the people can do to show respect and reverence and grateful appreciation to the heroic dead. It is to be hoped that in all communities in the land the observance of this day may be put upon the solemn, sacred plane urged by the mayor of Grand Rapids.

Open Season For Booms

San Bernardino Sun.
Look at Congressman Cordell Hull, of Tennessee. Washington dispatches state that Mr. Hull has nipped in the bud the effort to make him a Democratic Presidential nominee.

Detractors may assert that they had never heard even the slightest rumble of the Hull boom. But that proves nothing. Some of the deadliest of animals strike without warning. Mr. Hull, the understanding is, crept stealthily behind his ferocious boom, seized it firmly by the nape of the neck and shook the daylight out of it. For this exploit he deserves all praise.

But there is more to be done. More heroes must volunteer for boom-destroying work. The Republican peril is not so great, as only two booms have thus far come out of their lairs. Senator La Follette's candidacy against Mr. Harding can be taken for granted, and Governor Pinchot, of Pennsylvania, is making no effort to stop his State employees from sounding his praise.

In the Democratic party, many booms and boomlets are roaming far and wide. Mr. Bryan started the stampede for Representative Ayres, of Kansas. Senator Robinson has done nothing to flag the train of enthusiasm the Arkansas Legislature started across the country in his behalf. He probably knows Arkansas trains.

Two distinguished Ohioans are speaking here and there. They are John H. Clarke, former justice of the Supreme Court, and a Mr. Cox, of Dayton, who ran for something a few years ago. In the east modesty seems to prevail. Senator Copeland, of New York, and Governor Silzer, of New Jersey, are being boomed, but for the vice-presidency.

It will be the open season on booms from now on. Mr. Hull has done well, in slaying one early.

Origin of Vacation

Riverside Press.
What is the origin of the institution of vacations and the length of time allotted to them?

The above question would make a good conundrum to be used in almost any company. It is not likely any one will speak up hastily and give the answer.

Consultation of many tomes, card catalogs, libraries and periodicals yesterday failed to bring an answer.

Early in the history of this country congress and the president established vacations for themselves because they were apt to catch fever in Washington during the summer months. This provided, too, a convenient excuse for getting away to mend fences.

For a long time in history the only recorded recesses or vacations were those caused by the adjournments of courts, when the judges took a rest; or by the temporary absence of religious or secular rulers from their seats of office.

Holy days and religious festivals for centuries have obtained surcease from labor for ordinary mortals.

When the "two weeks with pay" were instituted in American universities and remained to be studied and recorded by some scholar of massive intellect and unlimited time and ambition.

Though the history of such a custom is strangely lacking, there is in the libraries plenty of comment on the desirability of such periods of rest and recreation. Within recent years industrial engineers and business experts have written about vacation time just as solemnly and seriously as about any other field bearing on business efficiency.

Give the Schools Time

San Francisco Chronicle.
It is notoriously true, as Professor Charles Mills Gayley says, that American universities are obliged to spend a good part of their time teaching fundamentals that students should have learned in the lower schools.

Even at that plenty of students are graduated from American universities without knowing how to write an English sentence, or to use the rule of three, or even to spell.

But whether this is a ground for wholesale indictment of American schools is another matter. Why blame the schools when they may be doing the best they can in the face of conditions?

In a very few years we have attempted to develop distorted notions about personal liberties supply the reasons why school authorities have had to place a limit on student government and raise doubts as to whether student government of any sort is the success that its chief sponsors everywhere think it is.

Good For U. S. and Mexico

Pasadena Star-News.
Good will predicated upon good faith in their treatment of each other and of each other's nationals, is the basis upon which the United States seeks to come into full diplomatic relations with Mexico.

Charles B. Warren, one of the good will delegates appointed by President Harding to represent the United States in the conference with Mexican envoys, which has just opened, expressed the sentiment that "there can be no compromise on the fundamental principles essential to international business; to do so is to invite a situation that will prevent the economic co-operation which will be beneficial for the two countries." Mr. Warren went on to assure the Mexican envoys that "we are here to prove that the United States wants to be a good neighbor to Mexico and are only anxious to bring about conditions that will make this possible."

This is the proper and laudable spirit in which to approach this important task. The United States should demonstrate to the Mexican government and people that it wants nothing but that which is fair, reasonable and equitable. But nothing short of this will or should satisfy the government and people of the United States.

Again, the Careless Smoker

Redlands Facts.
It is too bad that there is not some way to train the urbanite in the rules of the outdoors and the campfire, just as he must learn, for the safety of life and property, the traffic and sanitation laws of the city.

He should know that it is wrong to throw down a lighted match or cigarette in the forest as well as he knows that he must not throw tin cans and old clothing into the street at home. He should learn the etiquette of the forest as he does that of the drawing-room. In both cases, certain things are or are not done by those who know. The smoker would not throw his match or cigarette stub, or empty his pipe ashes, on his host's rug or table cover. That would be a gross violation of social custom, and, besides, it might damage the furnishings. What same smoker, though, will toss a burning match or knock the ashes from his pipe on the floor of his host, the forest, where it endangers not only property worth millions but human lives as well, without thought of the consequences.

The Dub

What is Purpose?

Fresno Republican

There was once a sculptor of powerful talent and a painter, an ethnologist whose collections are preserved in a great European museum and are regarded by scientists as invaluable, a remarkable linguist, a novelist, poet and able civil engineer; this man studied medicine, specializing in diseases of the eye, and by name and reputation while yet a student was known to the foremost scientists of the world.

He was a Filipino.
He exposed the fraud and system of terrorism by which the Spanish were governing the Philippine islands. He suffered persecution, imprisonment and exile, and finally was shot.

There seems to be no question about the degree of Jose Rizal's talent, nor the probability of his being successful in his efforts for his fellow men, as a scientist or as an artist, or as a practitioner of healing.

Instead, he devoted himself to his fellow men. His last poem is a textbook of effort for submerged peoples.

What is purpose? How can it be measured? How can it be built up, or regulated, or attained?

Can we really know anything of it except that it flies, full fledged, out of the high heavens, to illuminate the little needs of men?

Worth While Verse

TODAY

This solid time, this firm Today.
We compass in our clasp,
Springs from an insubstantial pair
No mortal hand can grasp.

For when the clock's long finger points
The ghostly hour of morn
An Echo and a Shadow meet,
And so Today is born.

The echo is of yesterday,
The laughter and the sigh;
The tumult, song and hammer stroke,
The groan and bugle cry.

The shadow is the looming shape.
Tomorrow casts before,
The coming half-unknown event
That challenges our lore.
—McLandburgh Wilson in N. Y. Herald.

Time to Smile

IDENTIFIED.

We—"Who is that fellow with the long hair?"
She—"He's a fellow from Yale."
We—"Oh, I've often heard of those Yale locks."—College of the Pacific Weekly.

THE LAUGH NEATLY TURNED.

"Who is there, cried the impassioned orator, 'who will lift his voice against the truth of my statement?'"
Just then a donkey on the outskirts of the crowd gave vent to one of the piercing "he-haws" of his tribe.

TOO MUCH KNOWLEDGE.

"My wife doesn't understand me."
"You're lucky."
"Huh?"
"Mine knows me too well."—Detroit Free Press.

REASON.

Ethel—I don't see how she managed to live with him so long before starting divorce proceedings.
Clara—Oh, she was merely waiting until he could afford to pay her alimony worth while, my dear!—From Judge.

DIPLOMACY.

"The boss has invited me to play golf with him next Saturday."
"Is he a good player?"
"He's going to think he is before the day is over."—New York Sun.

FULLY EXPLAINED.

Traveler—"I often wondered why the English were such tea-bouddies."
Friend—"Yes?"
Traveler—"Yeah, but I know now. I had some of their coffee."
—Awgwan.

WILL POWER

"I've just been reading about the power of the will. It's a wonderful thing!"
"Indeed, yes. I know of a will that makes seven children and twenty-two grandchildren behave themselves."—Dry Goods Economist (New York).

Little Benny's
Note Book

By Lee Pope

This afternoon I felt like not going back to school, and I tried to think up some good excuses while I was eating my lunch, thinking up some that sounded good to me only they properly wouldn't do to me, and after a while I said, G, ma, I feel awful funny.

You don't look any funnier than usual, my sister Gladis said.
Who asked you? I said, and ma said, How do you mean, funny?

Well, funny, I said. Not funny enough for medicine, jest funny enough to stay home this afternoon, can I, ma? I said.

Certainly, ma said.
Me thinking, G, herray. And I said, Ill jest stay in the house quiet, and after a while maybe Ill feel all right enough to go out.

Well, no, I think good fresh air is the best thing for you if you don't feel well, ma said, and Ill I said, Do you mean I aw to go out rite away, do you mean?

Yes, fresh air and exercise, ma said. You'll get all the fresh air you want out in the yard, and for exercise you can dig up the weeds in the grass plot, goodness knows theres enuff of them to keep you bizzzy all afternoon, she said.

Me thinking, Aw, G, wat the heck. And I said, All rite, only I think Im feeling pritty good agen now, so maybe I think I better go to skool after all so as not to miss anything I wouldnt want to miss, wat do you think, ma?

Well, of course if you think you feel well enuff, but I dont know, on the other hand it mite be better for you if you stayed home and dug the weeds, ma said, and I said, Aw G, ma, I feel great now, I havent felt this good all week, I gess I better go to skool.

Well, all rite then, if you're quite sure youre all rite, but I dont know, ma said. And I quick finished my lunch and started back to skool, which wen I got half ways there I thart, G, I wonder if she did that on perpose.

IN THE LONG AGO

From the Register Files

MAY 25, 1909

When it is started next August, the Southern California Sugar company, located here, will begin distributing annually \$500,000 to growers and \$100,000 to mill employees.

Today, with the body of Madame Moskwa, Count Bozenta started for Poland. The body will remain in state in Chicago for several weeks.

In a side-canyon of the Santiago, a mountain townsite is being laid out by E. E. Burson, Los Angeles. The place will be called Modjeska Mineral Springs. Six springs are being developed.

A shower was given by Miss Della Parker at her home on Bush street for Miss Minnie Coates, Orange, who is to marry Will Wilson soon.

Eight are to enter the silver medal contests in the Y. M. C. A. They are Charles Martin, Lloyd Davies, Hugh Keech, Roy Elliott, Charles Ramsey, Leroy Warren, Merle Beaver and Ben Reiland.

The capital stock of the Southern California Sugar company was raised today from \$600,000 to \$1,000,000.

The tenth birthday of Charles Weston was celebrated at his home on West Washington.

Mrs. Mabel Vance has gone to San Diego to attend a state convention of osteopaths.

Narcotic Education Week

There are two ways by which to get rid of disease—one is prevention and the other is cure. The opiate addiction is a disease. This fact is thoroughly established and is generally recognized by the medical profession. It is high time that it be so accepted by the public and by those charged with making the laws governing the sale of opiates and the cure of addicts. This disease follows with absolute certainty upon the continued use of opium and its derivatives—morphine and heroin—and it requires their use from only six or seven days to two weeks to thoroughly establish the disease in the body of the user.

The disease is evidenced by the physical condition upon the withdrawal of the drug, which is followed by a train of alarming symptoms. The period of violent torture continues for not less than 36 hours and not longer than 120 hours; but during this time the patient suffers all the agony that is possible for a human being to bear and frequently dies while in the throes of this agony.

It is generally agreed among medical authorities that to take off the curse of dope through treatment of the habit when it is once established is an extremely difficult matter; once its fangs have fastened themselves upon the individual, the suffering that follows deprivation drives the user back to his drug. This course is made certain from the peculiar fact that a small dose of the drug brings at most instant and complete relief. This being the case, it would seem reasonable that the one way to successfully attack this rapidly growing menace is through education, and, of course, the time to begin this attack is in childhood.

Nearly all American children go through our schools without obtaining adequate information about these habit-forming narcotics and their effects on the human system. Ignorant of the exact nature of opiates and cocaine and of the fact that indulgence is inevitably followed by addiction, they accept the suggestions of those who are themselves secretly addicted, or who are engaged in the illegal sale of the drugs to secure relief from any temporary ache or pain that may annoy them, and thus unwittingly acquire the disease of opiate addiction.

We cannot expect our school children to learn what is not found in their textbooks, or concerning those things about which little or no instruction is given. To show that our textbooks are woefully lacking in the subject matter bearing on narcotics, the Narcotic Education association has made a survey of almost one hundred textbooks on physiology and hygiene used in the public schools throughout the United States. Out of the eighteen textbooks most widely used in high schools we contain nothing whatever about opiates. In the other thirteen less than two pages on an average is devoted to a consideration of the subject. If all the material in all the thirteen books were brought together in a single volume, one would get a fair conception of the effects of opiates and cocaine on the system, but when taken separately, as they must be in classroom instruction, they fail to give the treatment so serious a subject requires.

It is surprising, but true, that state laws have failed to compel this necessary education. Four states of the union have no laws whatever requiring the subject to be taught and thirty-one states have laws so indefinite that teachers of these states can omit all teaching of the subject without any infraction of law.

These facts are the reason for the existence of the Narcotic Education association, which holds, in the first place, that the spreading menace can be met and defeated only through education; in the second place, that this education must be in the schools; but, in the third place, it will never be re-

quired there unless public opinion is aroused to the necessity for it. To this end, they have called all agencies that create public opinion to engage in a week of education, commencing May 27th, believing that once the people from the highest to the lowest and the oldest to the youngest know the facts, there will be an instant response for the cure.

Already we have seen what education has accomplished in the case of tuberculosis, and because the consequences of drug addiction are fraught with far more horror than any other disease, with the possible exception of leprosy, the task of assuring its grip on the people should be the easier of accomplishment, for fear has no parallel as a deterrent, and mere recital of the facts in this case should be sufficient to implant lasting, safe-guarding fear in the minds of the young people.

The appeal to educate must be carried down through all industries and business as well as the schools. There is an economic aspect to this which ought to arouse every employer. There is a huge economic loss in this country, which uses more opium and its products than any country in the world, being an average of 36 grains per person, enough if administered in doses of one-eighth grain each to keep all the people of the United States under the influence of opiates for about 30 days in the year.

A conservative estimate of the number of addicts in this country is four millions, and the average spent per addict each year is \$200. This reflects the enormous increase in the cost of dope; it is now probably ten times that much. 25 per cent of these addicts are unemployed. This throws one million idlers upon public support, for the workers in the hive must support the drones. The federal government spends \$750,000 per year for the enforcement of narcotic laws, which takes no account of the cost of officers and courts and jails which is incurred by the states; besides, there is a huge cost in taxes to states and cities for the suppression and punishment of crime that results from the use of the dope, and the greatest of all losses is the inefficiency, the broken homes, the neglected children and the lost morals of the millions of addicts and their dependents. The strength and capacity of the nation depends, first, upon the physical fitness of its citizens and the foundation for this physical fitness can best be laid, as has already been shown through experience, in the public schools and through universal education of public opinion. Because of this the Narcotic Education association points the way to the best and perhaps the only possible solution to this serious problem and it reasonably commands the interest and support of all who wish well for their country and their fellow man.

Government Hunters

Many predatory animals are caught in their den by government hunters who are experienced men sufficiently fearless to work their way through narrow, dark tunnels and attack wolves, coyotes or mountain lions at close quarters. They usually get the adult female and a number of pups. Out of 1791 animals taken in Montana during 1922 by predatory animal hunters employed by the biological survey of the United States 348 were taken in dens, 969 were trapped, 144 shot, 101 poisoned and one snared. Dogs were employed in taking 138. Skins and skulls of all the animals secured were turned in to the district office of the bureau as evidence of capture. The number included 1544 coyotes, 55 bobcats, 56 wolves, 38 lions, 17 bears and 84 miscellaneous animals.—From Department of Agriculture Bulletin.

ADVENTURES
OF THE TWINS

by Olive Roberts Barton

NO. 14—PAINTING RADISHES

Everybody down in Raggy Land was very busy.
And you'll never guess what they were doing.

Painting!
Nancy and Nick and all the little Raggies, including Mister Tatters, were dipping paint brushes into buckets of red paint and painting.

They were painting queer-looking little things—and all over a little point that stuck down, and they smelled like radishes.

They smelled like radishes because they were radishes. That's what the Raggies were doing, coloring the radishes nice and red, and giving the radishes a sassa-patch garden.

The sassa-patch garden being overhead, the radishes stuck down through the ceiling in Raggy Land underneath, in long even rows, and the Raggies had to reach up to work.

At first they had only been little

slender things like strings. Then each day they got fatter and fatter until they were as round as marbles.

That's when the painting began. The Twins, who were as small as the Raggies themselves, having their magic shoes, worked ever so hard. Nick had just about finished one of his rows when Rag Tag, one of the Raggies, yelled, "Oh, look!"

Just in time, too, for an army of cut-worms, attracted by the smell, had decided to make a lunch of the radishes, and had poked their heads through the ground.

It took the Raggies several minutes to drive them away with broom handles. But at last every one of the cut-worms was gone.

"My!" said Nancy, "I don't believe Farmer Brown knows how much obliged he should be to the Raggies!"
